T. ALFRED LOVE, Manager.

SATURDAY, JULY 2, 1910

Although it might have been expected that the proposed Canadian navy would look insignificant in the eyes of those in the Mother Country, as the Opposition would have us believe, such is not the case. The London Standard says: "We in this country can feel nothing but admiration for the zeal and promptitude with which Canada has entered upon the great enterprise of establishing a navy." The Standard adds that it is glad to see that some of the vessels are to be laid down in Canadian yards.

The forestry department in the west is doing its best to overcome the treelessness of the great prairies. Last year in the Prairie Provinces, no less than 3,000,000 young trees were set out, and this year the tree distribution is going on upon the same scale.

It's now a tossup whether Halley's comet or the Johnson-Jeffries fight got the most free advertising. The comet was a fizzle and the fight—well, it has the earmarks of a clever moving picture money-maker.

The best way to build up a town is to stand by every man who does right. Whenever a man is doing well do not tear him down. All residents should be partners, not opponents.

What growing times in Canada. The Dominion census bureau gives area of wheat to May 31 in Canada as 9,895,000 acres, or 1,554,000 more than last year.

The Scott Act is to be tried in British Columbia. With recollections of Scott Act days in Ontario, failure stares the movement in the face.

Asaya-Neurall
THE NEW REMEDY FOR
Nervous Exhaustion
Whipping an exhausted nerve system with alcoholic stimulants only shortens the road to physical collapse. The only remedy is Food, Rest and nerve repair. "ASAYA-NEURALL" is and makes possible this cure. It feeds the nerves, induces sleep, improves the appetite and digestion; and soon full nerve vigor is regained. \$1.50 per bottle. Obtain from the local agent.

JOHN LOVE.

Boundary Constableness

It is generally conceded that the Boundary has now an alert and active squad of provincial police who have been giving a good account of themselves in rounding up any criminals that may venture within the territory. That the same opinion of them is held by our cousins across the line is evidenced in the following taken from the Oroville Gazette:

That popular Canadian officer, C. J. Bunbury, of Greenwood, was in town Sunday, accompanied by G. W. Aston and Jas. C. Kempston, brother officers on the Canadian force. Mr. Kempston is from Midway, and Mr. Aston will be stationed at Fairview. Alert, active, fearless men are these Canadian guardians of the peace. They were down here patrolling the border, and got wind of two crimes that will keep them moving until the offenders are run to earth. Friday night the postoffice at Okanagan Landing was burglarized. This crime was committed outside the jurisdiction of the gentleman named, but the news put them on the qui vive, and they will not fail to pick up the offender if they set their eyes on him. Sunday they received word of a crime of more serious nature, committed at Princeton that sent Messrs. Bunbury and Kempston scurrying to Keremeos Monday morning.

BOUNDARY & KOOTENAY 1909 ORE RECORD

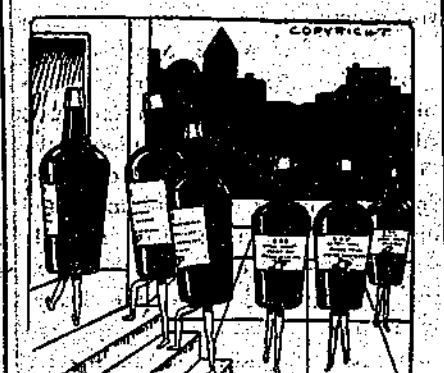

Shipments and Smelter Receipts For Year to Date.

Ore shipments from the various mines of Boundary and Kootenay, and the receipts of ore at the smelters of Southeastern British Columbia for last week and for 1910 to date are as follows:

SHIPMENTS.	WEEK.	YEAR.

Romance Not Yet Dead.

Those who believe that the romance of British Columbia passed with the Cariboo and the Atlin gold rushes, require for their disillusionment just such a trip as the trial run of the G.T.P.'s new palatial steamer, Prince Rupert, which was completed on Sunday, afforded. For six days its passengers had on every hand the evidences of the development of the new north, which is giving to the upper portions of the province all the thrill and glamor which in the old days attended the search for, and the discovery of gold.

Aerial Dreadnaughts

A London despatch says: In a few weeks' time the largest, fastest and most powerful airship in the world will be launched at Barrow. This leviathan is the first airship ever constructed for the British Navy and it is the forerunner of a fleet of airships which are to be the Dreadnaughts of the air.

Queens Auction August 1

In consequence of the crowded conditions and urgent demand for building lots at Quesnel, the government has decided to auction the remaining lots in the old survey (some 150 in all) on August 1. These lots are 132 by 66 feet in area, and are the only available properties in this Cariboo town, now teeming with business as the base of the exodus into New Cariboo.

NOTICE

COURT OF REVISION

Notice is hereby given that the first sitting of the Annual Court of Revision of the Municipality of the City of Phoenix for the year 1910, will be held at the City Hall, Phoenix, B.C., on the 18th day of July, at 2 o'clock in the afternoon, for the purpose of hearing and determining complaints against the assessments, as made by the assessor, and for revising and correcting the Assessment Roll for 1910.

H. HARTLEY,
City Clerk.
Dated at Phoenix, B.C.,
this 18th day of June, 1910.

TETTER
ECZEMA
Etc.
NYAL'S BLOOD
PURIFIER
Has No Equal

NYAL'S BLOOD PURIFIER means pure blood. Try it and you will be convinced.

Boils, sores, pimples, skin diseases and rough skin indicate impure thin blood. Nyal's Blood Purifier purifies and enriches the blood, driving out the poisonous materials that produce such disagreeable symptoms. It is for the same class of diseases as those treated at Hot Springs.

Get a bottle at our store; we recommend it because we know what is in it—and every NYAL remedy is good. Price \$1.00.

Scaled Tenders addressed to the undersigned and endorsed "Tender for Steel Dredge for British Columbia," will be received at this office until 4 o'clock p.m. on Wednesday July 20, for the construction of a Steel Bow-Well Twin Screw Barge Loading Dredge.

Plans, specifications and form of contract can be seen and forms of tender can be obtained at this department, at the offices of J. L. Michaud, Esq., District Engineer, Merchants Bank Building, St. James Street, Montreal; J. G. Siny, Esq., District Engineer, Confederation Life Building, Toronto, Ont., and G. A. Keefe, Esq., District Engineer, New Westminster, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Tenders must specify time of delivery of dredge at Vancouver, B.C., free of all risks and charges.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the Honourable the Minister of Public Works, for twenty-five thousand dollars (\$25,000.00), which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender, NAPOLEON TESSIER, Secretary.

Department of Public Works,

Ottawa, May 31, 1910.
Newspapers will not be paid for this advertisement if they insert it without authority from the department.

COLUMBIAN COLLEGE.

Founded 1892—Incorporated 1893.
NEW WESTMINSTER, B.C.

Provides a Christian home for students of both sexes at moderate rates. Has a preparatory class for junior students, doing grade public school work. Does high school work, confers all high school privileges, and prepares for teachers' examinations. Teaches all branches of a Practical Business Course and gives Diplomas. Gives a liberal education in its Collegiate Course and in the Ladies' Course for M.E.L. and M.L.A. In University work, can take students through the complete Arts Course, and the degree of B.A. can be obtained from Toronto University, which the college is in full affiliation.

For fuller information and terms write Rev. W. J. Sippell, B.A., B.D., Principal; or Rev. J. P. Bowell, Bursar.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by:

Dr. Pierce's Favorite Prescription It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of the home. It makes unnecessary the disagreeable questioning, examinations and every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 31 one-cent stamps to cover cost of mailing only; or, in cloth binding for 50 stamps.

To St. Paul, Minneapolis, Duluth, Superior, and Kansas City. \$72.50 to Chicago; \$108.50 to New York; \$107.50 to Washington, D. C.—proportionate fares to other Eastern points.

Three Electric Lighted Trains

The Oriental Limited and Southeast Express—each an electric lighted through train to Chicago or Kansas City. The Fast Mail is another good train. All are built for comfort. Send for scenic folder East Over the Mountains, or come in and let's talk it over.

W. X. Perkins. Phoenix, B.C.

Bran waste is one great difference between good and poor flours.

The food part of flour is "protein." Protein makes bone, muscle and brain.—There is no protein in bran.

—bran is the outside part, the husk or "bark" of the wheat.

—bran is the part of the wheat which is absolutely without food-value to the human system.

—bran represents part of the difference between Royal Household Flour and whole-wheat flour or cheap, inferior flours that are poorly milled and not thoroughly purified.

No other flour in this country is so thoroughly and completely separated from the waste as is "Royal Household," because no other mills are so well equipped or exclusively devoted to the production of scientifically pure flour as Royal Household mills.

Ogilvie's Royal Household Flour.

PROVINCIAL.

Merritt has an auto livery.

Two Vancouver men have staked a mineral claim in Stanley park.

Michael Kotek was killed at Fernie last week while blasting stumps.

While excavating for a building at Rossland two men struck a good vein of ore.

New potatoes were dug at Penticton on June 4. The spuds averaged five to the pound.

It is estimated that the Nugget mines in the Sheep creek district could pay \$100,000 in dividends this year.

Movie claims to have more motor boats than any other town of its population in the world.

The university commission has completed its sittings and will have their report ready by Christmas.

Corbin's coal mines at New Michel are now supplying permanent contracts at the rate of 1000 tons per day.

After a slight—but temporary—eclipse, British Columbia is again coming to the front as a tobacco-producing province.

British Columbia's exhibit at the Sportsman's show in Vienna, Austria, has won six medals out of a total of twenty four.

Sir Wilfrid Laurier expressed his willingness to turn the first sod of the Second Narrows bridge during his visit to Vancouver in August.

A Chink cleaned out the depot at Castlegar the other day with sundry weapons and will now be given a chance in the provincial asylum.

Seven peers were created on June 23 in honor of King George's birthday, which was celebrated on the 24th although the King was born on June 3.

During the absence of Mr. McBride, Hon. W. J. Bowser occupies the triple position of premier, finance minister and attorney general of the province.

There are now eight eastern stars on the Vancouver lacrosse team, making it practically an eastern team to play against New Westminster in a frenzied effort to lift the Minto cup any way at all.

Rossland's citizens joined one day last week in an exciting chase after a brown bear cub which had strayed into the town, promenade the principal streets, and then succeeded in regaining its native hills.

Edward McKinnon had a thrilling adventure last week at Scotty Creek when he endeavored to capture alive a wounded eagle. The bird attacked with beak and claws, and will leave permanent marks on its would be captor.

The Montreal lacrosse club will arrive in Vancouver on the anniversary of the Battle of the Boyne. That historic battle was only a skirmish compared to the engagement they will take part in when they attempt to capture the Minto Cup at Queen's Park.—Province.

To Encourage Mining

The incorporation of the Vancouver Mining Exchange company by a number of prominent business men of Vancouver who are directly interested in mining, or recognize the great future of the industry in British Columbia should be attended by gratifying results, and cannot fail to obtain the co-operation and assistance of all companies and mining men throughout the province. One of the objects of the exchange, quite apart from the actual transaction of stocks, is to establish and maintain an up-to-date exhibit of ores from all the principal mines and new discoveries made in British Columbia.

Nugget Gold Brick

It is understood on good authority that the Nugget mine shipped this week its twenty fifth gold brick. The four stamp mill has been running continuously for many months. It is believed that the record it has made as a producer has never been equalled at any gold camp in America.

A well known mining man who recently went over the entire Sheep creek camp predicts that it will be the best free milling gold camp in America. Important development work was going on at all the properties visited—more especially the Mother Lode, Nugget and Summit—and everything was looking well.

Masonic Grand Officers

At Cranbrook last week the following were elected officers of the Masonic grand lodge:

Grand Master—E. B. Paul, Victoria.

Deputy Grand Master—F. J. Burd, Vancouver.

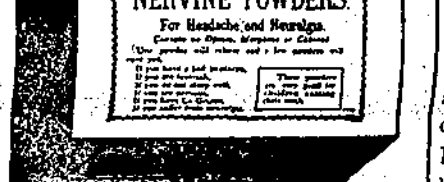

Grand Senior Warden—A. H. Skey, Kamloops.

Grand Junior Warden—J. M. Rudd, Nanaimo.

Grand Chaplain—Rev. H. G. Fienness-Clinton, Vancouver.

The grand lodge will meet at Victoria next year.

The recently issued prize list for the Vancouver exhibition which takes place in that city from Aug. 15th to 20th, shows that Vancouver proposes to make this fair the greatest in the history of the West.

B. C. MINING

The Consolidated's Centre Star mine at Rossland employs 425.

A party is working the placer ground at Surprise Rapids on the Columbia River.

A dividend of 50c a share on Le Roi No. 2 stock has been declared, and will be payable on July 8th.

John Tierney, of Nelson, has bonded a group of claims on Bitter creek, in the Portland Canal district, with Nelson money.

Newton W. Emmens has instructions to lay out a tramway line from the True Fissure to Piper's ranch at Trout Lake, and is at work on the scheme.

At the Washington mine, above Guigau Basin, O. Olsen is in charge of the work, which is an extension of the Washington tunnel into the ground of the old Slocan Boy.

The Mollie Hughes mine, near New Denver, is under offer of sale to Vancouver men. Last year 385 tons of silver ore was shipped from the property to Trail smelter.

The Whitewater concentrator was started on its season's work early in June, and the following day the lessees of the Rambler-Cariboo mill resumed work on the ore dump at the old workings of the mine.

During last winter 180 feet of tunnel was driven on the Panama mineral claim, above Bear lake. Ore is now being got out and it is intended to ship a carload shortly. The claim is owned by H. Giegerich of Kaslo and associates.

The coal and oil excitement still continues in Matsqui, near New Westminster, and many applications for licenses to prospect for coal and petroleum in the vicinity have been filed. The land covered by the licenses is all in township 16.

A Craig has bought an interest in the Linson group at Canyon Creek at the foot of Trout Lake, and has a force of three men at work on development. The pay streak shows ten in. of ore which will run 150 ozs. silver per ton, 40 per cent. to 60 per cent. lead, and \$4 to \$8 in gold.

On the recommendation of Mr. Aldrich, manager of the Consolidated Mining and Smelting Company, Mr. Hornel, head of the mines department at Ottawa, has appointed W. R. Ingalls, of New York, to take charge of the Dominion appropriation of \$50,000 to be expended in ascertaining improved methods of treating the zinc ores of British Columbia.

The Silver cup mine near Ferguson, Lardeau, is again being operated after a temporary suspension. This has long been the most important mine in the Lardeau, and the only one year after year to maintain an output of ore that under ordinary conditions may be regarded as fairly large. Its output of first-class ore last year was 1631 tons of high-grade silver-lead ore, also containing gold.

The discovery of another coal basin is the topic in Princeton. It proves what has been generally conceded by geologists and prospectors that a succession of coal basins was formed by upheavals of earth along the east slope of Hope mountains. Outcroppings of coal from the recent find submitted to experts have been pronounced bituminous, but a thorough test will be made when a seam has been uncovered. Sixteen claims have been staked.

Another strike has been made on the Nugget properties at Sheep creek. A gold ore vein sixteen feet wide has been opened up for a distance of 450 feet and the average which the assay promises is from \$15 up to \$30 per ton. Besides this there is a streak some eighteen inches wide which carries about 7 1/2 ounces to the ton, valued at about \$150. The Nugget people consider this the most valuable find in the district, not even excepting the Mother Lode strike of a few months ago.

There is a hot campaign on in Manitoba. The thermometer registered 104 in the shade immediately following the announcement of the elections for July 11th.

PE-RU-HA CHEERFULLY RECOMMENDED FOR COLDS AND CATARRH.

A Prominent Canadian Gives His Experience With the World-Famous Remedy For Catarrh.

Chronic Catarrh Always Begins With An Ordinary Cold.

So Says Dr. Hartman, the Greatest Living Authority On Catarrhal Diseases.

THE first effect of a cold is a thickening of the mucous membranes of the nose and throat. This gives rise to a discharge, or at least a stuffiness of the nasal passages. Sometimes fever accompanies the first attack, also a feeling of languor, dullness and aching of the bones.

If no attention is paid to it, the mucous congestion is liable to spread down into the larynx, producing hoarseness and into the bronchial tubes, producing a cough.

Even when this occurs, many people pay no attention to it. Under such circumstances, the congestion is liable to become chronic, producing a condition of the mucous membranes known as catarrh. Catarrh lasts an indefinite time. Catarrh is essentially a chronic condition and does not leave except something is done to relieve it.

What should be done when a person catches cold is to take a few doses of Peruna.

Taken at the onset, Peruna would break up the cold and prevent all the train of symptoms which usually follow. But, even in cases where the cold has been neglected and hoarseness or a cough has developed, Peruna can be relied upon to give prompt and permanent relief.

The frequency of coughs and colds in the winter makes Peruna a popular remedy for these ailments.

A number of the best people of various countries have given testimonials as to the value of Peruna in such cases.

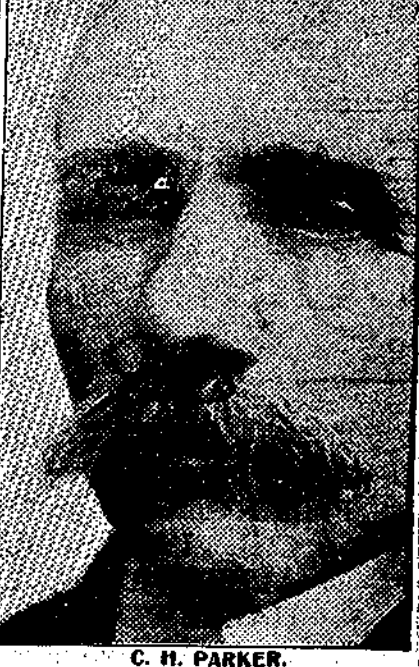

Followed Dr. Hartman's Advice—Restored to Health.

Mrs. Samuelle Vigneau, Avre au Berd, Isle de La Magdeline, Canada, writes:

"I write to tell you that I am perfectly well. I took only three bottles of your Peruna according to your advice and the directions in your book and it restored my health."

C. H. Parker, Ex-Warden of Compton Co., Quebec, has been mayor of Scottstown for a number of years. He is an influential resident in Scottstown and widely known.

He writes concerning Peruna. Read his letter below:

"I had several attacks of colds from time to time and finally a severe attack developed into catarrh."

"I was advised to use your celebrated catarrh remedy, and after taking three bottles I find myself completely cured, and I no longer suffer from catarrh or colds."

"I can cheerfully recommend Peruna for colds and catarrh."

If Peruna had no other medicinal value than the promptness with which it relieves common colds, it would be well worth while for any family to keep it in the house constantly.

W. A. MCKAY & SONS

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

Phone 12, the Cosmopolitan grocery. Jos. Black returned to Republic on Monday.

Lost—Bunch of keys; finder return to Pioneer for reward.

Miss Grace McKenzie is spending a week with friends in Greenwood.

Randolph Stuart of Greenwood was a visitor in the city on Wednesday.

H. W. F. Behnson, M.P. of Victoria, was in the city on Thursday.

Dr. McLean of Greenwood called on friends in town on Friday evening.

Expert watch repairing at Black's jewelry store; satisfaction guaranteed.

To rent, house on Ironsides avenue; convenient to mines; apply to C. A. Ross.

Fresh milk daily from the Phoenix Dairy for sale at Ellis' confectionery store.

Mr. and Mrs. C. E. Prosser left yesterday for Dixie, Wash., where they spend the summer.

The Sherry Musical Comedy company, the great fun makers, will be in Phoenix on July 8th.

O. B. Smith, superintendent of Granby mines, is on a trip to the Portland Canal district.

August Jackson of Rossland, who owns the Central hotel in Phoenix was in the city on Wednesday.

Rev. R. W. Hibbert and Mrs. Hibbert left Thursday for North Yakima, Wash., on a visit to friends.

J. A. Hartley, who recently left Phoenix for the coast, is now located in the jewelry business at Ladysmith.

Dr. R. A. Scott arrived in town Tuesday evening to become associated with Dr. Dickson in medical practice.

Song services will be held in the Methodist church on Sunday evenings during the absence of Rev. Mr. Hibbert.

John Seward, formerly local manager of the Dominion Copper company, returned to Greenwood on Tuesday.

John Tait is experimenting in the cultivation of the calabash gourd near Greenwood, having imported seed from South Africa.

The estimated amount of the receipts of the city of Grand Forks for the current year is \$57,015, expenditures, \$59,015.

The article re smuggling at Midway in our last issue was taken from the Chesaw News and unintentionally not credited to that paper.

T. McAstocker returned to Nelson Monday after a week's visit here with his brother, C. J. McAstocker. He has purchased a ranch at Christena.

The Phoenix school trustees visited Greenwood school on Tuesday and will probably model the new school in Phoenix similar to the Greenwood building.

If you are thinking of building or require building material of any kind—lumber, shingles, lime, brick—call on me for figures. Phone A44. C. A. Ross.

Mrs. John Swanson and family, accompanied by Mrs. P. J. Cook left Friday for their ranch near Curlew, Wash., where they will spend a couple of months.

Work on the new road to Central camp is progressing favorably. The right-of-way will soon be cleared and actual roadmaking has been commenced at the Hartford end.

The Grand Forks city council will petition the C.P.R. for a change in the company's running schedule in the Boundary, being dissatisfied with the schedule recently inaugurated.

J. F. McDougall returned on Saturday from a trip to Vancouver and other coast cities. Mrs. McDougall will remain at the coast for a couple of months.

Senator H. E. Kennedy of Seattle arrived in town Monday on a visit to L. Y. Birnie, and both gentlemen are now chasing the speckled beauties on the north fork. Mrs. Kennedy is the guest of her sister, Mrs. Birnie.

D. Whiteside of Grand Forks has been appointed district deputy grand master for the Boundary district by the Odd Fellows Grand Lodge. He will install the new officers of Snowshoe lodge on the evening of July 11th.

Danny Deane, Joe Thornton, Wm. Hughes, John Fallon, W. Moore and W. R. Williams attended a reception of the Grand Forks aerie, F.O.E., to their worthy grand president in Grand Forks last week. Mr. Williams presided over the toast list at a smoker.

A key on a ring was found in the opera house; apply at the Pioneer office.

J. S. Boyce leaves in a few days for a cruise of the north fork of the Kettle river.

W. VanWagener returned on Saturday after a trip of some weeks to Alberta.

Frank Knott and Miss Gertrude Knott of Erickson are visiting friends in town.

Brighten your rooms with wall paper now selling at reduced prices at A. Almstrom's.

Mrs. W. Hower and Miss Cora Dawson returned Wednesday from a trip to Spokane.

Danny Deane left Wednesday for Reno, Nevada, to see the big Johnson-Jeffries fight.

George Gillespie of the Hunter-Kendrick company left last Saturday on a fortnight's holiday at the coast.

The semi annual installation of the officers of Phoenix Rebekah lodge will take place next Wednesday evening.

Owing to Friday our regular press day, being a holiday, the Pioneer has gone to press a day earlier this week.

All the local mines were closed yesterday (Dominion Day). The Granby will remain closed today, but will operate tomorrow.

In the garden of Mrs. W. Keron of Grand Forks, is growing a pure green rose. Blossom, foliage and stock all being the same shade.

Ed. Balfour, formerly master mechanic at the Snowshoe, was in town from Koch siding on business and called on old friends.

H. M. Laing, the genial general manager of the Phoenix Greenwood stage line, spent part of this week at Grand Forks and Chesaw, Wash.

A number from Phoenix attended the big Scandinavian picnic at Nelson on Friday. A. O. Johnson was one of the judges in the list of sports.

Reports of the big Johnson-Jeffries fight at Reno, Nev., will be received by special wire at the Brooklyn hotel on Monday evening, July 4th.

Like eating, advertising should be continuous. When today's breakfast will answer for tomorrow's, you can advertise on the same principle.

Wanted—Placer Mine

Engineer has client desiring placer property, either dredging or hydraulic that will stand examination as to physical conditions necessary for its operation. Or would consider quartz mine. State full particulars in first letter.

P. O. Box 235, New York City.

SEASON'S SENSATION IN LOCAL BASEBALL

Knights of Pythias Challenges Odd Fellows

The people of the city are about to be confronted with the opportunity of witnessing one of the most sensational baseball battles that have ever been pulled off this side of mars. The date is July 7 while 6:30 is the appointed hour. The opposing forces will be representatives of the local lodges of the ancient mystic fraternal organizations of Odd Fellows and Knights of Pythias. The game has been brought about by the Knights issuing a challenge to the Odd Fellows.

There has been a great flutter in both lodge circles since the announcement of the game and remarkably brilliant talent is being brought into action, each lodge unearthing sufficient recruits for two teams. Both sides are confident of success and a freezer of ice cream has been decided on as the wager.

Neither the line ups have yet been completed, though we have been given lists from which the winners and losers will be selected. The batteries, however, have been tried out, the pitchers have the latest in curves, while the catchers are in the pink of condition.

K. OF P. TEAM

S. Lundie, pitcher; Pat Clune, catcher; H. Hoodwin, 1b.; J. E. Carter, 2b.; G. Thompson, 3b.; A. Butterworth, 4th b.; A. Cook, r.f.; G. Kay, l.f.; A. F. Geddes, c.f.; J. Findlay, s.s.; W. X. Perkins, spare man.

OFFICIALS

F. Werner, captain; H. Reid, manager; J. A. Morrin, head coach; F. Graham, ambulance corps, and J. Lang, assistant; A. Almstrom, mascot; R. McCracken, water carrier.

ODD FELLOWS TEAM

R. W. Hibbert, pitcher; W. Ross, catcher; T. Bean, 1b.; J. P. McKenzie, 2b.; W. Jackson, 3b.; D. Stafford, 4b.; A. G. Howe, r.f.; A. Love, c.f.; W. Brewer, l.f.; C. Wootton, s.s.; G. J. Corbet, spare man.

OFFICIALS

F. J. McDougall, captain; John Swanson, manager; Dr. Dickson, head coach; J. Love, scorer; P. Cranley, mascot; and W. VanWagener, assistant; D. Paterson, ambulance corps; and F. E. Brune, assistant; S. McLeod, water carrier; W. Pickard and R. Morrison, time keepers.

His Worship Mayor Matheson has been decided on as umpire on strikes and balls and Jas. Marshall will umpire the bases.

Dry wood in car lots. Apply to J. Trombley, Phoenix, B.C.
