# The Phoenix Pioneer

ELEVENTH YEAR — PHOENIX, B.C., SATURDAY, OCTOBER 22, 1910

# Progressiveness is Keynote of Granby

## Jay P. Graves Again Directs Policy—Credit of Corporation to Be Restored by Aggressive Development—Dividends Will Be Paid and New Propties Will Be Acquired

## RUN SMELTER FULL BLAST

"Two facts should be borne in mind in connection with the subject of dividends: First, that the Granby has more than $1,000,000 cash in its treasury; and second, that an advance in the price of copper to 15 cents a pound means the ability to pay more than $500,000 a year increased dividends. Even at our late rate of production, an advance of a cent and a quarter in the price meant additional dividends of $2 a share."

Jay P. Graves, vice-president and general manager of the Granby Mining & Smelting company, made the foregoing statement on returning to Spokane from New York, where he attended the annual meeting of the stockholders on October 4. He said in an interview:

"Progressiveness always has been and will continue to be in a more marked degree than ever the keynote of the policy of the Granby company. We expect to continue to develop more tonnage in our mines each year than we extract. We have produced 6,250,000 tons to date and have about 6,500,000 tons in sight. Should we, for any reason, be unable to do this in our mines at Phoenix, we shall accomplish our object by the development of other properties already owned by the company, or by the acquisition of entirely new ones. In no event will the Granby retrograde into the position of a company whose resources have a definite limit.

"I asked a couple of years ago to be relieved of the responsibilities attaching to the management of the company, owing to ill health which absolutely compelled me to relinquish business cares. The directors officially declined to accept my resignation at that time, but granted me an indefinite leave of absence. Mr. Hodges was appointed acting manager and I gave the affairs of the company no attention whatever.

"When Mr. Hodges was offered a better position in Peru and resigned from the service of the company his subordinates were promoted to the management of the mines and smelter separately, and I presumed that everything would run along the same lines that it had in the past, which it, in fact, did.

"Just at this juncture, however the directors employed Dr. Sussman to make an examination and report on the company's mines at Phoenix. His report proved to be a discouraging one, and somehow or other reached the public before it did the shareholders. The immediate result was a great depreciation in the market price of Granby shares. Nothing could be done to combat this lack of confidence in the company until our annual meeting was held in New York on Oct. 4.

"At that time reports were submitted from the various officers of the company, including myself, which put a totally different complexion on affairs. It was shown that, though the company had produced to date 6,250,000 tons of ore, it actually had in sight 6,500,000 tons. In addition to this it was proved that the company had every year developed a greater tonnage than it had produced, including the year's operations specially dealt with in Dr. Sussman's report.

"The strong position of the company in other respects also was brought to the attention of the shareholders in a forcible way. They were enabled to realize, not only what it meant to have in sight more than four years' supply of ore, figured at the maximum capacity of their smelting work, but the significance of owning one of the most efficient, economical and extensive smelters on this continent, as well as a considerable share in the biggest producing coal mine in British Columbia—the Crows Nest Pass Coal company—and a power proposition at Kettle Falls second to none in the west, besides a great deal of more or less developed mining property, apart altogether from the unprospected areas of the company's mines at Phoenix.

"This year we shall, both by means of diamond drills and permanent workings, develop tonnage in our Phoenix mine to the limit that it can be done economically, while charging such work, as we have always done in the past, to the cost of mining the ore actually produced. At present we are operating two diamond drills, one capable of attaining a depth of 1,000 feet and the other 500.

"No matter how successful the development operations at Phoenix may be, we shall continue to add new properties to the holdings of the Granby company. Recently we took over the Cliff and Consolidated St. Elmo mines in the Rossland camp, and we expect shortly to acquire others which we have been investigating for some time. Our acquisition of a large interest in the Crows Nest Coal company already has justified itself, as that investment now returns us 10 per cent interest, at the same time that it tremendously strengthens our position as an industrial concern.

"While nothing will be done immediately to develop our water power at Kettle Falls, we have the project under consideration and as soon as the details have been worked out the improvement of that great asset of the company will be begun.

"Meanwhile, we have decided to operate our smelter at its fullest capacity. Two more furnaces have been blown in, bringing the daily production of mines and smelter up to 3,300 tons a day. The two remaining furnaces should be in operation in about two weeks more, that delay being rendered necessary to assemble the necessary supply of coke and secure adequate recruits for the forces employed at mine and smelter. When the whole battery is in action we will be treating 4,800 tons of ore per day.

"Last year the Granby produced 22,750,111 pounds of refined copper at an average cost of 10.34 cents, which was sold at an average price of 12.91 cents. On this basis we realized a profit for the year of $564,947, or $3.80 a share on the capital stock of the compay. The tonnage of ore mined and smelted was a little in excess of 1,000,000 tons.

"With our smelter running at its full capacity we shall be treating 500,000 tons more of ore each year, and will be producing somewhere between 25,000,000 and 30,000,000 pounds of copper. The increased production and consequently reduced cost will enable us to increase our net earnings available for the payment of dividends very materially.

"The shareholders of the company, having insisted that, despite my poor health, I should continue in the management, I demanded the privilege of nominating to directorships such men as I know to be in sympathy with my views and as firm believers as myself in the future of the company. This privilege was accorded me, with the consequence

(CONTINUED ON LAST PAGE)

### British Columbia Copper

The net earnings of the British Columbia Copper company from its September operations amounted to $27,600. The cost of production of copper last month increased one-half cent, or from 7.7 cents in August to 8.3 in September. During the month two furnaces were in blast 16 days and three furnaces 14 days.

The Canadian Pacific ran a loaded train of 19 cars through the bumper blocks at the end of the ore bins, occasioning damages which necessitated an interruption of normal operations for more than two days.

### Boundary Ore Tonnages

Following are the returns of the output of the mines and smelters of the Boundary district for the week ending Oct. 22 and for year to date:

| | | |
|---|---|---|
| Granby | 13,485 | 909,019 |
| Mother Lode | 7,887 | 284,050 |
| Rawhide | 3,000 | 9,700 |
| Snowshoe | 2,390 | 122,315 |
| Oro Denoro | | 9,339 |
| Jackpot | 791 | 10,643 |
| Number Seven | 160 | 330 |
| Golden Eagle | | 120 |
| Sally | | 32 |
| | 27,713 | 1,345,548 |
| SMELTER TONNAGES | | |
| Granby | 14,955 | 834,028 |
| B.C. Copper Co. | 12,317 | 285,805 |

### Hedley Gold Mining Shares

Hedley Gold Mining Co. shares, par $10, sold at $15 on the Boston stock exchange last Saturday. The transaction amounted to ten shares.

### Tip Top Operating

The Tip Top mine, in Skylark camp, is again being operated. A force of five men are at development work with George Hambly as foreman.

### Appointed Registrar

A recent issue of the B.C. Gazette contains the official notice of the appointment of David Whiteside to be registrar of joint stock companies, in the place of S. Y. Wootton, resigned.

### Public Works Minister Here

Hon. Thomas Taylor, minister of public works in the provincial house, accompanied by Ernest Miller, M.P.P. for Grand Forks, and J. R. Jackson, M.P.P. for Greenwood, spent a few hours in the city as guests at the Brooklyn on Friday evening of last week. They were en route from Greenwood to Grand Forks. The public works minister is on a tour of the interior.

## Notice

Notice is hereby given that I will apply for a transfer of the Hotel License in the name of Summers & Schulli for the Dominion Hotel, Phoenix, to Antonio Turano at the next sitting of the license commissioners for the city of Phoenix.

Dated at Phoenix, B.C., this 7th day of October, 1910.

JAMES SUMMERS.

## NOTICE

### Liquor Act, 1910

Notice is hereby given that on the first day of December next, application will be made to the superintendent of provincial palice for renewal of the hotel license to sell liquor by retail in the hotel known as the Hartford Hotel, situate at Hartford Junction, B.C.

Dated this 8th day of October, 1910.

JOSEPH J. BASTETT.

## In the County Court of Yale, Holden at Grand Forks, in Probate in the Matter of John F. Thomas, Deceased.

Notice is hereby given that by Order made herein on the 4th day of August, 1910, it was ordered by His Hon. Judge Brown that A. C. Sutton, Official Administrator, be administrator of all and singular the estate of John F. Thomas, late of Phoenix, B.C., deceased, intestate. Every person indebted to said deceased's estate is required to make payment forthwith to the undersigned, and every person having in possession effects belonging to deceased is required forthwith to deliver same over to undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the deceased is required before the 8th day of November, 1910, to send by registered mail addressed to the undersigned, his name and full particulars of his claim or interest and a statement of his account, verified by statutory declaration, and the nature of the security (if any) held by him.

After the said 8th day of November, 1910, the administrator will proceed with the deitribution of the estate having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B.C., the 1st October, 1910.

A. C. SUTTON,
Official Administrator,
Grand Forks, B.C.

| Morrin-Thompson Co. | 19.80 |
| McElroy Bros | 74.05 |
| Telephone Co. | 15.55 |
| Nelson Daily News | 33.75 |
| T. R. Morrison | 10.00 |
| Vancouver Rubber Co. | 291.00 |

## Change of Business

The undersigned wishes to announce to the people of Phoenix that he has taken over the bnsiness formerly conducted by L. Y. Birnie and is prepared to attend to all kinds of plumbing and tinning in Mr. Birnie's old stand. Any work in these lines is solicited and will receive prompt attention. Phone 39.

J. H. MATTHEWS.

## Conservative Association

A general meeting of the Conservative association of Phoenix will be held in the Scandinavian hall on Monday evening next at 8 o'clock for the purpose of electing delegates to the Conservative Convention at Nelson, B.C., on Nov. 18th, and for the transaction of general business. A full attendance is requested.

A. S. Hood, President.
W. X. McDonald, Secretary.

Love's Iron, Quinine and Wine; its a genuine bracing tonic—just the thing for this time of year. Price 75 cents.

Advertising is something like fishing; a person always imagines he would have caught more on the other side of the stream.

## A. S. HOOD

Fire, Life and Accident Insurance. General Agents.

Bank Block, Phoenix, B.C.

# The Difference in Clothes

It is the easiest thing in the world to buy poor clothes. They prevail to a much greater extent than that of the well-tailored, individual and distinctive kind. The poor kind is the easier to make and the profits thereon are larger. But when it comes to satisfaction, that is, wearing quality, perfect workmanship and faultless fashioning, it is **ONLY THE GOOD CLOTHES MAKE A RETURN ON YOUR INVESTMENT**, and these are features we can conscientiously claim for the clothes we sell.

You can't get anything but good clothes at this store, even though you spend as little as $10.00 for a garment. Our **$17 Suits**, for instance, contain the best quality of fabrics and workmanship that has ever been produced in this country for that sum of money, and the patterns are as diversified as the higher priced lines.

**We have in stock a full line of Men's Furnishings, Coat Sweaters, Gloves and Mitts, Shirts, Ties, Collars and Underwear in all lines.**

## N. J. Carson & Co.

LOWER TOWN - - - - PHOENIX, B. C.

## House-Cleaning Time

is here again. We have a very large stock of RUGS AND LINOLEUMS which we offer you at a big reduction. Call and look at our supply before buying elsewhere.

All kinds of FURNITURE on hand at right prices. We also carry the famous Ostermoor Mattress which stands the test.

**C. F. Edwards,** Undertaker
Furniture Carpets

## EMPRESS BUTTER

We are now stocking the Celebrated "Empress" Brand of Creamery Butter from Eastern Canada. This Butter is pronounced to be the finest on the market.

3 lbs. for $1.00. 14 lb. Box $4.50
Choice Ontario Fresh Eggs, $9.50 Per Crate
McLaren's Ontario Cheese, 20c. per lb.

## Why Suffer from Piles?

### Zam-Buk Gives Certain Ease.

Friction on veins (the hemorrhoid veins) that are swollen, inflamed and gorged with blood, is what causes the terrible pain and stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others? Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from the use of Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it give me relief, so I continued it and after using three or four boxes I am pleased to say it has effected a complete cure."

Mr. G. A. Dufresne, 183-185 St. Joseph Street, St. Roch, Quebec, P.Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles."

Magistrate Sanford of Weston, King's Co., N.S., says: "I suffered long from itching piles, but Zam-Buk has now cured me."

Mr. William Kenty, of Upper Nine Mile River, Hants Co., N.S., says: I suffered terribly from piles, the pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and thought as a last resource I would give this balm a trial. I procured a supply and commenced with the treatment. After a very short time Zam-Buk effected what several other ointments and medicines had failed to do—a complete cure."

Zam-Buk is also a sure cure for skin injuries and diseases, eczema, ulcers, varicose veins, cuts, burns, bruises, chaps, cold sores, etc. 50c. box all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

## King Edward Lodge No. 36

A. F. and A. M.

Regular communication at 8 p.m. Second Thursday of each month. Emergent meetings as called; Masonic Hall, McHale Block.

W. S. Cook, Secy. R. S. Fraser, W.M.

## I.O.O.F. Snowshoe Lodge No. 36

Meets every Monday Evening at Miners' Hall. Visiting brethren cordially invited.

J. P. McKenzie, Noble Grand.
W. A. Pickard, Fin. Secy.
T. A. Bean, Record. Secy.

## FRATERNAL ORDER OF EAGLES

**Phoenix Aerie No. 158**

J. Thornton, W.P.
Orrin D. Bush, W. Secy.

## K. of P. Lodge, No. 28

**Phoenix, B.C.**

Meets Tuesday Evening at 7.30. Sojourning brothers cordially welcomed.

Gordon Thompson, K. of R.S.
J. W. Hannam, C.C.

THE PHOENIX PIONEER
and
Boundary Mining Journal

ISSUED WEEKLY

Subscription, 2.00 per year
2.50 to United States

T. Alfred Love, Publisher.

Saturday, October 22, 1910

The statement of Jay P. Graves, vice-president and general manager of the Granby company, concerning the present and future plans of the big Phoenix producer, which appears on the first page of this issue, will be read with enthusiasm by residents of Phoenix and the entire Boundary district. His words are not only optimistic for the company and reassuring for shareholders but carry with them an assurance of an expansion in operations which will create greater activity in mining throughout the district. Mr. Graves connection with the Granby and other corporations leaves no room for doubt but that he will carry out his progressive policy with eminent success.

---

A Marconi message has been sent from Glace Bay, Newfoundland, to Buenos Ayres, a distance of 5,000 miles. This is said to be the longest distance that a wireless message has ever been sent. The latest application of wireless telegraphy has been made by the British Admiralty, which is in possession of an appliance whereby communication can be maintained with a submarine when under water. With men in a ship beneath the sea talking with men on shore and with torpedoes being directed by wireless upon their course we have reached an era in which Jules Verne's stories begin to seem commonplace.

---

Everything points to a particularly promising winter for businessmen of Phoenix. The Granby company will operate at full blast, operations at the Rawhide are being steadily increased, the forces at the Jack Pot and Number Seven mines are being augmented and indicate a monthly payroll of upwards of $100,000, which will be disbursed by checks at Phoenix bank. There is every reason to expect a record business season.

---

It is growing times with the British Columbia government; although expenditures grow in volume, the receipts produce a surplus of millions through careful financing. For the year ending March 31 last the surplus amounted to $2,700,00. The province is in a position to pay off the whole of the public debt, if it were policy to do so.

---

Begin to advertise right now. The problem of getting quick and satisfactory results has been solved, and business conditions throughout the country are in splendid condition. Begin now.

Enduring fit, because all Pen-Angle Underwear is unshrinkable. Exceptional value because it does wear amazingly. Real comfort, because so knit that the shape stays in it. These reasons should make you request the brand and look for the trademark. Have you tried Penman's No. 95? For the children as well as grown ups.

**Pen-Angle**
**Underwear & Hosiery**

## FADS AND FANCIES OF FASHION

We have purchased for Fall Trade a large selection of the latest creations in the Jewelry line. These will shortly begin to arrive.

**SILVERWARE**

We have purchased a LARGE ASSORTMENT OF NEW AND UP-TO-DATE SILVERWARE, which will arrive the coming week. Keep your eye on our Show Windows.

**HAND BAGS**

The newest styles and shapes. Large selection to pick from. Monograms or single letters made to order for same on short notice.

**E. A. BLACK, THE JEWELER**

## Office and School Supplies

Everything in Office and School Supplies will be found at Almstrom's Stationery Store with a good selection to choose from—text books, blank books, pens, pencils, ink, erasers, scribblers. writing pads, envelopes, papeteries, files typewriter requisites, etc.

Latest Newspapers, Magazies, Fashion Plates and Novels

**Al. Almstrom**

**Select Confectionery** **Fancy Goods** **Musical Instruments**

## Here's A Hint!

GOOD CREAM OR MILK, such as the PHOENIX DAIRY BRAND, is the basis of a tempting meal. It makes everything taste better. Try it—and you'll always buy it. All milk is aereated before being sold.

**Phone E 32** **W. A. McKAY & SONS**

DELIVERED TO ALL PARTS OF THE CITY

## Local and General

Constable Bray was in Nelson this week.

A. S. Hood was in Grand Forks on Monday.

Mrs. John Pierce visited friends in Grand Forks.

Rev. S. Lundie was in Grand Forks yesterday.

Road Inspector Spraggett was in the city yesterday.

Sydney Johnson was in town from Greenwood Tuesday.

Furnished house to rent; apply to J. McIntosh, upper town.

Dry wood in car lots for sale; apply to J. Trombley, Phoenix.

Geo. A. Ohren of Rossland was a visitor in Phoenix on Thursday.

E. W. Bishop has sold his Greenwood business to Robert Halcrow.

Constables Bunbury and Woods of Greenwood were in Phoenix Thursday.

Girl wants position attending children or washing dishes. Apply M. Vezzetti.

Born—At Boundary Falls, on Oct. 11, to Mr. and Mrs. E. O. Lewis, a son.

H. G. Wright of Nelson spent Sunday in the city with his father A. W. Wright.

Harry Plaisance was in town from Greenwood this week renewing old acquaintances.

For sale, best wood business in town; small capital required. Enquire P.O. Box 211.

Mr. and Mrs. D. Stafford and family visited friends in Grand Forks on Thursday.

Five-roomed house for sale, good well water; Golden Eagle addition; apply to R. Wilkinson.

The annual convention of the B. C. Conservative association will be held in Nelson on Nov. 18.

Greenwood hockey club will be minus Charlie Russell on its line-up. Charlie has gone to Merritt.

Good headway is being made in the remodelling of the Birnie residence for the Methodist church.

Martin Burrell of Grand Forks will be a judge at the Canadian National Apple Show in Vancouver.

Just received a large shipment of Parisian Sage, the popular hair tonic; 50c. per bottle at Love's.

# CONSTRUCTION ALONG KETTLE VALLEY LINE

### Four Hundred Men Will Be Employed This Winter

That the Kettle Valley will be the scene of great railroad construction activity this coming winter is indicated by the statement of David McBeth, who says that J. G. McLean, the contractor in charge of the construction work on the Kettle Valley railroad, will have 400 men in the field shortly. At present about one quarter of this number are at work.

Mr. McBeth has recently received a subcontract for the clearing of the right of way between Rock creek and Beaverdale, a distance of about 25 miles. He expects to have the work completed by March 1 next.

"Dave" McBeth as he is known throughout southeastern British Columbia, is one of the pioneer railroad construction men in the province. He was one of the men in charge of the building of the C.P.R. main line and first crossed the Rockies in 1877. Since that time he has been almost continuously engaged in similar work for the C.P.R. and other companies.

George Wellwood has the contract for clearing two miles of right-of-way near Westbridge.

### Capture Four Deer

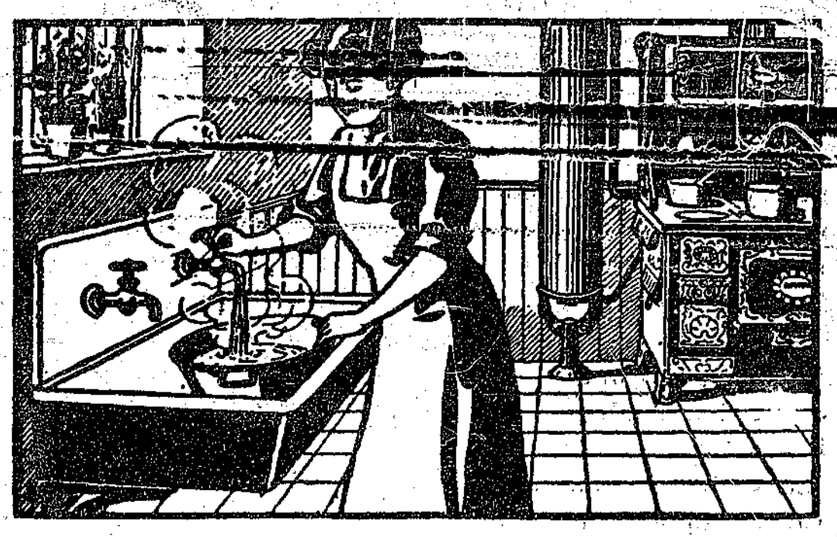
Henry Goodwin, Sam. Matthews and Thos. Bonner returned to town last night after a week's shooting expedition up the main Kettle river and claim the hunting honors of the season. They brought home four deer which they secured near their rendezvous at Williams creek. They had a splendid trip and report game fairly plentiful.

### Invests in Northern Alberta

John McIntosh returned recently from a trip to northern Alberta, and is quite enthusiastic over the possibilities of Edmonton, the capital of the sunny province. Mr. McIntosh took a trip over the new Canadian Northern line, which is now built about 150 miles west of Edmonton, being interested in some property at the first divisional point.

### A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a shortage of telegraphers. Positions pay beginners from $70 to $90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R.R. and Wireless Officials, and places all graduates into positions. It will pay you to write them for full details at Davenport, Ia., Cincinnati, O., Portland, Ore., or Memphis, Tenn.



## Piping Hot Water Always Ready

for every occasion, with the Kootenay Steel Range, without "driving" the fire or wasting fuel. The generous firebox is built so that the water heats very rapidly as it passes through the water front, and gives a plentiful supply. One bath usually empties the boiler heated by an ordinary range with the result that the rest of the family must wait for more water to heat. Not so with the boiler attached to the water front of a

**KOOTENAY Steel Range**

because the Kootenay never fails to heat as much water as is required and as fast as it is used. The nearest McClary Agent will make clear to you the reasons why you ought to *own* a Kootenay. 56

# PROGRESSIVENESS IS KEYNOTE OF GRANBY

[illegible] views of authority in connection with the carrying out of the policies I have outlined.

"My first object will be to restore the credit of the Granby company. This I purpose to accomplish by working the property in such a way as to give the shareholders a reasonable and constant return on their investment, with the assurance that as the price of copper rises or other factors operate to the company's financial advantage, they will receive the benefit immediately. At the same time I shall so conduct the company's business as to insure a steady addition to its ore resources, while maintaining its plants at the high standard of efficiency they now have reached."

## Opens Office Here

The Wright Investment company have opened an office in Phoenix and made arrangements with Cosgrove & McAstocker to act as local agents.

The Wright company are at present specializing in farm lands in the Fort George district, and have gone to considerable expense in procuring photographs and actual facts concerning the productiveness of the soil and general conditions of the country, substantiated by government surveyors and geologists. A display of these photographs has been made in the window of the Phoenix Club where all available information in connection with the district can be had on enquiry to the local agents. Each block of land is photographed and specially reported on.

[illegible] investment both [illegible] return [illegible] record. Last year they dispos[illegible] lots to local buyers. These sales have all been of a most satisfactory nature; claims made by the company have not only been verified but nearly all of the lots have doubled in value.

# EXCAVATING FOR NEW SCHOOL UNDERWAY

## Contractor Commenced Work on Monday

Contractor Cosgrove commenced work Monday on the excavation for the new public school for Phoenix on the recently acquired property on the corner of Victoria avenue and First street.

The work has progressed favorably and the building of the stone foundation will be commenced as soon as the material can be secured. It is intended to have the foundation built, if possible, before the severe weather sets in, so that the framework of the school can be proceeded with during the winter. Should severe weather come before the foundation is built, however, further construction work would have to be suspended until spring.

The plans for the new building are now completed and tenders for its construction will be called for in a short time.

The school property consists of 90 feet frontage on First street and runs back 180 feet. The new structure will be 55 x 72 feet and will be set back 30 feet from First street and on a line with Victoria avenue.

# To Investors

About two years ago we persuaded about fifty of the citizens of Phoenix to buy lots in the vicinity of New Westminster.

Throughout the Kootenays we sold over five hundred lots most of which were sold for $150 each; they are now worth $300 and sell more readily at that figure than they did formerly at half that price. This is away over fifty per cent on the investment, because the lots were bought on small payments; some of them are scarcely completed. But the big advance in values is only just beginning. New Westminster is going ahead at a wonderful rate, and the greatest growth is directly towards the lots we sold here. Last year the Municipality of Burnaby raised $150,000 for roads; they are now going to expend $70,000 for sidewalks, and a system of waterworks is going in. Every year those lots will steadily advance in value because they are bound to occupy a central position in one of the world's greatest cities. We are now offering a few choice lots at exactly the same price as we are getting for them in Vancouver, and on very easy terms.

We can also offer some of the very best land in the vicinity of Fort George, which we have personally examined several times and can guarantee every acre of it free from rock, gravel or any other undesirable features. It is bench land, splendid soil, close to the Fraser and Grand Trunk Pacific Railway, and three other railways are projected through or alongside the land. It will grow any kind of crops, but for the next few years fortunes will be made from hay.

What is land worth that will grow two to four tons per acre, worth at least $25 per ton? Sure crop every year with very little work. It should be worth $100 per acre; we will sell forty acres for $500 on very easy terms, and guarantee that the land is exactly as represented in surveyor's notes and photographs or return every cent paid on account. We have done business with probably one thousand people throughout the interior of B. C., and if there is one who has not made money who bought through us, or is at at all dissatisfied; we do not know it.

Never in the history of this Province, or probably in the history of the world has there been such an opportunity for the small investor to make large profits with certainty. Do not wait. The things that come to those who wait are generally the things no one else wants.

We have opened an office at the Phoenix Club, call and see field notes on land.
