HEDLEY GOLD MINING CO. PAYS DIVIDEND

Fourth Quarterly Dividend Paid by Nickel Plate Owners

The Hedley Gold Mining company has declared another quarterly dividend of three per cent, payable on October 1st to all stockholders of record Sept. 17th. This will be the fourth dividend of three per cent paid by this company since taking over the famous Nickel Plate property at Hedley on Aug. 13, 1909, and will make a total disbursement of $143,760 in dividends.

The profits of the Hedley Gold Mining company have been running close to $30,000 per month and indicates the company is earning about $2 per share on its outstanding capital. Up to June 30 last the company had earned $231,459, paid $107,520 in dividends, and carried $123,939 to credit of profit and loss.

The company has capitalized the amount expended on reconstruction amounting to $53,287, but the expenditures for development, diamond drilling and prospecting amounting to $11,962 are being charged off.

Although a dividend-payer and listed on the Boston stock exchange for some months, there does not appear to have been any sales of the stoek of the Hedley Gold Mining company. It is quoted as "12 bid, 14 askedr" The company is a close corporation and no outside participation in its shares has ever been solicited.

Nelson Fair Attractions

The free attractions at the Nelson Fair this year to be held three days, commencing Wednesday, September 28th, are far away ahead of any thing previously attempted, a glance through the acts already engaged will convince one that great expense has been incurred in securing such notable attractions at the Five Flying Banvards, in their marvellous leaping and casting act 50 feet in the air. Some idea of this act may be realized when we are told that the space required is 50 feet in breadth and 60 feet in length. This act is without doubt one of the strongest of its kind on the continent; at one time it was the sensation of Berlin, Germany, since when it has been featured with the Ringling Bros. and all the big circusses. Another act of national reputation is the Leojoe Troupe of three ladies and two gentlemen in a marvellous and refined bicycle act; still another good comedy act "La Cattella and La Folletta," The Fool and the Circus Girl. Professor Darnell, the Fearless Aeronaut, has also been engaged to make a Balloon Ascension and Parachute Leap.

Minto Cup in Safe Keeping

That the Minto cup is in safe keeping, with the New Westminster lacrosse team as guardians, has again been amply illustrated by the trouncing the defenders have given the Nationals of Montreal, the score of today's game being the most decisive registered against any challengers for possession of the cup which is emblematic of the world's championship. Westminster won by a score of 11 to 1 today and 7 to 3 last Saturday, making the combined score in the two games on which the possession of the trophy rests 18 goals to 4.

Ore Dumps Take Tumble

The breaking of a rail was the cause of five ore cars filled with ore being ditched on the high switchback from the Granby mine last Saturday afternoon. The engine and four cars had passed safely over the rail when the break occurred. The wrecking crew had the track cleared by Monday.

ALTON MATHESON HAS CLOSE CALL WITH GUN

Weapon Falls From His Hands and Is Discharged

Alton Matheson had a very close call on Sunday, when a gun he was holding fell and accidentally discharged, the pickles of shot causing deep flesh wounds on his body and face.

With John McDonald he was out shooting grouse and was standing with a foot on each of two logs, holding the gun, cocked and muzzle upwards in front of him, when the weapon fell and was discharged by the trigger striking a log. The charge passed upwards parallel with his body, tearing his clothing and inflicting deep flesh wounds. The shot also grazed his face and blew his hat off.

The accident occurred near the Skylark mine after which he walked to the Phoenix road and was driven home. The wounds were dressed, and none are considered serious, but it is not likely Alton will forget the experience for a time.

Will Develop Combination

F. J. Whaley, of the Spokesman-Review, and M. Bartholomew, of Spokane, were in Phoenix this week for the purpose of inspecting their mining interests in the Boundary. They control the Combination mine, near the Providence, north of Greenwood, and have let a contract for the sinking of a shaft and other development work. John Bergman and L. P. Olsen have taken the contract.

PRESIDENT INSPECTS B. C. COPPER'S MINES

Newman Erb Arrived in Boundary Yesterday

President Newman Erb of the British Columbia Copper company, who is also vice-president and chairman of the New Dominion Copper company, which is controlled by the former corporation, reached the Boundary yesterday from New York to personally inspect the several properties of the two companies. He arrived in a private car of the Ann Harbor railway, of which he is chairman, and was accompanied by J. M. Ditlenhoeffer, chief counsel for the latter corporation, Mrs. Ditlenhoeffer and son, also of New York.

Making their headquarters at Greenwood, where they visited the smelter now being enlarged, Messrs. Erb and Ditlenhoeffer were driven to the mines at Phoenix, Wellington camp and Mother Lode by J. E. McAllister, general manager, and Frederic Keffer, consulting engineer, of the British Columbia company, and appeared well pleased with the equipment and properties.

The party go from here to the company's Napoleon mine, at Orient, Wash., early next week to inspect the property, where it is understood the company have under consideration the construction of a mill and cyanide plant, the Napoleon having developed a large tonnage of promising ore.

B. C. Copper Advancing

The whole market complexion of British Columbia Copper shares has experienced a change in the last week, says the New York Mining Outlook. Dating from Monday morning the stock has been one of the most active on the New York Curb market, advancing at the opening on Monday to sales above $5, compared with a closing on Saturday at $4¾.

The movement is due to a statement, issued semi-officially, to the effect that the company has now $250,000 in its treasury and $100,000 in ore in transit, and that as soon as the treasury has been strengthened to the extent of $500,000, the question of a dividend on the stock will be taken up.

During the last few months, British Columbia's earnings have been very light, but this is attributable to the stagnant condition of the copper market, with the prevailing low prices on the metal. In view of the statement of the company's present treasury condition, it is believed that recent statement of monthly earnings have been reported on copper only.

Boundary Ore Tonnages

The output from Boundary during the past week shows somewhat of a falling off from the previous week, but was only incidental. Granby did not ship on Monday on account of an accumulation of ore at the smelter, the Rawhide will postpone further shipments till after the first of October, and those from Mother Lode are less as a result of increased shipments from other properties to the British Columbia smelter.

Following are the returns of the output of the mines and smelters of the Boundary district for the week ending Sept. 24 and for the year to date:

Granby	12,676	855,830
Mother Lode	5,429	252,287
Rawhide	2,400	2,400
Snowshoe	2,390	112,905
Oro Denoro	689	9,339
Jackpot	639	8,456
Golden Eagle		120
Sally		32
	21,823	1,241,369
SMELTER TONNAGES		
Granby	13,615	779,388
B.C. Copper Co.	7,795	242,180

GOLD DISCOVERY EXCITES CRESTON

Stampede from Erickson to Get Claims—Found by Old-Timer

Great excitement has been aroused in the Creston district by the discovery of rich placer gold deposits in the bed of the Goat river. Ira Beam, an old-time prospector and gold miner, who has passed through some of the greatest gold rushes in Western America including the stampede to Nevada, is the lucky discoverer of these claims. About a year ago Beam was observed panning gold dust on sections of the Goat river, but it was thought to be only another instance of a prospector's madness. Suddenly he appeared in town on Thursday last with some very fine specimens of coarse gold and the news leaked out that he had located two claims just above the canyon in the Goat river. A rush at once occurred to the vicinity of the finds. Messrs. Stocks and Jackson and J. McNarland were the first wise ones and they have taken three claims close to the ones filed on by the original located. Up to the present time eighteen claims in all have been staked.

A few days ago work at Erickson was entirely suspended while the adult population hastened out to secure claims. Pannings had given fifteen colors to the pan of coarse gold. Traces of the precious metal have been found fifty to sixty feet in the banks of the stream, and in the bed of the river gold is believed to be present in paying quantities, as the pannings give better results right down to the water.

Presented With Jewel

David Whiteside, formerly a barrister of this city but who has been practising in Grand Forks for the past several years, and is leaving in a few days to accept a position in the attorney-general's office at Victoria, was presented with a Past Grand's jewel by Gateway Lodge, I.O.O.F., at Grand Forks on Thursday evening. Mr. Whiteside is the present district deputy for the lodges of the Boundary. Referring to the presentation the Grand Forks Gazette says:

Mr. Whiteside in reply thanked the members of the order for the kindness shown himself and Mrs. Whiteside, in a very neat manner. Afterwards speeches were made by a large number of the Oddfellows, who all spoke in the highest terms of the departing one. An elegant supper was served in the large banquet hall, the tables presenting a very handsome appearance, being loaded down with the good things to eat, as well as decorations.

Mr. Whiteside has been a member of Gateway Lodge, No. 45, I.O.O.F. for the past eight years coming into the local order from Snowshoe Lodge, Phoenix, the installation of which he was the father of.

Martin Burrell, M.P., addressed the Boy Scouts corps at Greenwood, known as the Premier's Own, yesterday, and presented them with a handsome flag on behalf of Premier McBride.

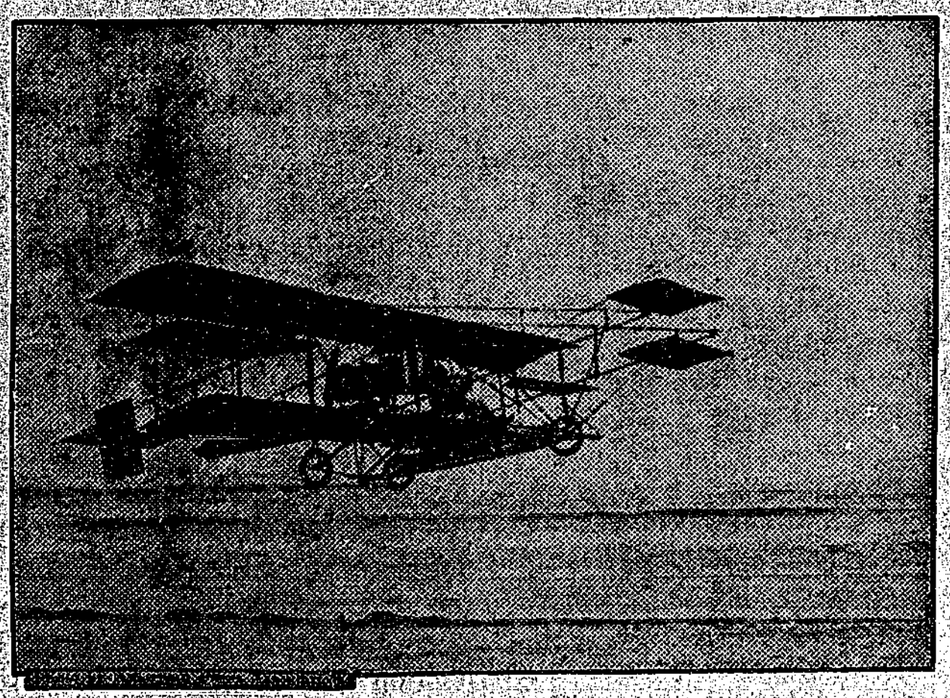
Racing Program Best Ever

Purse events, running stakes and relay races, entries for which closed Sept. 1st, all filled well for the Spokane Interstate Fair, October 3 to 9 next. Manager R. H. Cosgrove, who has just returned from Butte, where he made final arrangements with owners participating in Butte's big summer meeting, says the Interstate Fair is assured of at least 100 horses now racing at Anaconda, Great Falls and Helena. In addition there will undoubtedly be gfty horses now racing at Portland, Walla Walla and North Yakima. Among the owners who will be in Spokane is Green B. Morris, who, at 78 years of age, is the oldest horseman now actively in the racing game. In 1888 he sold Sir Dixon for $40,000, probably the highest price ever paid for a running horse. He was following the ponies as early as 1864 when he journeyed through Spokane on the hurricane deck of a prairie schooner. Some of Morris' horses which will be seen at Spokane are Brighton and Harlem Maid, both of which were in the money often at the Montana meetings.

W. H. Sharp of the brokerage firm of Sharp & Irvine, Spokane, was in the city for a few days this week. He says the business trend for this fall looks bright.

John D. Spence, barrister of Greenwood, left yesterday for Toronto, where he will practice his profession.

CURTIS AEROPLANE FLYING AT ATLANTIC CITY, N. J.



THIS SAME MACHINE WILL POSITIVELY APPEAR EVERY DAY AT THE SPOKANE INTERSTATE FAIR, OCTOBER 3 TO 9, 1910.

The star attraction of the Spokane Interstate Fair, the one big feature which the management expect will bring the largest crowds to Spokane the week of October 3d, is the Curtiss Aeroplane. This marvelous flying machine is the same one that won so many prizes in Los Angeles last winter, the one that made the successful flight from Albany to New York, and also from New York to Philadelphia and return.

The contract which the Spokane Interstate Fair management has made with the Curtiss Company of Hammondsport, N. Y., calls for a payment of approximately $1000 a flight, and under the terms of the agreement, the Curtiss Company are to send two complete machines and their most expert aviator. At least four or more flights are to be made every day of the Fair, October 3 to 9, and the machines will also be on exhibition on the ground at all times.

Hardware Headquarters

Hunter's Supplies

The hunting season is now in full swing and we have the requisites to help you bring home the game. Don't take chances with old dangerous weapons, buy a new gun. We have a good assortment of up-to-date sure hitters; also ammunition, cleaning rods, oils, etc.

Heating Stoves

This is the time of the year that chilly evenings make a warm cosy room particularly attractive. We have a nice selection of heaters, one of which burning in your room will go a long way to making your hours of rest more enjoyable. We have the Heaters in several sizes.

City Voters' List

The following are entitled to have their names inserted on the Voters' List of the City for the year 1911:

Any British subject, male or female, of the full age of 21 years, being:—

1 An owner of real estate of the assessed value of not less than $100.

2. A resident authorized representative of an incorporated company which is the assessed owner of land or of improvements of lands within the municipality.

3. The owner of a trade license the annual fee of which is not less than $5.00.

4. A householder; "Householder" shall mean and include any person of the full age of 21 years who occupies a dwelling, tenement, hotel or boardihg house, or any part or portion of a dwelling, tenement, hotel or boarding house, and who shall, unless exempt by Statute or Municipal Bylaw have paid directly to the Municipality, rates, taxes or fees of not less than $2.00 for the current year.

The names of property owners, as above, will be taken from the assessment roll and inserted on the list.

Representatives of incorporated companies must hand in their authority to the City Clerk before their names can be inserted.

License holders and house holders must make the statutory declaration during the month of October, and hand the same to the City Clerk within 48 hours after it is made. All declarations must be handed in by 5 p.m. on October 31st.

All aliens owning or renting property are not entitled to vote until the necessary naturalization papers have been taken out. Forms of declaration can be obtained at the City Hall on and after October 1st.

Cards and Dancing

No longer is it prohibitive for members of the Methodist church to indulge in card playing and dancing. The clause that has for years been the object of protest was expunged from the dicipline of the church at the recent general conference and in future practices that have in the past been under the ban will be left to the individual judgment of the church members.

The old clause was to the effect that "the general rules of the church are to be understood as forbidding neglect of duties of any kind, imprudent conduct, indulging in sinful tempers and words, the buying, selling or using of intoxicating liquors as a beverage, dancing, playing games of chance, encouraging lotteries, attending theatres, horse races, circuses, dancing parties, patronizing dancing schools, taking such other amusements as are obviously of a misleading or questionable moral tendency and all acts and disobedience to the order and discipline of the church."

The new clause is as follows: "Forasmuch as these rules are to be interpreted by the enlightened Christian conscience according to the principles of Christian liberty revealed in God's Word, our members are earnestly admonished that they guard with great care their reputation as servants of Christ; and in the case of those amusements and practices which are of a hurtful and questionable tendency they engage in none injurious to their allegiance to Jesus Christ, their Master."

And now that the bugbear of Methodism has been removed church members are at liberty to follow the dictates of their own consciences. The presence of the restrictive clause in the church discipline did not by any means prevent cards and dancing on the part of some and for that reason it had become a breeder of hypocricy and indifference.

The Granby Consolidated Mining, Smelting and Power Co., Limited

NOTICE is hereby given that the tenth ordinary general meeting of the Granby Consolidated Mining, Smelting and Power Company, Limited, will be held at the branch office of the company, No. 52 Broadway, New Nork, N.Y., on Tuesday, the fourth day of October, 1910, at 10.30 a.m., for the purpose of electing directors and transacting any other business that may properly come before the meeting. The transfer books of the Company will close 3 p.m. Sept. 10th and reopen 10 a.m. October 4th, 1910.

Dated this tenth day of September, 1910.

One of the latest prominent gentlemen to speak highly in Zam-Buk's favour is Mr. C. E. Sanford of Weston, King's Co., N.S. Mr. Sanford is a Justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Berwick. Indeed it would be difficult to find a man more widely known and more highly respected. Here is his opinion of Zam-Buk. He says:—

"I never used anything that gave me such satisfaction as Zam-Buk. I had a patch of Eczema on my ankle which had been there for over 20 years. Sometimes also the disease would break out on my shoulders. I had applied various ointments and tried all sorts of things to obtain a cure, but in vain. Zam-Buk, unlike everything else I had tried, proved highly satisfactory and cured the ailment.

"I have also used Zam-Buk for itching piles, and it has cured them completely also. I take comfort in helping my brother men, and if the publication of my opinion of the healing value of Zam-Buk will lead other sufferers to try it, I should be glad. For the relief of suffering caused by Piles or Skin Diseases I know of nothing to equal Zam-Buk.

Zam-Buk cures ulcers, abscesses, blood-poisoning, worm, festering or running sores, bad leg, varicose ulcers, salt rheum, prairie itch, cuts, burns, bruises, baby's sores, etc. Purely herbal. 50c box, druggists and stores. Refuse imitations.

$2.50 to United States

T. ALFRED LOVE, Publisher.

SATURDAY, SEPTEMBER 17, 1910

President Hendry of the Canadian Manufacturers' association, dealt a heavy blow at the proposal for reciprocity negotiations between Canada and the United States in a recent address in Vancouver. He said: "Forty years ago Canada was the suppliant, anxious to secure a market in the United States for her natural products. Today it is the United States who is the suppliant, anxious to secure a market in Canada for her manufactured products. Canada today stands in no need of reciprocity with the United States."

To celebrate a century of peace since 1811 a great demonstration is being planned in Toronto for 1912. It will include pageants and military displays. A strong effort will be made to unite the people and the Government in an invitation to the King. A cordial invitation will also be issued through the British Government to the Presidents of France and the United States to join in the final ceremony.

The mining town of Cobalt, which is built on a silver foundation, and bounded on the north, south, east and west by minerals is practically bankrupt, and the council has asked the provincial government for financial assistance.

A scientific journal states that a twenty dollar gold piece can be beaten into leaf that will cover more than sixteen square yards of surface. We will be pleased to demonstrate the experiment to any of our readers handing in a double eagle.

If what is said about it in the papers is true, the automobile craze in the United States is costing the people of that country nearly as much as a foreign war. So many people are morgaging their homes to buy motor-cars that it has become a joke with the newspapers.

The first exhibition in the Boundary district, will take place in Grand Forks on Oct. 4. The varied resources of the Boundary should make the fair an eye-opener to visitors.

Twenty-one Liberal members of Parliament from Scotland have issued a manifesto declaring that the time has come when that country should be ruled by the Scottish people.

A Baltimore man took out a hunter's permit in mistake for a marriage license. The bride refused to be made game of and called the ceremony off.

David Good and Robert Perry leave this week for Kelowna with a pack of horses. They will pack supplies from that town to the Kettle River railway surveyors.

Indians and old-timers of the country predict the coming winter a particularly cold one, basing their predictions on the fact that all fur-bearing animals are getting ready for a severe season.

Mr. and Mrs. John D. Spence left Greenwood yesterday for Toronto, where Mr. Spence will in future practice law. General regret is expressed at their departure from Greenwood where they have long been esteemed residents, and where Mr. Spence has been most successful in the legal profession. The Liberal association of Greenwood, with which Mr. Spence had been prominently identified, presented him with a gold-headed cane at a smoker in his honor Tuesday evening. E. R. Redpath made the presentation on behalf of the association.

King Edward's Salary

The "board and keep" of the late King Edward in the nine years of his reign cost England $42,438,772, or $4,715,419 per annum, according to official figures just made public.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a shortage of telegraphers. Positions pay beginners from $70 to $90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R.R. and Wireless Officials, and places all graduates into positions. It will pay you to write them for full details at Davenport, Ia., Cincinnati, O., Portland, Ore., or Memphis, Tenn.

Notes of the City

John Cordy left yesterday on a month's trip to the coast.

Dan Biner returned today from a business trip to Spokane.

Now that the chill is in the atmosphere the sportsmen's fancy turns to thoughts of hockey.

R. L. Mytton is on a trip to Vancouver and other coast cities.

Dry wood in car lots for sale; apply to J. Trombley, Phoenix.

Mrs. William Delahay left today for Victoria on a visit to friends.

Mrs. William Knight has returned from a visit to friends at Bossburg, Wash.

W. H. Bambury left today on a month's trip to Victoria and Vancouver.

Mrs. D. W. McKenzie and Miss Madena are on a visit to friends in Spokane.

Born—In Phoenix, on Sept. 18th, to Mr. and Mrs. Charles Biesel, a son.

Born—In Phoenix, on Sept. 11th, to Mr. and Mrs. F. E. Brine, a daughter.

Born—In Phoenix, on Sept. 22nd, to Mr. and Mrs. J. Tapero, a daughter.

Harry Richardson of the Granby company spent this week with friends in Rossland.

Frank Wilm is due in Phoenix in a few days to assist the staff at the Eagle tonsorial parlor.

J. H. Park returned Thursday after spending a couple of weeks in Spokane and in Idaho.

By an order-in-council passed at Ottawa, Monday, October 31, has been declared Thanksgiving day.

For sale, house and lot, on New York townsite; well adapted for chicken ranch or cattle; clear title; apply to T. H. Richards.

Palmer J. Cook, who has been spending the summer prospecting in the hills of the Portland Canal district, has returned to town.

Snowshoe Lodge, No. 46, I. O. O. F., are making preparations for its annual dance on the evening of Thanksgiving day, Monday, Oct. 31.

Scotty Lackie floored Bob Pritchard in the second round of the boxing contest in the opera house Monday evening. The back of Pritchard's head struck the floor which laid him up temporarily.

The Bell piano on which tickets are being sold will be drawn for on Friday evening, Sept. 30. Any person wishing to buy tickets can do so any evening at store on Dominion avenue, where the piano is on exhibition.—Miss McDonald.

P. W. George of Greenwood, formerly of Phoenix, was a visitor in town yesterday. Mr. George spent several weeks in the Portland Canal district, but did not become particularly enamored with the new mining country.

P. Boyles and M. Cranley left for Christena Lake today, where they will join O. B. Smith and spend a week and camp on the trail for deer.

John Scott, formerly a local telegraph operator but now taking a course in mining engineering, left this week for New Westminster, where he will attend the Columbian college.

The Grand Forks Gazette, referring to the resumption of publication of the Pioneer after the fire, presents us with the following bouquet: "The Pioneer makes its appearance in a new style, namely a four column eight-page paper. As for news matter and artistic display in the advertising department it is the same old paper, one of the best in the province."

There have been persistant reports that there are a number of bears roaming the woods in the vicinity of Phoenix which has led a large number of local marksmen to scour the hills. As yet there have been no casualities. The pet bear from the Butte hotel got loose Friday evening, and caused its owner considerable worry lest it should be shot by mistake for a real live dangerous animal. It was located near the Brooklyn mine about 2 a.m.

D. J. Darraugh has tendered his resignation as chief of police of Phoenix to the city council to take effect at once. Mr. Darraugh has been head of the city police for the past two years, and during that time the city has had to do with but very little crime. After being connected with police work for about eighteen years, Mr. Darraugh leaves shortly to take the management of a coal property on the West Fork in which a syndicate has recently become interested. The council will deal with the resignation at its next meeting on Wednesday.

Old-Timers Meet

The annual meeting of the Kettle River and South Okanagan Pioneers Society took place at Greenwood last Thursday. The following officers were elected: President, S. T. Larson; secretary, A. S. Black; treasurer, J. R. Jackson, M.P.P., and the following were admitted as members: James Marshall, William Barnett, C. J. McArthur, A. Sater and J. B. Desrosiers.

In the evening a banquet was held at the Pacific hotel, at which the members and their guests enjoyed themselves for three hours. The next meeting takes place at Midway.

Canadian Home Journal

Newspapers of the Dominion long ago received the confidence and support of Canadians, but the magazines have had a harder lot. We are therefore especially pleased at the success of our native publications. The growth of the Canadian Home Journal has been an example, not only of material progress but of steadily increasing quality until it compares favorably with any woman's magazine in America. Certainly at the price of $1.00 it offers by far the best value.

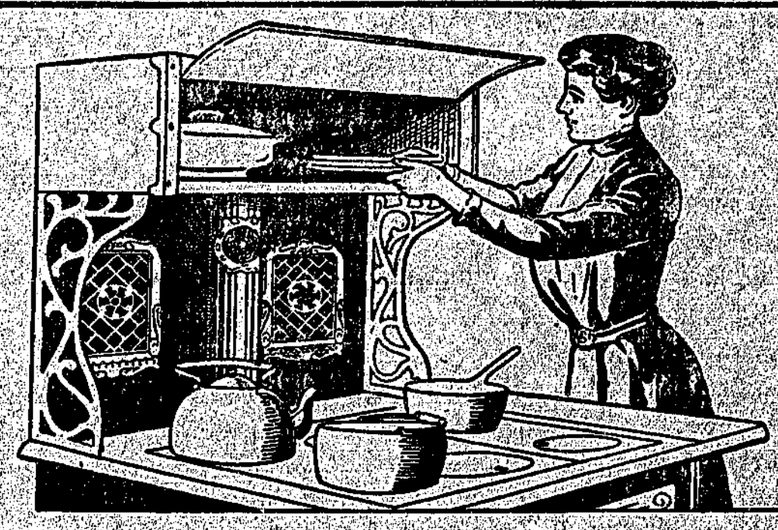
With September number the size has been greatly increased and the magazine starts the sixth year of its existence much larger than ever before, excellently printed and illustrated, and with attractive covers. September being Autumn Fashion Number, naturally there is a wide range of choice in women's, girls' and children's clothes. The housekeepers' departments are excellent with recipes, suggestions for different departments of the household and for the dressing table.

Grand Forks Fair

Everything points to a very successful fall fair at Grand Forks on Oct. 4th and 5th. This will be the initial exhibition held in the Gateway city and the committees in charge of the event are sparing no pains to make it not only one of credit to the city, but one of credit to the Boundary district. There will be the two parts to the fair; the educative and amusement, in both of which the committee have a multitude of attractions. The exhibits will be particularly representative of the interior of British Columbia with its varied lines of product. A good program of sports have been arranged for and will include a baseball tournament.

Autumn Began Yesterday

Yesterday afternoon summer had its official ending and Autumn began. It was then that old Sol made his annual pilgrimage across the Equator on his journey to southern climes. It is true that according to our methods of measuring time the Sun is slightly ahead of his schedule. It takes him twenty and one third minutes less than a complete revolution of the earth around the Sun to complete his journey from one autumnal equinox to the next. Therefore if we were to count a full revolution of the earth around the sun as the time between the two autumnal equinoxes in 13,000 years we would find ourselves in the Northern hemisphere having ice harvest in July and wheat harvest in January. In Canada, time is regulated from the McGill College Conservatory in Montreal, and at regular intervals is checked up with Washington.



A Larger Warming Closet

than ever, in the Kootenay Steel Range, because the improvement in the operation of the door adds nearly five hundred cubic inches to its capacity. Every inch inside can be used—and you can always depend upon it for keeping your food piping hot while you wait for some special dish to finish cooking. Made of heavy polished sheet steel, durable and easily cleaned. Besides this important feature, there are many exclusive advantages for you in the

KOOTENAY Steel Range

and the nearest McClary agent will point them out to you. He will show you why your money will be best spent for a Kootenay. Write today to the nearest McClary branch for Kootenay booklet. 53

PUGILIST F. PARKER ARRESTED HERE TODAY

Is a Deserter From the Royal Northwest Mounted Police

Frank Parker was arrested here this evening on a charge of being a deserter from the Royal Northwest Mounted police force, the arrest being made by J. B. Hall of Frank, an officer of the R.N.M.P.

Parker is said to have deserted the mounted police force at Coleman, Alberta, last June and has since managed to keep himself in hiding. Being a husky youth of 200 pounds, standing six feet four inches and having some pugilistic aspirations he came to Phoenix about two weeks ago to arrange a bout with Bob Forshaw, the local heavy-weight boxer, and the date for the mill was set for the fifteenth of October next. As a result of the free advertising Parker got in the press over the proposed bout his whereabouts become known to the police whose ranks he had left, and his arrest here today was the outcome.

For the past two weeks Parker had been cook for the extra gang working on the local branch of the C.P.R., living with his wife in the car apartments, where the arrest was made. He will be taken to Coleman on Monday and the proposed bout is indefinitely postponed.

Sends Exhibit to England

E. Bullock-Webster was the guest of Martin Burrell, M.P., this week. Mr. Webster is making arrangements for the shipping of two cars of British Columbia fruit to the Old Country this fall to be shown at the Royal Horticultural Society's exhibition in London. The first car will go forward about the 10th of October, and the second one a short while later. Mr. Webster secured some fifty boxes of fruit from the Kettle Valley to be shipped with this display, which will no doubt further advertise the wonderful resources of British Columbia in the fruit growing industry in the Mother country.—Grand Forks Gazette.

Rebekahs At-Home

The ladies of the Phoenix Rebekah lodge have given many enjoyable at-homes but none have passed off more pleasantly than that of last Tuesday evening. There was a large attendance of invited guests. The earlier part of the evening was spent at progressive whist, in which there was the usual race for the opposite poles of success. Four required to cut cards to decide the winner of the ladies' leading trophy, which was won by Mrs. W. Murray, while N. J. Carson was decided the winner for the gentlemen in a similar way. The consolation prizes were won by Miss Madena McKenzie and R. Peterson. The luncheon took the form of box social, the boxes being sold and the proceeds going towards the furnishing a ward in the Odd Fellows' home. After lunch the remainder of the evening was spent in dancing, Werner's orchestra supplying music.

Visit from Rebekah President

On Thursday evening Phoenix Rebekah lodge, I.O.O.F., received an official visit from Mrs. S. E. Hanna of Vancouver, president of the Rebekah assembly of British Columbia. It was a special meeting of the local Rebekahs and degree work was put on, the local lodge continuing to have a healthy growth. A pleasing address was delivered by the president on the founding and growth of the order and the good work it was accomplishing. On Friday Mrs. Hanna went to Grand Forks to visit the Rebekahs of that city. Mrs. Hanna is accompanied on her trip by her daughter, Miss Lelar Hanna.
