Boundary Mining Notes

Ore was sent out from the Stemwinder again this week.

Two more cars of ore will be shipped from the Skylark next week.

The tunnel in the Gold Finch is being driven by steam power for the drills.

Preparations are being made for the removal of the Sunset hoist to the Idaho mine.

Owing to the failure of water, ground sluicing has been discontinued at the Iron Clad in Wellington camp.

M. H. Roy is doing some development work on his claim in Long Lake camp, where the Jewel is also working.

Some development is being done on the Never Slip, near Grand Forks, at which phenominal free gold was reported as having been found recently.

April was a record month for ore treatment for the Dominion Copper Co.'s Boundary Falls smelter, more than 20,000 tons of ore having been reduced.

Last week an ore body was reported reached in the drift in the Pathfinder mine, up the North Fork, the property being under bond to the Granby Co. for $110,000.

The frame for the third mammoth ore crusher for the Granby mines arrived from Sherbrooke, Que., this week. It weighs a matter of some 68,000 pounds.

The new converter stand for the Granby smelter has arrived, and is expected to be ready for business in another week or two, making three stands at this smelter.

Some of the Emma mine ore is now going to the Canadian Metal Co., of Nelson, which owns the zinc smelter at Frank. The balance is shipped to the Hall and B. C. Copper smelters.

An order has been placed with the Canadian Westinghouse Co., Ltd., for an electric motor of 400 h.p. by which the new air compressor plant for the Dominion Copper Co. will be operated.

While no further information regarding the resumption of operations at the Snowshoe mine has been given, it is understood that arrangements to this end are now being made, and that something will be known shortly.

It may possibly be the first of June before the Mother Lode mine ceases shipping to the B C. Copper smelter, on account of the latter putting in the new giant furnaces for which preparations are now being made at the works.

This week the temporary hoist was installed at the new Idaho three-compressor shaft. It will be used till the large plant ordered last week by the Dominion Copper Co. is on the ground and installed. The Idaho tunnel is still being driven.

Work was discontinued this week on the Preston for the time being, owing to the amount of water coming into the workings. The shaft is down 115 feet, and there are about 150 feet of drifts. Some of the Chicago men interested in the Preston are expected in the Boundary before long.

Last Saturday the Providence sent out a couple of cars of ore, the first in two or three months. With the mine having a sidetrack of its own, ore shipments will be more regular in the future, the property itself, under the superintendency of P. J. Dermody looking better than ever in its history.

The temporary air compressor for the Emma mine, formerly at the Mother Lode, is being installed this week, to be used till the new electric compressor, now being made in the east, is on the ground. The latter will have a capacity of 12 drills, the power to be furnished by the Bonnington Falls concern.

Last week's B C. Gazette contains notice of the incorporation of the Phoenix Amalgamated Copper Mines, Ltd., with a capital of $5,000,000 in five dollar shares. This is the consolidation of the War Eagle with seven other claims adjoining the Granby group on the south, and it is understood that arrangements for getting the company on its feet are in satisfactory shape.

Midway's Hospitality.

Midway citizens are counting on seeing a large number of Boundary people at the Victoria Day celebration, May 24th. Midway has religiously observed this event for years and Victoria Day at Midway has been an institution. This year the town proposes to eclipse all former occasions, and energetic committees are at work providing a fine list of amusements for the day. Prizes aggregating $1000 will be hung up for competition and lively contests are sure to ensue in every department. Horse races, baseball matches, hose contests, and other events have been fully provided for and a good time and a big crowd is looked for. The Midway valley is looking its best, the citizens are hospitable, and excellent hotel accommodation awaits the guests.

MEETING OF DOMINION CO.

To Be Held On the 12th of May.

For Authorizing Balance Bond Issue.

A special meeting of the Dominion Copper Co. will be held in Phoenix on Saturday next, May 12, for the purpose of authorizing the issuance and sale of 300,000 first mortgage bonds and about 228,000 shares of capital stock, par $10. Books close May 3, reopen May 13.

A company circular states that the proceeds from sale of Dominion Copper Co. stocks and bonds now in treasury will be devoted to purchase of additional mining property and new equipment, for development work, enlargement of smelting plant, railroad connections and possibly for construction of new smelter.

The prior right of subscription is reserved for stockholders, bonds and stock to be sold together. Each bond of $100 par value will be sold with 76 shares of the stock for $229.80. It will be impossible to offer less amounts of securities because the unit of subscription must be based on ratio of amount of bonds to amount of stock available.

The outstanding stock of the Dominion Co. is about 270,000 shares, par $10, while of a total of $1,000,000 bonds authorized, $700,000 are outstanding. These are payable June 15, 1915, and the accrued interest, if any, on the bonds will have to be adjusted and paid by subscribers at the time of the final subscription payment.

The circular sent to shareholders by Warner Miller, president, and Leopold Herrmann, secretary, by order of the board of directors, from New York, also states:

Notice is accordingly hereby given that an extraordinary meeting of the shareholders of the Dominion Copper Co., Ltd., will be held at the registered office of the company at Phoenix, B.C., on the 12th day of May, 1906, at two o'clock p.m., for the purpose of taking such action in the premises as the shareholders may determine, and, if thought fit, passing the following resolution:

"Resolved, that the proposition and plan of the directors of the company to issue and sell $300,000 par value of the company's first mortgage bonds, and 228,000 shares of its stock of the par value of $10 each, substantially in the manner and upon the terms and subject to the conditions set forth in a notice to the shareholders dated April 25th, 1906, which is hereby referred to, be and the same is hereby in all things approved; and the directors and officers of the company are hereby authorized and directed to execute on behalf of the company an underwriting agreement of the general form and tenor of the draft agreement submitted and read at the shareholders' meeting, with such modification as to details as may be approved by the company's counsel; and all or any of the directors of the company are hereby authorized to sign such underwriting agreement as underwriters, and personally to participate in any profits or benefits that may accrue therefrom, notwithstanding their positions as directors; and the directors and officers of the company are further authorized and directed to execute any other instruments, and to do any and all other acts, necessary or appropriate fully to carry out the purposes of this resolution."

As the shareholders have previously been advised, the company's charter has been amended so that the shares are now of the par value of $10 each. The amendment has been confirmed by the supreme court of British Columbia and the company no longer has any recognized shares of the denomination of $1 each. The time within which the holders of the old certificates of $1 each may surrender them and obtain certificates representing their interest in the present shares of $10 each has been limited to May 15th, 1906. All holders of the old certificates should, therefore, send them in for exchange without delay.

Boundary Customs for April.

GRANTED $100 TO THE CELEBRATION

Remit 1906 Taxes On Miners' Union Hall.

At Wednesday's bi-weekly meeting of the city council there were present Mayor Rumberger and Councilmen Oxley, Kane, Marshall and McKenzie. In view of the fact that Phoenix Miners' Union No.8 assisted materially in grading Aetna avenue in excavating for the new $20,000 hall, the council decided to remit the city taxes on the building for the year 1906. It was also decided to make a grant of $100 to the Dominion Day celebration to be held here this year, and to do some work on Aetna avenue, so that there may be an approach to the new Deane block, the new Burns block, Cottage hotel, etc., on that street.

Following are the accounts ordered paid on recommendation of the finance committee:

McRae Bros., & Smith, Ltd.	$ 2 80
D. A. Bannerman	2 00
D L. McIntominey	12 00
Dominion Express Co	1 20
Bank of Montreal	197 25
Canadian Rubber Co.	30 00
Cameron & Huff	71 00
Josias Thompson and S. McCague	119 00
N. Lemieux	90 00

OVER $1,000 ALREADY SUBSCRIBED.

Financial Success of Dominion Day Celebration is Assured.

Wednesday evening a meeting of those actively interested in celebrating Dominion Day here this year, was held in the large room in the city hall, Chairman Shea, Secretary McEachran and most of the members of the committees being present. The executive committee reported that in a few hours business men had subscribed $931, with a number yet to be seen. Messrs. Hower, Chisholm and McDonald were appointed a committee to see the city council, then in session, regarding a subscription, and the committee reported that the council had granted them $100 for the celebration.

The secretary was authorized to write to any and all concerns in any way interested in this camp, giving them an opportunity to subscribe, in order that none should feel slighted in the matter. John McInnis was appointed to the committee on sports in place of Mr. McPherson.

The secretary was also directed to secure all necessary stationery for the celebration, including advertising stationery, for the general use of business men, and the meeting adjourned till Thursday evening, May 17th.

Following are the chairmen of the several committees in charge of the various events:

Hose Racing, O. N. Galer.
Base Ball Tournament, V. M. Sherbino.
Drilling Contests, John McInnis.
Horse Racing, W. R. Williams.
Log Rolling, R. V. Chisholm.
Caledonian Sports, H. A. Munro.

SUCCESSFUL MAY DAY ENTERTAINMENT.

Presbyterian Church Crowded With an Interested Audience.

The May Day entertainment and concert given by the Ladies' Aid of St. Andrews Presbyterian church last Wednesday evening was an artistic and financial success, the church being crowded for the occassion, and the net results being over $50. Excellent music was furnished by Messrs. Almstrom, Cramer and Thompson, while Mrs. Boucher, Mrs. Brown Mrs. Gordon and Mr. Thompson were accompanists. The vocal solos, duet and recitations were much appreciated, the children in their drills showed evidence of pains taking care, and the closing dialogue made a hit with all present. Following was the programme in full:

Instrumental music.....Orchestra
Vocal solo .....Robert Thompson
Shadow drill.....Eight little girls
Vocal solo.....Geo. D. Turner
Recitation.....Bertha Heidman

Railway Work West of Midway.

Nearly 2000 men are at work on the Vancouver, Victoria & Eastern railway, and the grade is being pushed forward as rapidly as possible between Midway and Molson. A 200 foot tunnel is being driven six miles west of Midway, in Myers creek canyon, and this should be completed early in June. Considerable work remains to be done on both sides of the valley in the neighborhood of Midway, the line crossing the valley on a 900 foot trestle, to be built. Two miles beyond the Myers creek valley another tunnel 350 feet long is being driven. Heavy work was encoutered along Rock creek and Anarchist Mountain. One cut completed north of the international line involved the removal of 62,000 cubic yards of earth, and another south of the line and near Molson measures 70,000 cubic yards.

APRIL OUTPUT HOLDS UP

Boundary Mines Shipped 107,000 Tons.

Granby Tonnage Smaller Than Usual.

April's output from the various mines of the Boundary district holds up the 1906 average pretty well, notwithstanding the fact that the Granby Co.—Boundary's greatest metal producer—has been running lighter this month, owing to the repairs and enlargements going on at one or more of the furnaces in the battery of eight. During the 30 days of the past month our mines sent out 107,000 tons of ore. Comparing the output for the several months of this year, we have the following figures:

January	104,378 tons.
February	105,429 "
March	112,638 "
April	107,798 "
Total, 4 mos	430,243 "

Granby's output for April, 68,503 tons, is nearly 5,000 tons less than for either February or March, but May is likely to see it close to 80,000 tons. B. C. Copper's April output, 17,668 tons, is larger than any month this year, being 1,000 tons more than for March. As this smelter must close in a short time to permit of extensive enlargements, for two or three months the Boundary total is likely to be temporarily smaller. The Dominion Copper output for April, 20,000 tons, is also larger than any previous month. The several mines shipped ore in April as follows:

Mine.		Tons.
Granby Co		68,503
B. C. Copper:		
Mother Lode	17,668	
Emma	1,360	
		19,028
Dominion Copper:		
Brooklyn-Stem.	14,622	
Rawhide	1,049	
Sunset	4,331	
		20,002
Rambler		35
Strathmore		80
Preston		20
Providence		60
Skylark		70
April Total		107,798

Boundary's copper lodes are well known to be low grade, but an average of 25 pounds of copper per ton of ore is believed to be on the conservative side. Figuring on this basis, there was produced 2,694,840 pounds of pure copper from Boundary mines in April, or at the rate of more than 32,000,000 pounds per annum. At market prices the April output would be worth not far from $500,000 for copper alone, or with the gold and silver valves, something in excess of that amount.

April School Report.

Following is a report of the Phoenix public school for the month of April, as furnished by C. L. Thornbur, the principal: Total daily attendance, 1238; total actual attendance, 1206½; average daily attendance, 65.15; average actual attendance, 63.49; pupils actually attending during the month, 85.

COMING AND GOING

James T. Russell went over to Nelson Tuesday, on a business trip.

Mrs. W. S. Macy returned Sunday from a several weeks' visit in Walla Walla, Wash.

J. E. Carter, a former operator here, has been again installed a telegrapher in the local office of the C.P.R.

F. L. Elkins, of Greenwood, Boundary agent for the Sun Life of Canada, spent a couple of days in the city this week.

Robert Densler, of Spokane, an old timer in this section, came in on Monday's train, to look after his mining interests.

James Fisher, who is interested in Wellington camp, and also in East Kootenay oil fields, was in the city this week.

Mrs. W. H. Covert returned Sunday to her home in Grand Forks, having been visiting her daughter, Mrs. Waterford Reed.

Neil McCallum, district agent for the Mutual Life of Canada, of Grand Forks, was in the city two or three days this week.

Thomas Roderick returned Thursday from a several weeks' trip to the Similkameen, where he was looking after his mining interests.

William Biner arrived from Calgary Saturday, and has accpted a position with his father in the establishment of the Phoenix Brewing Co.

John B. Boyle returned Sunday from a five weeks' visit to Victoria. Mrs. Boyle and little daughter will remain there some time longer.

William J. Prendergast and bride arrived from the east this week, and have started housekeeping in the home prepared for them on Spion Kop.

William J. Twiss, coast agent of the Mutual Life of Canada, spent a couple of days in the city, and left for his Vancouver home Sunday morning.

James Marshall and J. E. W. Thompson returned Monday from a ten days' trip to Halcyon Hot Springs. James Dewer came in the same day.

R. P. Williams, of Rossland, Kootenay-Yale representative of the Jenckes Machine Co., Sherbrooke, Que., was here on business yesterday. He reports business good in his line.

W. H. Hargrave, manager of the Eastern Townships Bank at Vancouver, and Wm. Spier, holding a like position at Grand Forks, were here Saturday, on a trip of inspection of the Boundary branches of the bank.

C. E. Legg, conductor on the Great Northern, who has spent the last few months in California, returned to the Boundary this week. He was in Berkeley at the time of the earthquake, which was near enough for him to the center of the seismic disturbance.

Maurice M. Johnson, of Salt Lake City, consulting engineer of the Dominion Copper Co., and a member of the board of directors, arrived in the Boundary Wednesday, and will spend several days here, discussing enlargements and extensions with Manager Drummond.

F. W. Thomas, of New York, consulting engineer for the B. C. Copper Co., has been spending several days in the Boundary in connection with the extensive operations of his company. He was met at Spokane by J. E. McAllister, manager, and F. Keffer, engineer of the company.

The Nelson Daily News has started its fifth year, and is a better paper today than when it was started. It is the best daily in Canada published in a town of similar size.

Nearly every city or town in the west that is putting forth special well directed efforts to make its advantages better known, is reaping some benefit therefrom. The leaven is working.

The legislature of Alberta has settled the much mooted question of a permanent location for the capital of the new province, and settled it in favor of the temporary location—Edmonton. It looks like a fair selection for the entire province.

More strength than anticipated is being manifested for the Lord's Day Observance bill, now before the house at Ottawa. It appears that smelters will be excepted from the provisions of the bill. The bill may have good features, but it has yet to be demonstrated that people can be legislated into being good. There will be some great changes in the make up of the average of humanity before that can be accomplished.

Patrick Burns, the cattle king, has announced his intention of building a home at Victoria. He doubtless selected that point because of its dyed in-the-wool somnolency, a place where he would not be troubled and annoyed by the noise and rush of the maddening throng. But, after all, Victoria has joined the boosting column with one of those 100,000 clubs, and is actually awakening from its Rip Van Winkle sleep. So Pat may change his mind.

San Francisco is gradually rising from its ashes, and bids fair, from reports sent out, to be indeed a city beautiful when the rebuilding is completed. Meantime many great problems are being worked out there in taking care of the thousands of people rendered penniless and homeless by the earthquake and fire. The city of the Golden Gate will beyond doubt be a scene of tremendous activity for years to come—if not visited by another trembler.

WHAT EDITORS SAY

AN EASY MARK.—Mark Twain got a kiss for every time he wrote his autograph for the Vassar girls the other day, and the last heard of the old man he was sending out for more pens.—Montreal Star.

PLENTY OF CANDIDATES.—In answer to a querry, Berry, formerly the English executioner, states that not one of the 900 persons whom he hanged was a total abstainer. Now will you keep sober?—Golden Star.

SOMETIMES DANGEROUS. — The business men of some of our towns are beginning to realize that a newspaper, like a loaded gun, while handy, becomes a dangerous thing in the hands of some people.—Blairmore Times.

ONE WAY TO MOVE HER.—The terminal city certainly has it bad. "Move her! move her! Who? Vancouver!" shrieked the World in great red letters clear across the front page the other day. How would a castor oil cock-tail do?—Vernon Okanagan.

GRAFTERS AT OTTAWA.—The proposed Sunday Observance act in Canada is a distinct blow at the liberty of the people. If the majority of the politicians at Ottawa were not grafters, seeking to hold their positions by pandering to the narrow views of their constituents, they would throw such tyrannical legislation in the waste basket.—Lowery's Claim.

TWO FIDDLERS.—Nero, who was a violinist, fiddled as Rome burned, records history. Mayor Schmitz, of San Francisco, is a violinist of repute; but he "hung up the fiddle and the bow" when the calamity struck San Francisco, and went bravely to work to aid the sufferers and check the advance of the flames. We would rather be a Schmitz once than a Nero a thousand times.—Vancouver World.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician cannot prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

B. C. MINING

The Silver King mine at Nelson has resumed shipping.

The Frank zinc smelter is expected to be in operation about June 1st.

Rossland ore shipments last week were 6,780 tons, making 107,065 tons for the year.

A hydraulic mining company has been formed in Ashcroft with a capital of $250,000 to operate mines on Cunningham Creek, near Barkerville.

Frederic Keffer, engineer for the B. C. Copper Co., Ltd., Greenwood, was recently elected vice-president of the Canadian Mining Institute for a term of two years.

The Western Fuel Co. is credited with securing a $700,000 option on a bunch of anthracite coal claims, located on Graham island, one of the Queen Charlotte group.

What is said to be the largest hoisting plant in British Columbia is being planned for the Centre Star and War Eagle mines at Rossland, to be operated through the former.

Making Shareholders Glad.

The prospector locates the prospect. The prospect attracts the promoter. The promoter and prospector secure the claim. The claim furnishes the basis for a stock company. The stockholders, found through the efforts of the promoter, provide the money. The money, under the supervision of proper officers, develops the prospect into a mine. The mine furnishes the ore, which, properly handled, is turned into money. The money so secured, after payment of operating expenses, is the source from which is paid the dividends that make glad the hearts of the stockholders. Such should be the history of each mining investment, remarks the Sandon Mining Standard.

PHOENICIANS AND BOUNDARY PEOPLE.

Where Old Residents Have Gone and What They Are Doing.

James Punch is now farming in the Lillooet country.

Wm. Dickman, locator of the Providence mine, now lives at Rockville, Wis.

I. Robert Jacobs, formerly of Greenwood, is said to be doing well for himself at Cobalt.

"Papa" Kaiser, who owned the Commercial hotel at Eholt for years, is now a resident of Spokane.

John Stevens, locator of the Victoria and other claims of the Granby group, is now a resident of Victoria.

Richard Plewman, who went broke with the Winnipeg Mines, Ltd., is now said to be a commercial traveller out of Winnipeg.

Mrs. S. A McCormack, for years in Phoenix, is located in the new boom town of Manhattan, Nevada, and has done well down there.

James Schofield, one of the Boundary old timers, and locator of the Stemwinder, Emma and other claims, is living in Lancashire, England.

George E. Breakenridge, formerly a resident of Phoenix for years, but for some time in Tucson, Arizona, is now down in Guadalajara, Old Mexico.

John Riordan, for years secretary of Phoenix Miners' Union No. 8, is still in Chicago, where he is in the office of the Industrial Workers of the World.

George R. Wynkoop, the first merchant that Phoenix ever had, has had ups and downs since leaving here, and the last heard of him he was in Seattle.

H. T. Pemberton, manager of the Montreal & Boston Consolidated, when it was making history, is now said to be doing well selling Marconi Wireless shares in California.

Victor Monnier, at one time in business in Cascade and Phoenix, now resides in 'Frisco, occupying a responsible position as confidential man with a large grain concern.

Claude Bannantyne, for a couple of years engineer and assayer at the Snowshoe mine, was last heard of as being with the Dunderland Iron Ore Co., at Guldsmedvik-i-Ravin, Norway.

J. F Hemenway, for years chief clerk in the Granby mines office here, and last year with the Lewis & Clark fair management at Portland, is now living in Portland, but expects to go to Alaska.

S. F. Parrish, manager of the B. C. mine in the hey day of its glory, and afterwards manager of the LeRoi mine, now makes headquarters at Denver, and is consulting engineer for large mining concerns.

R. B Kerr, for years city solicitor of Phoenix, but who has spent the last year in Oakland, Calif., and has been stumping that state for the Socialists, expects to return to British Columbia with Mrs. Kerr and settle down in Fernie.

Norman H. Slack, at one time acting manager of the E. T. Bank in Phoenix, is now manager of the bank's branch at Acton Vale, Quebec, while A. S. McCaw and A. Morkill, also formerly of Phoenix, are with the head office at Sherbrooke, Que.

John Dorsey, who came into the Boundary with the C.P.R. railway construction, had hotels at Coryell, Hartford Junction, etc., and went broke in some mining schemes in Summit camp, is now once more on the top wave with some copper claims located in the Bulkley valley in this province.

W. S. Fletcher, at one time in the drug, sawmill, and other businesses in Greenwood, is now trying to float land shares in a cement factory yet to be built in Tulare county, California. M E. Miller, also formerly of Greenwood, is associated with Fletcher in Los Angeles, where the Times recently gave the company a free two column write-up.

Sciatica Cured After Twenty Years of Torture.

For more that twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Mine Manager Raising Fruit.

Reports from Vernon state that F. A. Hewer, of Rossland, and J. E. McAllister, manager of the B. C. Copper Co., Greenwood, have bought the fine property of F. Pow, at Rainbow, sixteen miles down the lake. It is the intention of the new owners of the Rainbow ranch to go into fruit raising on a large scale. Fifty acres of trees will be put out at once, and next year very much more. Mr. Hewer was formerly a well known mine manager at Rossland, but has also had some experience in fruit culture, and will, with his family, reside on the ranch, which is over 900 acres in extent. The price paid was a good one.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by J.B. Boyle.

PROVINCIAL.

Enderby will celebrate on the 24th of May.

Revelstoke is to have a 24 mills assessment this year.

Michigan lumbermen have secured fine limits at Violin Lake.

Work is being started by the C.P.R. on its $100,000 steamer for Lake Okanagan.

It is claimed that at least a million fruit trees have been set out in the Okanagan this season.

Six men were killed and six wounded recently by an explosion on the V., V. & E., near Midway.

British Columbia timber is attracting many Americans, and a large amount of capital is being invested.

Kelowna had a $17,000 fire last week, with $4,500 insurance. The sawmill is in ashes for the third time, and the town narrowly escaped.

Since coming under the Dominion supervision, the defences at Esquimalt are to undergo radical changes, among which, the clearing of the harbor of its mines.

The result of Miss Agnes Dean Cameron's controversy with the department of education at Victoria, was the suspension of her teaching certificate for three years. She was principal of one of the Victoria public schools.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by J. B. Boyle. Samples free.

Change in Time on C P.R.

Sunday, May 5, the C.P.R. summer time schedule will take effect, the double trancontinental fast service between Montreal and Vancouver with complete equipment of coaches, diners, tourist and standard sleepers, will be resumed. The main line connection from the Kootenays west from Revelstoke and east from Dunmore Junction will be with the favorite train, the Imperial Limited. From Vancouver the magnificent S.S. Princess Victoria will will make the through trip to Seattle via Victoria. Locally in the Kootenays the boat service will be resumed on Columbia river and on Kootenay lake on the same schedule as last year and a through sleeper will be operated daily between Arrowhead and Vancouver for the accommodation of Kootenay passengers. Trains will leave Phoenix at 3:15 p.m., arriving at 3 p. m. except Sundays.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Occasionally the printer man has his full quota of troubles with the types, which can be perverse to a degree—and it is not always the devil's fault, either. Last week the Pioneer stated that the sum of $7,500 had been raised for a 24th of May celebration at Midway. Of course, it was an error, one of the regrettable kind, a figure 7 having, in some unaccountable manner, been substituted for the figure 1. The Midway folk did well, however, to raise $1,500 for their annual event, and there can be no question but that the people of the Boundary will be there in force to help them celebrate the anniversary of the Good Queen's birth—and Phoenix will send its full delegation.

Henry S. Turner, at one time editor of the Cascade Record, the Greenwood Times and Phoenix Pioneer, and founder of the Grand Forks Sun, writes from San Francisco to say that out of 100 printing establishments in that city, only three escaped the earthquake and fire, and that his was one of the fortunate ones, although the Federal and municipal authorities practically took charge of his office for the time being. Mr. Turner and family also fortunately escaped the calamity, but at the time of writing stated that his nerves had not yet gotten used to the seismic disturbances thereabouts. No wonder.

If these lines should meet the eye of Supt. J. S. Lawrence, of the C.P.R. at Nelson, he might take notice that he will receive the thanks of the teamsters hereabouts if he will have the railway crossings between Phoenix and the Winnipeg mine put in passable condition. At present some of them are a disgrace to Canada's greatest railway.

The city has spent a bunch of money putting in a flume for Twin creek from Second to Church street—which is a decided improvement. But there are those who think some sort of a sewer system should have been provided, and will be required ultimately. It is claimed that for about $15,000 a main sewer could be built, with septic tanks at some point below the city, and that debentures to do the work could easily be floated.

Citizens and taxpayers are still wondering what that city team, that costs something like $50 per month to keep, was purchased for. Recently they were used to haul 12,000 feet of lumber for the Twin creek flume. Not counting the cost of keeping the team, merely the time of those employed at the time, that lumber hauling, according to records, was an expense of about $19 to the city. The hauling could have been contracted for at $1 per thousand feet, which would have saved the corporation just $7 on that one job alone if it had not been the proud possessor of a team. It would have been cheaper to have left the team in the stable.

The Toronto Globe says that a fierce boom is now on at Cobalt, that every one there has the mining fever in its worst form, and that every one has the chance of being gold bricked or sandbagged by others who have everything to gain and nothing to lose; that the local paper is free milling in its editorials, full of pay dirt in its ads, has high grade ore in its poetry and has staked its claim to independence in politics, starting out with 500 free copies. Verily, the people in the cent belt are coming on.

It is a pity that the whipping post is not more in vogue, for there are some that need it sorely. For instance, that man, Peter Pelton, the Finn that left his sick wife and three small children here a few days ago, taking the few dollars she had, and giving it out that he was bound for Alaska. The whipping post is too good for an animal of that calibre, but if he had a good dose of it, he might get a little humanity knocked into him with every stroke of the cat-o-nine tails. The poor woman is absolutely penniless and ill as well, being a charge on the province.

Next Monday there will be the usual change of time table on the C. P. R. for the summer months, the passenger train arriving at Phoenix at 3 p.m., and leaving at 3.15 p.m. All of which means that once more, as heretofore in the good old summer time, it will be an impossibility to get mail through from Phoenix to Greenwood, or vice versa, in one day, it being held over at Eholt for 24 hours. And this brings to mind that big surplus that the Grits boast of in the postoffice department. Why not use some of it to handle mails on the stage between Greenwood and Phoenix?

Peck McSwain, of the Golden Star, is sometimes a philosopher, and makes a ten strike, as note the following bit of gospel truth:

A man stopped us on the street the other day and said we did not publish all the news. We should say not. In the first place, there's somebody else depending on us for a living. If we published all that happened we would be with the angels. In order to please the people we must print only the nice things said of them and leave the rest to gossip. Yes, it's a fact, we don't print all the news. If we did, wouldn't it be spicy reading? But it would be for one week only. The next week you would read our obituary, and there would be a new face in heaven. All the news is all right when it is about the other fellow.

In eastern Canada a new paper has been started, called "The St. Mary's and North Middlesex Argus and Review, and Granton, Lucan, Ailsa Craig, Parkhill and Widder Advocate, and Lucan and Exeter Gazette." It is reported that on the morning of first publication, fourteen dead newsboys were found stretched upon the pavement of the office. They had all strangled in trying to call the name of the paper.

An Okanagan editor printed an item recently which stated that "the man who is hugging the hired girl had better stop or his name would be published." In a day or two 25 citizens paid up their subscriptions and told the editor to pay no attention to the foolish stories going around.

Two Versions.

Sing, and the world's harmonious,
Grumble, and things go wrong,
And all the time
You are out of rhyme
With the busy, hustling throng.
Kick, and there's trouble brewing,
Whistle, and life is gay,
And the world's in tune
Like a day in June,
And the clouds all melt away.

Shmile, und the vorld shmiles mit you;
Laugh, und the vorld vill roar;
Howl, und the vorld will leaf you
Undt nefer come back no more.
For all of us couldn't peen handsome,
Nor all of us vear goot clothes;
But a shmile vas not expensive,
Und covers a vorld of woes.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Thousands of Chronic Ailments of Women Cured Every Month.

Disguised Internal Catarrh the Enemy of Women.

Miss Della Stroebe, Rural Route No. 1, Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors nor medicines.

"I could not enjoy my meals and could not sleep at night. I had heavy dark circles about the eyes.

"My friends were much alarmed. I was advised to give Peruna a trial and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."—Della Stroebe.

Pe-ru-na, the Only Internal Systemic Catarrh Remedy Yet Devised.

Prominent Cases In Illustration.

Mrs. W. F. Hoffman, 601 North 6th street, Kansas City, Kans., writes: "For eight months I suffered with bearing down pains, dizziness, and wretched headaches. The doctors called it by different names, but all agreed that I had female trouble, which was really the cause of my illness.

"They prescribed for me, and I took their medicines, but kept getting worse, until a friend told me I would never get well until I took Peruna.

"Within a week after I started to take it I felt much better and I continued taking it for two months with almost marvelous results.

"I am without an ache or pain, feel ten years younger, and feel that I owe my life and happiness to Peruna."—W. F. Hoffman.

MRS. E. M. MERALD, 128 W. 28th St., INDIANAPOLIS, IND.

MRS. W. F. HOFFMAN, 601 North 6th St., KANSAS CITY, KANS.

Mrs. E. M. Merald, 128 W. 28th St., Indianapolis, Ind., member of A. D. Streight Circle of the Ladies of the G. A. R., writes: "I am to-day enjoying perfect health, thanks to Peruna. For nearly four years I suffered with ovarian troubles.

"The doctor insisted on an operation as the only chance to get well, but I had always dreaded an operation and strongly objected.

"My husband felt disheartened as well as I, and when a friendly druggist advised him to bring me a bottle of Peruna he did so, and I started to use it.

"In a short time my health began to increase, and my aches and pains diminished. Within eighteen weeks I was like another being, in splendid health.

"Words fail me when I try to tell you how glad and grateful I am."—E. M. Merald.

MRS. M. BRICKNER, 99 11th St., MILWAUKEE, WIS.

Mrs. M. Brickner, 99 11th street, Milwaukee, Wis., writes: "I have strong faith in the efficacy of Peruna to cure the ills peculiar to women. A short time ago I found my condition very serious.

"I had headaches, pains in the back and frequent dizzy spells, which grew worse every month.

"I tried two remedies before Peruna, and was pretty discouraged when I took the first dose; but my courage soon returned as I could see that I was being benefited, and in less than two months my health was restored."—M. Brickner.

A reward of $10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonials are genuine; that we hold in our possession authentic letters certifying to the same. Last Monday, April 30th, Mrs. John W. Hannam presented her husband with twins, two girls. This is the fourth pair of twins born in Phoenix, the others being those to the Somerville, Graham and Macy families.

Phoenix ball tossers went down to Greenwood again last Sunday, but were again beaten by the local players, though by the close margin of only 9 to 8 runs. A return game will be played on the Phoenix diamond tomorrow afternoon, being the first here this season.

A movement is on foot to build a wagon road from the Skylark mine to Phoenix. It is claimed it could be done for a reasonable sum, bringing ore shipments and the score of men steadily employed there to this city. The matter should be supported by the business men, the company being willing to do its share.

Sunday some $800 was missed from the Butte hotel, and the next day William Fleming, Andy Peters and H. Goldie were arrested. On being brought before police judge, the charge could not be proved and they were dismissed. Fleming was then arrested on a charge of vagrancy, and sentenced to 30 days at Nelson. He was defended by Solicitor McLeod, of Greenwood, appealed the case and put up a $25 cash bond.

John A. Morrin started yesterday for Nanaimo, to attend the annual meeting of the grand lodge of British Columbia of the Knights of Pythias, which will be held in that place beginning the 9th of May. He will represent Lodge No. 28 of Phoenix, while Duncan Murray will represent Greenwood Lodge No. 29. Mr. Murray, who is engineer at the Pathfinder mine, was renewing old acquaintances in Phoenix yesterday.

From Greenwood comes the report that one hundred men employed by Contractors Tiernay and Creelman on construction at the B. C. Copper Co.'s smelter, struck Thursday for $3 and a nine hour day. Tiernay has been paying $2.50 for ten hours to his 70 men, claims they are satisfied and will not grant the advance. Creelman's men have been receiving the $3 for nine hours and want the other men to get the same rate of wages. Until the matter is settled construction work is delayed.
