CONFIDENT OF SUCCESS

Phoenix Conservatives Complete Organization.

CHOSE OFFICERS LAST TUESDAY

Figures of the Vote at the Last Election—Official Description of Boundaries of this Electoral District

At the called meeting of the conservatives of Phoenix, held last Tuesday evening at Masonic hall, there was a good attendance, and considerable confidence expressed that the party had more than a fighting show to carry this riding at the next election. The following officers were elected, the name chosen being the Phoenix Conservative Association:

President, James Punch; 1st vice-president, G. W. Rumberger; 2d vice-president, W. X. McDonald; secretary, W. B. Cochrane; treasurer, Isaac Crawford; executive committee, C. D. Hunter, Hugh McDonald, W. J. Porter, G. R. Mead, Geo. McNichol, W. H. Moore, James Cuthbertson, Alex. Milkie, C. H. Morton, John Haverty, and D. Murray.

The conservatives have it figured out that if there are three tickets in the field—conservative, labor and liberal—they will have the best possible show of winning, as they already have on the membership list of the local organixation enough votes to carry Phoenix, the vote being based on the Dominion election of 1901. The following table, taken from the Pioneer of just two years ago, will show the vote of each section of this riding as it was cast at that time:

Polling place.	McIntosh	Curtis	Total
Cascade	16	28	44
Columbia	80	48	128
Grand Forks	123	148	271
Gladstone	12	27	39
Phoenix	73	93	166
Total	304	344	648

Population of Boundary Ridings.

The following tables will show the population of the different localities in each of the two ridings in the Boundary, the figures being taken from the Dominion census of last year:

GRAND FORKS.

Fife, Gladstone and vicinity	94
Cascade and vicinity	144
Grand Forks and vicinity	1,173
North Fork Kettle River	239
Columbia City	508
Phoenix City	1,004
Phoenix Station, etc.	433
Total	3,595

GREENWOOD.

Summit City	488
Boundary Falls	120
Greenwood and vicinity	1,853
Midway and vicinity	626
Total	3,087

Boundaries of Grand Forks Riding.

Following is the description of the boundaries of Grand Forks electoral district, according to the Redistribution Act, passed last year by the legislature (paragraph 25):

"Commencing at a point on the International Boundary Line, being the south-east corner of Greenwood Electoral District; thence north and east, following the western boundary of Greenwood and Similkameen Electoral Districts to a point in the western boundary of Kootenay District at its intersection with the western boundary of Similkameen Electoral District; thence south-easterly along the western boundary of Kootenay District to the International Boundary Line; thence west along the International Boundary Line to the point of commencement, shall constitute one Electoral District, to be designated 'Grand Forks Electoral District,' and shall return one member."

Political Notes.

The voters' lists have all been cancelled.

ing to induce the liberals not to put up a candidate.

The conservatives held a pow-wow at Grand Forks last night.

Smith Curtis announced in Rossland this week that he is out of politics.

An effort is being made in this rid-

Phoenix liberals will hold a regular meeting next Tuesday evening at Hardy-McKenzie hall.

The legislature was dissolved Tuesday by special issue of the Gazette, and W. G. McMynn, of Greenwood was appointed collector of votes for Grand Forks and Greenwood ridings.

DOMINION DAY PROGRAMME.

List of Events to Take Place at Grand Forks.

WEDNESDAY, JULY 1.

MORNING.

Arrival of special trains over three lines of railways.

Athletic sports—9.30 a. m.—Program of Children's Races and other Athletic Sports, Bridge street.

Baseball Tournament—12 noon—Baseball Tournament on the grounds of the Grand Forks Driving Park and Athletic Association, Ltd. Purse $100, open to all teams.

AFTERNOON

Horse Racing—First event called at 2 p. m. sharp at the race track.

No. 1—Running, ¼ mile dash. Purse $40.

No. 2—Running, ¾ mile. Purse $250.

No. 3—Running, ¾ mile. Purse $175.

No. 4—Running, Grand Forks Derby, 1 mile. Purse $400.

No. 5.—Cowboy's Race, 300 yards, two turns. $40 in prizes; entrance free.

EVENING

Theatrical—8 p. m.—Grand production of Gilbert & Sullivan's famous comic opera, H. M. S. Pinafore at the opera house.

THURSDAY, JULY 2.

MORNING

Fireman's Tournament — 9.30 a. m. — Firemen's Tournament on Bridge street. Open. Hub and hub race, distance 150 yards; reels to carry 200 feet of hose. First prize $75; second prize $25.

Wet Test—Distance 100 yards to hydrant, teams to lay 150 feet of hose and get water. First prize $75; second prize $25.

AFTERNOON

Horse Racing—2 p. m.—at the track.

No. 6—Gentlemen's Saddle Horse Race, ¼ mile, owners up. Purse $40.

No. 7—Running, ½ mile heats, best two in three. Purse $250.

No. 8—Pony race, ¼ mile, 14½ hands and under. Purse $30.

No. 9—Seagram Cup, distance ⅞ mile, all ages. Winner of Grand Forks Derby to carry 5 pounds additional weight. For a cup valued at $500 donated by J. E. Seagram, of Waterloo, Ont., and $300 cash added by the association. Cup to be won two years consecutively by same owner to become private property. Purse divided.

No. 10—Cowboy race, ¼ mile, one turn. Purse $20; first $15, second $5. Entrance free.

No. 11—Consolation race. A suitable purse will be offered by the association for competition by all horses which have not won first or second money at this meeting. Post entries free.

Horse Exhibits—Parade before the grand stand. Liberal cash prizes will be offered in the following classes, namely:

Best thoroughbred stallion.

Best saddle horse.

Best standard bred stallion.

Condiitions: Four to enter in each competition. Prize in each class, $10.

EVENING.

Firemen's Ball—9 p. m.—Firemen's ball at the opera house.

LLOYD A. MANLY, President. W. A. HARKIN, Secretary.

CITY TAX RATE IS 22 MILLS.

But if Paid Before September 30, It Will be 19 1-6 Mills.

At Wednesday's meeting of the city council Alderman McDonald, Birnie, Graham and Porter were present and the following accounts were ordered paid:

Albert Groulx	$ 2 50
J. B. Boyle	7 25
H. A. Munroe	7 50
N. Lemieux	68 00
J. T. Tipping	83 45
D. J. Matheson	2 00
D. McDougall	7 00
C. H. Flood	35 00

The council decided to fix upon a rate of taxation at 22 mills on the dollar, or a rate of 19⅙ mills if paid on or before September 30 next.

A communication was read from the superintendent of education at Victoria, to the effect that the application of the city for remuneration for pupils from outside the city limits, that are educated in the city public school, would receive the attention of the department.

Court of Revision Met.

Monday afternoon the annual court of revision was held at the office of G. W. Rumberger, Baldwin block, to pass upon the assessment rolls as made out by City Assessor Matheson. Alderman Graham occupied the chair, and but two objections were made to the roll. One of these was from Neil Stuart and the other from Jos. Trainner. After considering the matter, the court decided that the figures were about right and made no change. The rolls were accordingly confirmed, the land within the city limits being assessed at $188,705, and the improvements at $121,375, making a total of $310,080 for the year 1903, upon which amount the tax rate for the year will be levied.

44TH ANNUAL STATEMENT

Made By Eastern Townships Bank.

LAST YEAR WAS A PROFITABLE ONE

Deposits Increased Three-Quarters of a Million—New Board of Directors and Officers Elected.

The forty-fourth annual meeting of the shareholders of the Eastern Townships Bank was held in the board room of the bank at Sherbrooke, Que., Wednesday, the 3rd of June.

The directors reported that a dividend of eight per cent per annum had been declared for the last half year, and that the earnings of the bank had been greater than for any previous year. Deposits had increased nearly three-quarters of a million dollars, and during the past year branches of the bank have been established at the following places, viz.: Winnipeg, Man.; Montreal East, Montreal West; St. Johns, Que.; Sutton, Farnham, Danville, St. Joseph, Beauce County, and West Shefford.

Both Manager MacKinnon and President Farwell referred to the securing of S. H. C. Miner on the board of directors, J. N. Galer having resigned through ill health.

The following directors were elected: Wm. Farwell, Hon H. N. Cochrane, Israel Wood, N. W. Thomas, Gardner Stevens, C. H. Kathan, H. B. Brown, K. C.; J. S. Mitchell, S. H. C. Miner.

At a meeting of the new board Mr. Wm. Farwell was re-elected president.

The general manager submitted the following statement of the affairs of the bank:

Statement of profit and loss account for the year ending May 15th, 1903.

Balance at credit of profit and loss brought forward from May 15th, 1902		$ 35,440.29
Profit of head office and branches, after deducting charges of management, interest due depositors, and provision for bad and doubtful debts		201,390.52
Premium paid on new issue of capital stock		118,442.50
		$355,273.31
Appropriated as follows:		
Dividend of 3½ per cent., paid 2nd January, 1903	$69,355.82	
Dividend of 4 per cent, payable 2nd July, 1903	82,963.70	
Bonus of ½ per cent to shareholders, payable 2nd July, 1903	10,142.50	
Transferred to reserve fund	118,442.50	
Bonus to employees and shareholders' vote to ex-President Heuecker	6,862.75	
		287,787.27
Balance carried forward		$67,486.04

J. MACKINNON, Gen. Mgr.

GENERAL STATEMENT—MAY 15, 1903.

LIABILITIES.

To the Shareholders—		
Capital paid up		$2,201,065.00
Reserve fund	$1,318,442.50	
Balance profits carried forward	67,486.04	
Dividend No. 87, of 4 per cent, payable 2d July next	82,963.70	
Bonus to shareholders, ½ per cent, payable on 2d of July next	10,142.50	
Dividends unclaimed	3,285.72	
Reserve on account of rebate on bills discounted unmatured	35,000.00	
		1,517,340 52
		$3,718,405.52
To the public—		
Notes of the bank in circulation	$1,427,550.00	
Deposits payable on demand	1,307,729.15	
Deposits payable after notice	6,247,441.36	
Due banks in Canada	18,734.36	
Due Banks in the United Kingdom	90,184 03	
Items in transit between branches	22,566,69	
		$9,114,205.69
		$12,837,611.21

ASSETS.

Specie	$144,799.73	
Dominion notes	197,276.25	
Bills and cheques on other banks	132,560.87	
Due from other banks in Canada	261,006.75	
Due from other banks not in Canada	744,314.60	
Loans to banks in Canada secured	78,344 70	
Dominion and Prov. Government securities	180,073.42	
Canadian municipal debentures	272,200.00	
Railway and other stocks and bonds	87,262.67	
Call loans on bonds and stocks	1,144,557.28	
Total assets immediately available		$3,262,396.27
Deposits with Dominion government for security of bank note circulation	$80,000.00	
Current loans, discounts and advances to the public	9,053,397 69	
Real estate other than bank premises	27,674.00	
Mortgages on real estate sold by the bank	58,676.17	
Loans overdue, all loss provided for	34,439.64	
Bank premises and furniture, including safes and vaults	305,804.64	
Other assets	10,227 80	
		9,570,214.94
		$12,832,611.21

J. MACKINNON, General Manager.

Boundary Mining Notes.

The Athelstan has been unwatered and development is under way.

C. P. R. engineers were laying out the spur to the Oro Denero this week, in Snmmit camp.

In a few days the new electric hoist at the Snowshoe will be in use, the shaft now being ready.

Supplies are arriving at Phoenix for the laying of the rails to the Brooklyn and Stemwinder dumps.

For the fourth consecutive week ore shipments from the Snowshoe mine this week exceed those for the previous seven days.

It is expected that work will be resumed on the Big Copper and also the King Solomon claims, in West Copper camp, in the near future.

The B. C. Copper Co. is asking for tenders for hauling some ore from the Morrison mine to the Deadwood spur, for testing purposes at the Mother-Lode smelter.

Last week five carloads of plant for the new addition to the Granby smelter arrived at those works, from Chicago. Some time next month the two new furnaces are expected to be ready for business, making six in all.

The strike on the Defiance claim, near Greenwood, which was reported in the last issue of the Pioneer, proves to be $500 ore, it assaying 900 ounces of silver and an ounce and a half in gold. Wm. Fowler has a lease and bond on the property.

With the arrival of the 2,000 tons of Fairfax, Wash. coke, ordered some time since, the Granby smelter will probably have three furnaces in blast, there being now but two. A thousand tons of coke have already arrived, and by Monday a third furnace will be blown in.

Next week President Flumerfelt, of the International Coal and Coke Co., will go to Blairmore to make a commercial test of the coal for coking purposes, after which, if successful, as anticipated, 100 coking ovens will be erected with all possible speed, to relieve the coke shortage at Boundary smelters.

BOUNDARY CREEK LICENSES.

Board of Commissioners Held Meeting in this City.

The board of license commissioners for the Boundary Creek license district held its half yearly statutory meeting Monday afternoon at Black's hotel. There were present commissioners E. Jacobs, Greenwood, chairman; H. B. Cannon, Grand Forks, and W.B. Townsend, J. P., Rossland; also provincial constable Isaac A. Dinsmore, of Grand Forks, chief license inspector for the district.

Renewals of licenses were granted for hotels located as follows: At Rock Creek, 1; Midway, 5; Boundary Falls, 2; Anaconda, 1; Deadwood, 1; Eholt, 5; Summit camp, 2; Hartford Junction, 1; Fourth of July creek, 1; Carson, 1; near Columbia, 1; Christina lake, 1; Bonanza siding (C. & W. railway,) 1; Castlegar, 1, and Paterson, Sheep creek, 1.

New application granted: Half way house, between Trail and Rossland.

New application refused: John Myers, for new house at Fourth of July creek.

Will Install July 15th.

Phoenix Lodge No. 28, Knights of Pythias, has recently chosen new officials as follows:

C. C., George Elkins; V. C., V. G. Younghusband; prelate, Samuel Stevens; M. of W., A. Blair; K. of R. and S., James A. Clark; M. of F., John A. Morrin; M. of E., A. Greig; M. of A., John Campbell; I. G., William Hower; O. G., Eric Jackson. The installation will take place on the second Tuesday in July, the deputy grand chancellor being J. A. Clark.

MR. MINER IS WELL SATISFIED

With General Progress of the Granby Co.

LEAVES THE BOUNDARY THIS WEEK

Wealthy New Yorker Visits the Mines This Week For the First Time, and Is Immensely Pleased With the Outlook.

S. H. C. Miner, president of the Granby Co., with Mrs. Miner, were in camp again this week, and next Monday will start for home, in the Eastern Townships of Quebec, going first to Victoria and then to the coal fields at Blairmore. On this trip to the mines Mr. Miner was accompanied by General Manager Graves, Assistant Manager Galer and W. B. Reed, a retired New York banker.

When asked by the Pioneer man what he thought of the outlook of the Boundary country, since his last visit of a year ago, Mr. Miner responded that he was better pleased than ever at the prospects of the entire country, and especially with those for the Granby mines. He took particular pleasure in noting that everything about his company's mines and smelter was in a better condition than ever, and the problem of economical extraction and treatment was gradually being gotten down to the point desired. The work is being well done by the subordinates which he has in charge, and the Granby president had no criticisms to offer. He believed also that the party of prominent copper experts, who recently visited the camp, were all more than satisfied with the bright future for the Granby Co.

Mr. Miner was visited a couple of years ago at his office in Montreal by a gentleman from the Boundary, and the question was then asked as to when he expected to begin to get returns from the large investments being made in mining in this country. Mr. Miner is reported to have responded that if he began to receive returns in the course of five or ten years, he should feel well satisfied. The first five years are yet scarcely up, and it is evident that in a short time, the Granby Co. will begin paying dividends, especially after the coke problem is satisfactorily solved. He has believed all along that it would take time and large investment, intelligently applied, to work out the problem successfully, and his opinion is rapidly being verified.

New York Banker Satisfied.

Wm. B. Reed, who accompanied Mr. Miner, invested in Granby shares some two years ago, and has since increased his holdings. Up to this time he has never been in British Columbia. He went all over and through the Granby mines while here, and although a conservative man, was not a little pleased at the evidences of permanancy and economy in the working of the mines and smelter.

Mr Reed was for 37 years connected with the First National Bank of New York, retiring last year from the position of cashier. This bank has the comfortable capital of ten millions, a reserve of a like amount, and deposits of some eighty millions of dollars. Mr. Reed is now the president of the Safe Deposit Trust Co., conducted in connection with the First National Bank.

BOUNDARY ORE SHIPMENTS.

The following table gives the ore shipments of Boundary mines for 1900, for 1901, for 1902, and for 1903, as reported to the Phoenix Pioneer—

	1900	1901	1902	1903	Past Week
Granby Mines, Phoenix	64,533	231,762	309,858	152,452	3,988

OPINIONS THAT COUNT.

Within a week or two there have been published in the Boundary press, as well as in a number of outside papers, opinions about the Granby mines that are worthy of more than passing attention. These opinions are significant because they come from gentlemen who are acknowledged to be leaders in the copper mining industry of the American continent — gentlemen who have already been successful in copper in other fields, and who have only lately become interested in the Boundary.

Since the Pioneer began the work of telling the outside world of the wonderful mineral riches of the Boundary, nearly four years ago, many persons have visited the Granby mines, and have expressed the most profound surprise at the immensity of the ore deposits, as well as with the down-to-date preparations made for the economical extraction of values. But none have held the same relations to the copper mining industry as do the gentlemen from Boston and New York who recently visited Phoenix for the first time, and thus realized the gigantic potentialities here found.

When such men as John Stanton, George Martin Luther, J. B. Francis Herreschoff and Clement S. Houghton say that they have never seen anything like the Granby ore deposits, although they are familiar with the Butte and Michigan copper fields, one can rest assured that the opinion is one that really counts. Those gentlemen, collectively and individually, were simply astonished at what they saw, and frankly said that had they not seen it they would not have believed it. If there could be a higher testimonial to the richness and permanency of the Boundary ore deposits, the Pioneer has yet to learn of it.

It was a pleasant sight to see the experts referred to tramping over the surface of the Granby mines and then through two or three of the four miles of underground workings of the properties, and note their expressions of pleased surprise.

The Pioneer predicts that no one thing that has happened in the Boundary in the last few years will eventually be of as much benefit to this section, representing as these gentlemen do directly many millions of capital. It is to be hoped that the doubter and pessimist has read the opinions referred to, and will agree with them that the Boundary is destined to become one of the greatest, if not the greatest, mining district on the continent of North America.

In Servia when the people become tired of the existing government, they kill the king and queen and proceed to fill their shoes with new aspirants. This is a simple way, but it is too much like barbaric ages. In this country if we do not like the government in power we grin and bear it till a new election occurs.

The good people of Greenwoed are moving against the pollution of Twin creek, from which that city's water supply is obtained, and which creek flows directly through the heart of the corporation of Phoenix. The true solution to such a vexed problem is to secure some other source of supply.

The Nelson Economist asserts that in some constituencies the conservatives have candidates to burn. This is a warm way of getting rid of candidates.

One may disagree with John Houston, of the Nelson Tribune, but one thing is absolutely certain, and that is that he gets out one of the most interesting weeklies in this entire section.

It is said that Rockefeller has contributed $5,000 to the St. Louis sufferers, but the reports do not say just how much he will raise the price of kerosene to pay for this casting of oil upon the waters.

Col. Prior, with the multiplicity of his other troubles, completely forgot that two per cent tax which he promised to repeal. And now the gallant colonel will be completely forgotten himself.

New voters' lists will soon be in course of preparation, and those wishing to be in the swim should lose no time in getting registered — no matter where or how your name was on the lists before.

Another outfit has obtained a Dominion charter for a Coast-Kootenay railway—the McLean Bros. One-half of the money spent so far on getting charters for this road would have built a good sized piece of it.

While Joseph Martin has resigned from the leadership of the liberal party in this province, no one really thinks that he has dropped out of politics — that's not like Joe. He'll be sure to turn up when least expected.

WHAT EDITORS SAY

JOHN SHOULD KNOW—The Bank of Montreal has increased its capital from $12,000,000 to $13,379,240, and its rest from $8,400,000 to $9,000,000. Banks and newspapers are great money makers.—Nelson Tribune.

A GREAT ADVERTISEMENT — The Miner party of capitalists who visited the Granby copper mines and plant last week are filling the papers with the accounts of the wonders they saw. It is a great advertisement for British Columbia.—Slocan Drill.

THE LEAST EVIL. — The party line system of government admittedly has its evils, but out of the big book of practical experience British Columbia can testify that they are as naught in comparison with the evils arising under non-party administration.— Vancouver World.

MUST PAY TAXES — Even the Victoria Colonist will be made to swing into line for McBride. This will be a bitter pill for Dunsmuir to swallow, because he realizes that he will have to pay his share of the taxes—something that he has succeeded in avoiding to some extent heretofore. — Rossland Miner.

STRICTLY BUSINESS

The power of intelligent publicity never grows less.

Advertising carves a channel through which the tide of trade will surge.

Those who wait for the dead and the man who never advertises will long go barefooted.

Everything in connection with a modern business is advertising in one form or another.

Advertising is a plain business proposition and should form the foundation of every business venture.

BOUNDARY STATISTICS.

From the Offices of the Two Mining Recorders.

The following statistics regarding mining matters in the Boundary are taken from the belated annual report of the Minister of Mines for the year 1902:

Kettle River Mining Division — Record office at Greenwood—	
Claims recorded	339
Certificates of work issued	809
Bills of sale, etc., recorded	241
Certificates of improvements recorded	60
Free Miners' Certificates issued	749
Total	2,198
Grand Forks Mining Division — Record office at Grand Forks—	
Claims recorded	177
Certificates of work issued	580
Bills of sale, etc., recorded	207
Certificates of improvements recorded	51
Free Miners Certificates issued	436
Total	1,451

Everybody is cordially invited to attend the pavilion dance at the Hotel Winnipeg, Grand Forks, B. C., on the evening of July 1st, Dominion Day. Galliher's orchestra, of Spokane, will furnish the music. Tickets one dollar.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Responding to an item that recently appeared in the Pioneer, in which St. Peter directed to the lower regions those who applied at the pearly gate for admission, but who acknowledged that they had not paid the printer, a subscriber to this paper living in Rossland writes to learn quickly how much he owes, so that he can settle before he shuffles of this mortal coil. Of course, the information desired was promptly furnished by first mail.

We merely mention this little incident, as there may be other gentle readers thirsting after similar information, to whom this tale may be a hint. If such there be, our force of subscription clerks will take the utmost pleasure in affording the desired information upon request, so that all may have the same opportunity of treading in the straight and narrow path. Do not be backward about coming forward.

What the intending investor in a mine wants to know is, how much metal the ore contains, the amount of ore available, the cost of mining and of reduction, and the probable length of time required to exhaust the visible supply, says an exchange. He cares little about the genesis of the ore deposit, how the gold or silver or copper or other metals come into the ore. He wants to know how to get it out in the shortest possible time at the least possible cost. If promoters' reports dealt more with substantial, pertinent facts and less with fancy and unnecessary scientific information, the man with the money and he could more quickly come to an understanding.

Twelve years ago $100 invested in the United Verde copper mine cost $1 a share and was worth $100. Today that $100 worth of shares is worth $30,000, and the returns are $1,200 per year; $100 invested in the Homestake, South Dakota, in stock which sold for $1 a share is now worth $20,000. One hundred dollars invested in the Greene Consolidated, at $1 a share two years ago, is now worth $8,700.

Query: What will Granby shares, that can now be had for $5, be worth in a couple of years.

An Aggravating Cough Cured.

A customer of ours who had been suffering from a severe cough for six months, bought two bottles of Chamberlain's Cough Remedy from us and was entirely cured by one and a half bottles of it. It gives perfect satisfaction with our trade.—HAYNES-PARKER & Co., Lineville, Ala. For sale by all druggists.

The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of colic of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

Special Round Trip Rates.

Between June 4th and August 26th the Illinois Central will sell round trip tickets from Oregon and Washington points to Chicago, Cairo, Memphis and New Orleans at greatly reduced rates.

Tickets good for three months. Going limit ten days. Returning limit ten days after starting west. Stopover privileges either way, west of the Missouri river.

Sale dates are arranged to be convenient for delegates to conventions of National Educational Association, at Boston; Elks, at Baltimore; Woodmen, at Indianapolis; Eagles, at New York; Shriners, at Saratoga; Knights of Pythias at Louisville and Commercial Travelers at Indianapolis.

You can take your choice of sixteen different routes. Write us. We will cheerfully give you any detailed information you want.

B. H. TRUMBULL,
142 Third St.,
Portland, Ore.

If it's a bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

OFFICIAL REPORT ON GRANBY MINES

Made to Minister of Mines for 1902.

BY GOLD COMMISSIONER McMYNN

Gives Details of Development to January 1st Last—Also of New Machinery Installed for that Year.

The following report of mining operations for 1902 on two of the large properties in Phoenix camp, is taken from the report to the minister of mines by Wm. G. McMynn, the gold commissioner:

Old Ironsides Group.

The Granby Consolidated Mining, Smelting & Power Co., Ltd., is the owner of the Old Ironsides, Knob Hill, Victoria, Fourth of July, Phoenix, Aetna, Grey Eagle, Banner, Tip Top and Triangle Fraction, which last year shipped about three-tenths of the total ore production of this district. Last year's footage of development work was 2,113 lineal feet, of which 514 were sinking and raising, and 1,599 cross-cutting and drifting. This brought the total footage, to the end of 1902, up to 15,359 lineal feet (or more than three miles of underground work,) of which 3,013 are sinking and raising and 13,346 cross-cutting and drifting.

Included in the year's development work are two tunnels, known as No. 2 and No. 3 respectively. The portal of No. 2 tunnel is at a point above the Old Ironsides shaft house. This tunnel runs under the Knob Hill railway spur, and connects with the 100-foot level on the Knob Hill claim. Ore is taken from this level and dumped into an ore bin of 2,000 tons capacity, which was built last year above the Old Ironsides railway spur. No. 3 tunnel, which starts from a point about 50 feet below the new ore bin, will tap the 100-foot level of the Old Ironsides and, eventually, the 200-foot level of the Knob Hill.

Other work done includes a great deal of surface stripping, which exposed the ore body to a width of from 300 to 400 feet, as well as the enlargement of the old ore quarries and opening of new ones.

The new machinery installed in 1902 consisted of a Farrel-Bacon Style B ore crusher, with jaw opening 42 inches by 30 inches, having a stated capacity of 150 tons of rock per hour, crushing it to a size not larger than 7 to 8 inches; a 100-h. p. Type K. Canadian General Electric Company's induction motor, belted to crusher; a 3-wheel break system headworks, with 48 inch sheaves for 1-inch rope, installed at the top of a 2,000 foot gravity tramway recently constructed for conveying ore from the main quarry to the crusher. At No. 2 (Ironsides-Victoria) shaft, a 12 by 16-inch double cylinder, section motion, winding engine, capable of hoisting 6,000 pounds at a speed of 400 feet per minute, was installed.

Surface improvements made in 1902 include the erection of a compressor building, 121 feet by 60 feet; a machine and blacksmith shop, 118 feet by 40 feet; a crusher building, 55 by 22 feet; two new ore bins, together of a capacity of 2,500 tons, and some 2,500 feet additional C. P. R. railway tracks in switches and sidings. When the smelter is running full capacity, so that 1,500 tons of ore may be shipped per diem, the number of men employed at these mines is about 425, but when running at half of its capacity, that is with only two furnaces, the working force is reduced to about 250 men.

Other machinery ordered in 1902 and now delivered, includes two Rand tandem compound air compressors, electrically driven and connected with motors by a rope drive, having high pressure cylinders 16 by 36, and low pressure cylinders 28 by 36, the rated capacity of the engines being 6,000 feet of free air per minute, or sixty 3¼-inch machine drills, together with two 700-h. p. type C. Westinghouse induction motors to operate compressors; twenty 3¼-inch Rand machine drills, and the following machine tools to complete the equipment of an up-to-date machine shop: One screw cutting lathe, 15-inch swing with 8-ft. bed, complete with friction counter shaft, compound rest, two face plates, one 10-in. 4-jawed independent chuck, etc.; one 32-inch lathe with 18-ft. bed, complete; one 24-inch stroke shaper; one 36-inch upright drill press; one 600-lb single frame steam hammer, cylinder 7 inches in diameter by 20 inches stroke; one hand power bending roll, to roll plate 7-16 inch thick and 48 inches wide; one Merrill power driven pipe threading and cutting off machine, to cut off and thread pipe from 2½ to 8 inches, inclusive, and one power driven splitting shear to cut 7-16-inch plate any width.

Brooklyn Group.

The Brooklyn group includes the Brooklyn, Stemwinder, Montezuma, Standard and Idaho mineral claims, the property of the Dominion Copper Co., Ltd, of Toronto, Ontario. Development work approximating 3,500 feet has been done on the Brooklyn, which has a shaft 268 feet deep with two levels, one at the depth of 150 feet and the other at the depth of 250 feet. It is stated on good authority that a chute of ore on this 250-foot level has been proved to be at least 1,000 feet in length and about 20 feet in width. On the Stemwinder a shaft has been sunk to a depth of 344 feet. The surface improvements include some good mine buildings and a steam power plant.

B. C. MINING

The Nome mine, in Ymir district, is soon to be on the shipping list.

The ore shipments from the Slocan have passed the 6,000 ton mark.

The new zinc separator for the Payne mine is to be ready about July 15th.

The output of coal at the Morrissey mines is expected soon to be 1,000 tons per day.

The No. 1 mine at Ainsworth is expected to start up shortly. The Highland is working a force of 50 men.

After being closed for nearly three years, the Great Western mine at Rossland, has resumed operations.

A contract has been let by the Le Roi No. 2 for the buildings to cover its Elmore oil plant, to cost $7,000.

There were 998,999 tons of ore mined in the province of British Columbia last year as compared with 920,416 the year before.

The Western Federation of Miners at their recent meeting loaned $2,000 to Sandon Miners' Union to fit up their hospital.

It has been definitely decided that the mill for the Arlington mine, near Slocan City, will be built this season, with a capacity of 50 tons daily.

During the year 1902 in the Kootenays and Boundary 3,089 new locations were made and 6,451 assessments were done in the 15 mining divisions.

Through Thomas Jones, its ore buyer, the Lanyon Zinc Co., of Iola, Kansas, is investigating a proposition to establish a zinc smelter on the coast.

A 200 ounce gold brick was the result of 18 days' run at the Wilcox mill, Ymir, when 250 tons of ore were crushed. In addition about a car of $45 per ton concentrates were produced.

Last week's Rossland ore shipments were: Le Roi 3,000, Centre Star 1,620, War Eagle 1,140, Le Roi No. 2 910, Velvet 100, Kootenay 340. Total for the week 7,110 tons, and for the year to date 163,757 tons.

It is not doubted in Rossland that recently an important discovery of payable ore was made on the 1,350-foot level of the Le Roi mine. Official confirmation cannot be obtained, but something in that direction is expected at an early date.

City Treasurer McCallum announces that the assessed valuation of Grand Forks this year, the first since the amalgamation, is $555,515 for improvements and $844,235 for land, or a total of $1,399,650.

The property now occupied by the postoffice, and known as the

Nothing Like Experience.

"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. For sale by all druggists.

Low Rates to Los Angeles.

The O. R. & N. will sell tickets May 10th, 11th, 15th and 16th from Spokane to Los Angeles, Cal. and return via steamer from Portland at rate of $46.90, and on May 13th, 14th and 15th via the all rail route $49.20, or via steamer from Portland to San Francisco, rail to Los Angeles and rail returning, $49 20. For full particulars call on or address,

Geo. J. MOHLER, General Agent,
430 Riverside avenue, Spokane.

Slater Shoe Advertising

Selling the first pair

Short talks by the Slater Shoe ad man, No. 2.

Advertising may induce a man or woman to buy the first pair of "Slater Shoes" but if the first pair be a failure no amount of advertising will induce the disappointed wearer to buy a second pair.

If every man and woman in Canada bought a pair of "Slater Shoes" through advertising and ceased wearing—or buying them after the first purchase, the entire Canadian market for "Slater Shoes" would be exhausted in less than two years.

Yet the sales of "Slater Shoes" have gone on increasing for many years.

The same people have been buying the "Slater Shoe" year after year and constant advertising is making new wearers every season, proving that it is as good a shoe as its makers claim it to be.

The Slater Shoe

Goodyear welted. Made in Canada 40 years.
For men $4.00 and $5.50.
For women $3.50 and $5.00.

1903 COPPER HANDBOOK

The World's Standard Reference Book on Copper.

The 1903 International Edition is new from cover to cover. It lists and describes 2,207 copper mines and copper mining companies in all parts of the world. It has a greatly amplified chapter on the History, Geology, Chemistry, Mineralogy, Metallurgy, Uses and Statistics of Copper. Eight chapters are devoted to the various Copper Mining fields of the world; a long chapter of Statistical Tables and descriptions, ranging from a few lines to eleven pages, of the world's Copper Mines.

The 1903 edition is the result of nearly ten years' labor. It is made for the investor, miner, smelter, scientist or any other person interested in the subject of copper from any standpoint. The book has 600 octavo pages, with gilt tops. Price, $5 in Buckram, or $7.50 in full library morocco.

IT WILL BE SENT, ON APPROVAL, FULLY PREPAID, to any address in the world, on the understanding that the person ordering may return it within a week of receipt, and charge will be cancelled if the book is unsatisfactory, for any reason whatsoever, or for no reason at all. It costs nothing to see the Copper Handbook, and it need not be kept unless it suits. May we send you a copy on these terms?

POPULAR NORTH BEACH.

Excursion Steamer T. J Potter Goes Into Service June 27.

Those who are planning their vacation this year will be interested in knowing that the popular excursion steamer, the T. J. Potter—queen of river boats—goes into service June 27, and that she will leave Portland, during the season, every day from Tuesday until Saturday inclusive. To see the beauties of the picturesque and mighty Columbia from the decks of the Potter is a treat never to be forgotten. For speed and grace nothing in river or lake service in the entire West equals this side-wheeled beauty. Five hours from Portland and one from Astoria, through the famous fishing waters of the Columbia, past scores of salmon traps and nets and as many white-winged fish boats, lands the passengers at Ilwaco, where close connection is made for beach points with trains of the Ilwaco Railway & Navigation Co., whose cars stand on the wharf awaiting the steamer. The beach is twenty-seven miles long, two hundred yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling, or walking, and the surf bathing is unsurpassable. The excellent hotels and boarding houses provide good accommodations at prices ranging from one dollar to three dollars per day.

The round trip rate from Portland to Astoria is $2.50; to Ocean Beach points $4 00, good until October 15th. On Saturdays, during July and August, round trip tickets are sold to beach points at $2.50, good for return leaving the beach the following Sunday evening.

The Oregon Railway & Navigation Company has just issued a new summer book, (free for the asking) which tells all about the delightful resorts of the Valley of the Columbia River. This can be obtained from any agent of the Oregon Railway & Navigation Company or by writing to A. L. Craig, General Passenger Agent, Portland, Oregon.

Reduced Rates From the East.

Commencing February 15th and continuing until June 15th there will be low rates in effect from the east via the Illinois Central R. R. to all Washington, Oregon and Idaho points. If any of your friends or relatives in the east are coming west while these rates are in effect, give us their name and address, and we will make it our business to see that they are given the best possible service. We operate through personally conducted excursion cars, and in fact give you the benefit of the latest conveniences known to modern railroading. We have 15 different routes between the east and the west, and are in position to give you the benefit of the best combinations. Write us and we will give you full particulars. B. H. Trumbull, Com'l Agent, Ill. Cent. R. R., 142 Third St., Portland, Oregon.

Reduced Summer Excursion Rates.

The Denver & Rio Grande, popularly known as the "Scenic Line of the World," has announced greatly reduced round-trip rates from Pacific Coast points for the benefit of teachers who will spend their vacation in the east, and delegates to all the prominent conventions—N. E. A., at Boston; A. O. U. W., at St. Paul; B. P. O. E., at Baltimore; Woodmen of America, at Indianapolis; Eagles at New York; Mystic Shriner, at Saratoga Springs; K. of P. at Louisville, and T. P. A., at Indianapoils.

Tickets at the reduced rates will be based upon one fare for the round trip, but will be sold only on certain days. These tickets will carry stopover privileges on the going trip, giving passengers an opportunity to visit Salt Lake City, Glenwood Springs, Colorado Springs and Denver; and will be good to return any time within ninety days. Passengers going via the Denver & Rio Grande are given the privilege of returning via a different route.

For a rate to the point you wish to go, and for dates of sale and other particulars, as well as for illustrated pamphlets, write

W. C. McBRIDE, Gen. Agt.,
124 Third St., Portland, Or.

BRIEF NEWS NOTES

MATTERS OF GENERAL INTEREST TO PHOENICIANS

Dr. Mathisen, Dentist.

The Athelstan mine is now connected with Phoenix by telephone.

Born, at Eholt, June 11th, to the wife of C. M. Rendell, a daughter.

Born, to the wife of Henry Heidman, at the Gold Drop mine, June 18, a son.

W. S. Torney, the Eholt merchant, was a visitor in the city early in the week.

A. B. W. Hodges, superintendent of the Granby smelter, was in the city Thursday.

The ladies of the Presbyterian church gave a pleasant ice cream social at the church last Tuesday evening.

John B. Whiteside, who has spent a year in Eastern Canada, has returned to make his home in Phoenix.

W. J. Prendergast left on Monday's train for a three months' visit to his old home at Egansville, Ontario.

Two pupils frrm the Phoenix public school took the high school examination at Grand Forks last week.

Born, to the wife of Ed. H. Mortimer, at the Phoenix General Hospital, Sunday, June 14th, a daughter.

Greenwood Miners' union is arranging to hold a celebration August 19th, the anniversary of the organization of the union.

Last Saturday Chief of Police Flood took two women of the town to Nelson to serve sentences of three months each for disorderly conduct.

July 1st the special train to Grand Forks will leave Phoenix at 8 a. m., returning from the Forks at 8 p. m. Fare for round trip, $1.40.

W. Allison, the new manager of the Bank of Commerce, at Greenwood, formerly of Portland, arrived at his new post last Saturday.

A. A. McIntosh has had the Denver claim, just north of the Marshall claim, surveyed, and will shortly apply for a certificate of improvements.

Julius Ehrlich, has been elected president of the Greenwood Board of trade, the former president, Henry F. Mytton having moved to Regina.

David Whiteside, of Grand Forks, was the representative of the Phoenix Odd Fellows lodge at the grand lodge meeting recently held at the coast.

F. L. Cock left for Vancouver last Monday to represent King Edward Lodge, A. F. and A. M., at the grand lodge meeting, being held this week.

Mrs. John Hanna has purchased the No. 1 laundry, under the Stemwinder hotel, from Mrs. M. Blythe, who will shortly move to her ranch at Westbridge.

The annual ball, given at Miners' Union hall Thursday evening, was a most enjoyable event. Snowshoe Lodge No. 46, I. O. O. F., the hosts, are good entertainers.

Pat. Atkins, who attempted suicide here some weeks ago by cutting his throat, was sentenced to a month in prison at Nelson last week by Judge Leamy for making the effort.

The many friends here of A. P. McKenzie and wife will regret to learn that their little month old son recently died at Vernon, the result of burns received from an explosion of a lamp.

J. G. Whitacre, a piano agent, of Nelson, was a visitor in the city Monday, on one of his periodical trips. He says business is good in his line, having disposed of six carloads this year.

Ed. McGrade still has his extra C. P. R. gang of ten men at work in the Phoenix yards, and they will probably be here most of the summer on the improvements which the company has in view.

The public school will close next week Friday, the examinations now being in progress. The junior instructor, Miss Curry, will leave the next day to spend the vacation at her home in Vancouver.

Total receipts from last week's dance and raffle given by the Catholic Ladies' Aid were $244.85, with expenses of $36.50, leaving a net balance of $208.35 to devote to the building fund of the church.

J. F. Royer, proprietor of the Grand Forks, Phoenix and Greenwood stage line, which recently started business, was in the city Tuesday, and stated that business was better than he had anticipated.

John H. Blythe, carman at the Snowshoe, was slightly hurt Tuesday night by a car getting off the track in the railway tunnel. He is being cared for by his mother, and will probably be out in a few days.

Last Saturday the "Wise Woman" company of ten people held the boards at Miners' Union hall, there being an excellent house. The play was full of action and life, and the show was well advertised in advance.

The midsummer closing exercises of the Phoenix public school will be held next Friday morning, the 26th inst. Junior division, from 9.30 to 10.30 a. m.; senior division, 10.30 to 12 noon. Parents and all others interested are cordially invtted to attend.

Geo. L. Pedlar, eye specialist, will make his regular visit to Phoenix July 3rd and 4th. If you suffer from headaches or eye discomfort do not fail to consult him and receive a skilled examination by the most perfect testing appliances made.

John Riordan, secretary of Phoenix Miners' Union No. 8, returned Wednesday from Denver, where he attended the annual convention of the Western Federation of Miners. On the way he visited Salt Lake City and other points. He reports having had a most interesting meeting.

Camp McKinney will celebrate Dominion Day.

Wm. Pressley and wife left this week for the Coeur d'Alenes, where he has secured a good position.

Michael Nugebauer has purchased from T. Biner the two-story Biner block on Knob Hill avenue.

Mayor Smailes and Robert Wood, of Greenwood, are still at Ottawa, trying to induce the Dominion Government to grant a cash subsidy to the Midway-Vernon railway.

A permanent organization of the Greenwood branch of the Provincial Mining Association was effected last Saturday night, with the following officers: President, F. Keffer, M. E.; vice-president, Duncan McIntosh; secretary, W. G. Gaunce; these with G. F. Dougherty and J. D. Gaffey to be the executive committee.

Church Services Tomorrow.
