PRICE FIVE CENTS

NELSON MINES AND MINING

Black Prince Deal Not Closed.

A meeting took place here yester day of the Nelson syndicate which owns the Tam o' Shanter, Blue Bell and Golden Fleece claims in South Deadwood camp, Boundary district. A strike was recently made on the Tam o' Shanter, when a three-foot ledge was uncovered carrying 5 per cent copper, 29.9 ounces of silver and \$5.60 in gold. It was decided to proceed with development until further notice, the intention being to prove the property with a view to bonding the group, and incidentally to do sufficient work to crown grant the property. Development will also be carried on at the Blue Bell fractional, and a trail is to be built into the camp.

Percy Dickinson, manager of the Warner Miller syndicate's interests in British Columbia, was in the city yesterday with the syndicate's engineer, H. T. Kingsbury. Mr. Dickinson states that as yet he has done nothing toward closing a deal for the Black Prince property on Springer creek, but that he has examined the proposition.

A. H. Gracey, engineer for the Imperial Development Syndicate, camein yesterday from the Northern Light group, where the syndicate has a crew of men at work. The work for the next couple of months is to consist of drifting on the main shaft, and surface cutting. Snow fell at the Northern Light yesterday morning.

James Hickey will recommence work next week on the Glad Hand group located on the east fork of Cottonwood creek. The bonding of the Robin Hood claims has given a decided impetus to Cottonwood creek properties. The shaft on the Glad Hand will be continued to a depth of 40 feet.

M. S. Logan of Rossland, managing director of the company which has bonded the Juno group, was in company's superintendent.

TWO YEARS IN THE PEN

For Rolling a Companion.

Frank Beck, alias William Jones, was convicted yesterday at the court house on the charge of theft from the person, and sentenced to two years in the provincial penitentiary at New Westminster.

The evidence for the prosecution established the fact that the prisoner "rolled" a man named Harris, at the Sherbrooke house. The two had been drinking together, and both went to sleep on chairs. Beck awoke soon after, walked over to =Harris-and-after-shaking-him-slid-ahand into Harris' overalls and neatly withdrew the sleeping man's money. The act was noted by one of the boarders at the Sherbrooke, who happened to be setting where he could see the whole performance. Other witnesses swore to Beck having been broke and then acquiring money suddenly.

Beck's cross-examination of the witnesses was close, and his method of holding them to a straight reply in the negative indicated considerable knowledge of legal procedure. The chain of evidence was complete and Beck was sent down for two years. He was only released from the provincial jail on August 10th, after doing several months for theft at Robson.

The case of Regina vs. Mitchell, in which the defendant is charged with "rolling" a man at Kaslo, will be tried there tomorrow. W. A. Galliher will appear for the defence and A. M. Johnson will conduct the prosecution.

Insane Son Assaults His Father. LONDON, Ontario, September 24. An elderly man named Hoskins is in the Victoria hospital here suffering from a fracture of the skull, inflicted by a brick in the hands of his son, who is insane. He threatened to kill his mother also, but was overpowered and placed in jail before accomplishing his purpose.

Looking for Shipwrecked Men.

St. Johns, Newfoundland, Sentember 24.—More than fifty French ships, from St. Pierre, are still mis- out no hope of recovery.

sing as the result of the recent gale, and much alarm is felt for their safety. Many doubtless are disabled, but it is almost certain that others have foundered. The French flagship Isly has been ordered from the treaty shore to cruise over the grand banks, with a view of learning the extent of the disaster and of assisting any vessels requiring help.

CONTRACT LET FOR DEPOT

Will Cost \$15,000 Completed.

It is stated that the contract for the erection of the C. P. R. passenger depot was let vesterday to John Hepburn. The contract price is not announced, but the depot, completed and furnished, is to cost about \$15,000. The building will be located at the foot of Baker street, just across Cottonwood creek. It will face the lake, and the main line tracks will pass immediately in front of the platform. The tramway line is to be continued into the station yard, ample space being provided for a street car loop. Passengers arriving in the city can, therefore, leave the train at the front platform and enter a street car from the rear plat-

The new freight buildings will be adjacent, and a feature of their location is that no tracks will have to be crossed to reach them from the city side.

Work on the new passenger station will be rushed as rapidly as possible. The structure is to be stone for one and a half stories and wood for the balance. The dimensions are 100 by 30, the ground floor being devoted to the public waiting rooms and ticket offices, and the second flat being divided into offices for the divisional superintendent and staff.

IT WAS A JAPANESE TRICK

Employing Contractors to Blame.

VANCOUVER, September 24.— [Special to The Tribune]. A plot the city yesterday and visited the to defraud the Dominion govern ment developed this afternoon in the police court examination of the eleven Japanese charged with falsely swearing that they were properly entitled to become British subjects, in that they had been residents of British Columbia for four years. It was proven that Japanese contractors had obtained the naturalization papers, and forwarded them to Japanese in their employ, and the latter did not even know the contents. One Japanese never even landed in Vancouver, but was transhipped direct to the Skeena river, up the coast, and received his papers two months later, not knowing what they meant. The charges were withdrawn against the eleven Japs and warrants will be issued at once for the arrest of the offending Japanese contractors.

Prominent Halifax Man Dead.

Hallfax, September 24. - John Hugh, a retired wine merchant. chairman of the harbor commissioners, and at one time a member of the local legislature, is dead. He was 79 years old. He was a prominent Conservative, and was a great friend of the late sir John Thompsón.

Tory Chiefs Separate.

TORONTO, September 21. - The Conservative leaders reached here last night, and separated to engage in individual campaign work. Sir Charles Tupper goes to Ottawa. Hugh John Macdonald goes to East Simcoe, and George E. Foster to western Ontario.

Stephens Nominated for Kent.

CHATHAM, Ontario, September 24--The Kent Liberals have nominated George Stephens. Archibald Campbell, the present representative, is seeking election in West York, in opposition to Hon. Clarke Wallace.

Nomination in East Bruce.

WALKERTON, Ontario, September 24.—East Bruce Liberals have nominated J. Conmans, of Walkerton. to oppose Henry Cargill, the present Conservative member.

Premier Marchand's Condition. QUEBEC. September 24.—Hon. Mr. Marchand is slightly improved this morning, but his physicians hold

TUPPER'S VANCOUVER TALK

On Laurier's Broken Promises.

VANCOUVER, September 24.-Special to The Tribune.]—Sir Hibbert Tupper opened the campaign for the Conservatives in Vancouver tonight, holding an audience, which packed the city hall for three hours, with scarcely an interruption. He referred at length to the many broken pledges of the Liberal party, particularly to Laurier's notorious pledge made in a telegram to J. C. McLagan, in 1896; that the Chinese question was not a question in the east, and the views of the Liberals of British Columbia would prevail. In spite of this pledge, which a Philadelphia lawyer could not get around, it must be written under the promise, the same as under all the other anti-election promises of Laurier, "False," without meaning it in a disparaging sense.

Sir Henry Joly, guide extraordinary to Li Hung Chang while in Canada, who had received the Chinese order of the Double Dragon, was now lieutenant-governor of British Columbia, and Laurier, who appointed him, was the man whom Maxwell said was a statesman, and who was the greatest friend of labor. The speaker said the free trade policy of the government prevented them from doing anything else than allowing the people to buy in the cheapest market and sell in the dearest, and the perilous Mongolian labor was cheap enough in all cases.

Sir Hibbert bitterly arraigned the government for their broken promises as to a tariff for revenue only, and their pledge to reduce the taxes and expense of the country. He also criticised their rail way policy. The government was on trial, and he thought it was the easiest thing in the world for any outrages. man to expose the perfidy and false promises of the Laurier adminis-

A NELSON MAN'S PATENT.

It will be of interest to Nelsonites to learn that W. Valentine Hunt, manager of the Bonnington Fulls power house, is one of th world's best known inventors in the animated picture line. The animatograph to be exhibited at the opera house tomorrow night is the product of his genius, and it is recognized to be the most perfect apparatus of the kind made. At the present time Mr. Hunt is devising a camera which is to take negatives without the vibration which has hitherto been the great drawback to all moving picture machines It is understood that he is succeed ing in perfecting the apparatus and will soon be in a position to announce its completion.

Mr. Hunt is the original patentee of the animatograph and travelled for several years in England with the machine. In 1896 he made a tremendous hit with a picture of the great Derby race, in which the prince of Wales won the Derby for the first time with Persimmon. The race was run at 1 o'clock, and Mr. Hunt developed his pictures in time to exhibit the same night at the Alhambra theatre, where the series was received with unprecedented enthusiasm. The attraction ran at the Alhambra for fiftytwo weeks, and has never been shown on this continent. At tomorrow night's entertainment no fewer than 32,000 pictures will be thrown on the screen.

Will Fight Departmental Stores.

TORONTO, September 24.—The reail merchants of Toronto have decided to fight the departmental stores through the royal commission on taxation. The members of the association have decided to place fully before the commission evidence regarding the effect of the methods of departmental stores upon the general retail business throughout the city and province, with special reference to the incidence of taxation. The following resolution was unanimously carried: "That the merchants of this city and province be asked to subscribe the sum of five thousand dollars (\$5000) for the purpose of compiling and producing evidence to lay before the recently appointed royal com-

mission." King Knocked Out Early.

Rossland, September 24.—Andy King, feather weight champion of the International tonight. Early tiring in his favor.

is a clever boxer and a splendid dodger, but King is stronger and heavier. In the first round honors were even, but in the second King struck Early a right-hander over the heart, broke a rib and knocked him down. He knocked him down six times. The third round lasted hardly a minute and was a succession of knock downs. Early was plainly out-classed, although he put up a gallant fight.

AN EFFECTIVE WAY TO KILI

Is the Aim of the Powers.

WASHINGTON, September 24.—The state department has been notified of the fact that the French government had adopted an attitude similar to that of the United States, in replying to the German note, and that fact was duly reported by the Associated Press. In addition it was stated that the government of Russia was in line with that of France in this matter. There is a disposition to minimize the difference between the United States and Germany on the point of delivery of the Chinese ringleaders before negotiations, and it is pointed out that the only reason for differing was a profound conviction that a deterrent effect could be produced upon the Chinese people as whole, only by allowing their own government to degrade and punish the guilty parties: The sole pun ishment, if applied by a foreign power, would fail of a reformatory effect, as the Chinese people would venerate the memory of the mar tyrs, while the Chinese belief which arrogates to itself the pecu liar right to reward and punish after death, might elevate the victims of the allies, and thus offer an incentive for a repetition of the

KILLED BY A SCORCHER

Patal Accident in Vancouver.

VANCOUVER September 21. Special to The Tribune. -E. E. Blackmore, a local racing cyclist, collided this afternoon, at the corner of Richard and Cordova streets, with an unknown woman aged about 45. She was carried to the hospital, and Blackmore was arrested for funious riding. He was later on released on bail. At 7 o'clock tonight the woman died, without regaining consciousness. She is still unknown, and all efforts to identify her so far have been unavailing. She had been riding a wheel, and had just dismounted when young Blackmore struck her. She died from concussion of the

What Might Have Happened.

QUEBEC, September 24.—It has leaked out here, from official circles at Ottawa, that terrible oversight, which might have resulted in apalling disaster, occurred at the powder magazine here from September 1st to 13th. The story goes that three large doors at the eastern and most exposed end of the citadel, where most precautions are taken to avoid sparks from the city. were left open between these dates. Had sparks got in among the powder half of the city would have been blown up.

Coast Volunteers at Quebec.

QUEBEC, September 24.—Private Graves of Vancouver, suffering from enteric fever; private A. E. Beck of Victoria, wounded at Paardeberg, and trooper J. W. Fuller, Fort Steele, wounded in right knee, were among the invalids accorded a warm welcome by the citizens of Quebec today.

Developing Coal Deposits.

VANCOUVER, September 24.—The American Syndicate, which has leased iron properties at Sarita on Copper Island and at Toquart on the West coast of Vancouver Island, has already set a large force of men to work, expecting to spend at least \$75,000 in exploration and develop ment work.

A Seat For Foster.

Toronto, September 24. — The Evening Telegram, Independent Conservative, says that efforts are being made by West Peterborough British Columbia, whipped Mike | Conservatives to get Hon. George E. Early, the champion feather weight | Foster to contest that constituency. of New York, in the third round at | J. Hendry, the sitting member, re-

RUSSIA TAKES MANCHURIA

As a Punishment for Invasion. London, September 24.—The

British and continental press still discussing America's reply, which is generally regarded as encouraging Li Hung Chang to delay the negotiations. General Gribsky, military governor of Amur, has published elaborate regulations, placing all the regions along the Amur river, now occupied by the Russians, entirely under Russian law and authority. The Chinese are forbidden to return to the left bank of the stream. He has also issued a proclamation declaring the annexation of Manchuria to be a punishment for the attack made on Blagovetchensk, and exhorting the inhabitants hereafter to respect Russian power and live in peace and quietness on their fields.

A semi-official communication to the Cologne Gazette, disavowing any desire on the part of Germany to execute the instigators of the outrages on the strength of the testimony of the foreign allies says: "The international court of justice would decide upon the question of guilt, and would pronounce sentence. To look on complacently while a mockery of justice, such as the United States demand was being enacted, would mean a renewal of the massacre.'

VIENNA, September 24.—The ad miralty has received the following dispatch: "Taku, September 24.-The Russians occupied the fortifi cations at Lui Tai yesterday." Lui Tai is situated about 40 miles northeast of Tien-Tsin, and is about 20 miles due north of Taku.

Verdict Against the Company. Los Angeles, California, Sep tember 25.—Rose Procter may now collect \$537.75 damages from the Southern California Railway company on account of having been ejected from a train while travelling as a passenger. That is the decision of the supreme court just handed down. The plaintiff was ejected from a train at Pasadena. She offered the conductor a round trip ticket from Cincinnati, Ohio. The latter asked her to write her name, which she did. The conductor then took the ticket up, telling the woman that it did not belong to her, and she would have to get off the train at the next station if she did not pay her fare. She was then put off and sued the company for \$5000 dam-

Big Strike in Columbia.

Columbia, Pennsylvania, September 24.-The four big rolling mills of the Susquehanna Iron & Steel Company at this place are closed down today as the result of a strike. Last week it was announced that a twenty-five per cent reduction in wages would go into effect today, and the men notified the management that they would not accept the cut. The company remained firm, and this morning not a single man reported for work at any of the four mills. About 1500 workmen are affected.

The Saloon and Its Victims.

FARIBAULT, Minnesota, September 24.-Word was received here tonight that a cyclone struck Morristown at six o'clock. Six men were killed, and a large number more are missing. The report is mengre. A large tree was carried over a housetop and deposited on a brick building, used as a saloon which was completely wrecked, and from which the bodies of six men were taken. The report does not say how much damage was done to property.

Casting Off Their Sins.

NEW YORK, September 24.—The Jewish year, 5,661, was generally observed in Chetto today. Some of the orthodox Jews observed the ceremony of casting their sins into the water, going to the bridge and the east side wharves, and, figuratively speaking, shaking from their garments all sins of the past year. The people of the quarter continued the festivals into the night. Many prayers were said today at the sound of the shofar or ramshorn.

Another Disaster in Texas.

Austin, Texas, September 24.-A telephone message received here last night by the chief of police from Llane says that San Saba, containing about 1000 people, was | the Gold Note.

partially swept away by the flood in the San Saba river, which was still rising. All the bridges have been carried off. No news could be had from San Saba tonight, the wires all being down. It is feared that there has been great loss of life in the bottoms, as the rise was

in the night and came without warning. **CERMANY IS VERY SORE**

Over America's Withdrawal.

BERLIN, September 24.—The re-

fusal of the United States to accede to Germany's proposition regarding the Chinese settlement is prominently commented upon by the entire German press. In spite of the previous intimations, through Washington cables, the refusal has come as a great surprise. A high foreign official, referring to the matter today, said: "Germany adheres firmly to her proposition. She has had no occasion to doubt that favorable answers will come from all the other powers. We have received hints that Russia will agree to the German note, and the same course is confidently expected of Japan and Great Britain. We hope the answer of the United States is not final, especially in view of the possibility that it was influenced by temporary conditions."

The press comment varies widely, although generally in a tone of disapproval and regret. The Vossiche Zeitung deplores the evidences of growing discord among the powers, and predicts a speedy breaking up of concerted action. The Frank furter Zeitung remarks: "An un pleasant sequence of the American position will probably be the increasing obduracy of the Chinese, whose opinion is now strengthened that the energies of the other powers will be intermittent, like those of the United States.

BORDER IS NOW PATROLLED

Boxers Flee to Delagoa.

LORENZO MARQUEZ, September 24.—British patrols have reached the Portuguese frontier. Boers continue to cross above and below the portion held by the British. The horses of the Boers are in a terrible condition.

London, September 25.—"Messrs. Stevn and Reitz," says a dispatch to the Daily Mail from Lorenso Marquez, "will remain with the fighting burghers, and it is said that a force of Boers, aggregating from 7.000 to 17,000, is planning to harass the British lines of communication."

SAYS GERMANY WILL AMEND

Its Celebrated Chinese Note.

London, September 35.—A seniofficial announcement has been issued in St. Petersburg that the European cabinets are engaged in an endeavor to induce Germany to abandon her demand for the surrender of the instigators of the anti-foreign outrages, as a preliminary to peace negotiations.

The Vienna correspondent of the Daily Chronicle asserts that Russia's reply to the German note is very friendly, but that although it appears to consent to Germany's proposal, it practically disapproves by asking whether it would not be best to open peace negotiations first, and to make the punishment of the instigators of the outrages the first subject of discussion.

According to the Berlin corespondent of the Daily Express, Germany will make a new proposal, namely that the great powers form an international court to try the Chinese. officials accused of complicity in the

The Morning Post has the following from its Shang-Hai correspondent, dated yesterday: "The Russians recently organized an expedition toward Mukden, which has already reached Liao-Yang, about midway between Niu-Chang and Mukden. It will probably encounter opposition. Prince Tuan's ascendancy creates a very grave danger. The only hope for foreign ers is that the pro-foreign viceroy of Nankin has not yet been removed. Tuan's emissaries are working hard to get him out of the way by murder or suicide."

SITUATION IS UNCHANCED

No Break in the Deadlock.

HAZELTON, Pennsylvania, September 24.—Contrary to the ex pectations of both the operators and striking coal miners, there were no developments in the strike situation in the Lehigh region today. It was thought in some quarters. that, owing to the presence of the troops in the anthracite fields, a break would occur in the ranks of the strikers, or that a large number of additional men would refrain from going to work. The operators as a rule predicted a break in the strikers' ranks, and the labor leaders were equally sure they would tie up this region tighter than ever.

CANADIAN BRIEFS.

At Kingston, the case of Joseph Gould vs. the Independent Order of Oddfellows, docketed for the session of the high court has been settled, the order paying the plaintiff \$600. Mr. Gould was seriously injured by the falling of the wall of the Oddfellows' building in March, 1899.

The Toronto Street Railway company has filed a bond, and will carry the case of conductor Snell to the supreme court. Snell was injured on a street car and secured a verdict for damages in the lower

The Tribune.

THE Conservatives of Kamloops. Revelstoke and other places are complaining that the local associations do not represent the party. The same was true of Nelson until the rank and file smashed the association machine by turning down the men who degraded the association. The associations are frauds on the party, because they are not representative of the party. Take as an example the association at Nelson. It had a nominal membership of eighty-five, which was increased to one hundred and six the night of the meeting at which the delegates to the Revelstoke convention were elected. These men took upon themselves the right to speak for the five or six hundred men who are expected to vote for the party nominee at the coming election. What a farce. The sooner these associations are smashed the better it will be for the parties that smash them. If this is good advice for the Conservative and Liberal parties to follow, it would be equally good were it followed by the men who look to the Independent Labor party to cure all the ills from which the body politic is suffering. How many of the men who will be expected to vote for the Labor candate-if one should happen to be placed in the field-are allowed a voice in either selecting the candidate or managing the campaign? It is safe to say that less than half a hundred men are today taking an active part in the attempt to bring out a Labor candidate, and it is safe | Nelson,

to say that not one-half of the half hundred have done a day's work during their residence in Kootenay. The rank and file should smash all these political machines, for none of them are run in the interest of either the people or the parties which they pretend to favor; instead, they are invariably run in the interest of a few selfish self-

CANDIDATE GALLIHER is sanguine that he will lead his party to success; he is also disposed to believe that the election is not far distant. Big "Bill" is a hustler and a good of railways could make. politician. 🕝

THE Coast politicians are very much disgruntled because the delegates to the Conservative convention at Revelstoke refused to nominate the man the Coast men wanted. And the man the Coast men wanted is also very much disgruntled, and he is reported as trying to get candidate MacNeill to back out of the contest. Candidate MacNeill represents the rank and file of the Conservative party, and it is the rank and file of a party that win elections.

THE Liberal machine of Nelson is said to be dickering for control of the Miner newspaper, the one-time organ of the miner owners' associations, and the transit peddlers, and now the official organ of the Chinese who try to evade their obligations to the city.

HON. A. G. BLAIR, minister of railways, has replied to the ultimatum of president Shaughnessy, of the Canadian Pacific Railway Company, with respect to the handling by the government of certain of the Canadian Pacific's traffic via St. John during the winter. From the reply of the minister of railways it is evident that he considers Mr. Shaughnessy's communication as a huge bluff, especially in view

of the fact that he was asked to reach a decision, with respect to the handling of a traffic of 200,000 tons of freight, inside of fifteen days. This Mr. Blair says is an impossibility. In the first place the Intercolonial railway has neither the rolling stock nor the terminal facilities for the handling of such a large increase over the present traffic of the road, and in the second place it is not clear from president Shaughnessy's communication whether the Intercolonial is to receive all of the Canadian Pacific's Atlantic business, or only such as might be considered as unprofitable. The minister of railways evidently refuses to scare. His suggestion is that the Canadian Pacific continue to handle the St. John business via St. John during the present season, and in return he promises that the government will honestly endeavor to come to some reasonable and tair arrangement for the handling of next winter's traffic. It would be difficult to see what other reply the minister

NOTICE.

To Architects, Union Men and the Publi Generally: The firm of Lister & Kerr, contractors, which was placed on the unfair list by the grievance committee of the Trades and Labor Council of committee of the Trades and Labor Council of this city, is no longer doing business, but is dissolved. The new firm of Robert Kerr & Co. is in no way connected with the former company. An agreement has been entered into between the arbitration committee of the trades council and the firm of Robert Kerr & Co. similar to that which exists between the Carpenters' Union and all contracting firms of Nelson. The new firm being a fair one we have much pleasure in commending it to the kind consideration of all union men and sympathizers of organized labor. This notice does not apply to Mr. Lister, who is still on the unfair list.

Signed for the executive committee,

C. J. CLAYTON, President.

J. H. MATHESON, Secretary, Nelson Trades and Labor Council.

TO RECULATE THE WEIGHT

Of Baker's Loaves,

At last night's council meeting the firewardens, alderman Arthur and chief Thompson, reported the results of their inspection of the city. They made recommendations as follows: Owing to the difficulty of reaching that portion of the city east of Josephine street and south of Baker street that 500 feet of the old hose be placed at the corner of Hendryx and Mill streets; the placing of hydrants at the corner of Silica and Cedar streets, Hendryx and Front streets and Lake and Hall streets; the clearing of Hendryx street from Front to the C. P. R.; stopping the storing of goods or rubbish beneath sidewalks or in

Mayor Houston remarked that the small building erected at the corner of Hall and Front streets to keep auxiliary hose for use in an emergency had only three lengths of hose in it at the present time, while a reel for which the city paid \$700, was standing outside the fire hall exposed to the weather. He suggested that the Front street building be enlarged to accommodate the reel which would thus be put to use and protected from the weather. In event of a fire this hose could be got into play while the alarm was being sent to the fire hall. The council agreed to the proposition.

THE BANK OF BRITISH COLUMBIA NELSON

Is now prepared to issue Drafts and Letters of Credit on Skaguay, U. S., Atlin, B. C., and Dawson City, N. W. T.

In regard to the storing of rubbish beneath sidewalks, it was pointed out that the fire limits bylaw empowered the chief of the fire department to deal with this prac-

The report of the fire wardens vas-adopted.

Chief Thompson applied for leave of absence to attend the annual meeting of fire chiefs at Spokane next month. Granted.

A largely signed petition against the existence of Chinese washhouses on Victoria street was read. The citizens signing the petition claimed the laundries were a menace to the health of the neighborhood and damaged the value of property. The matter was referred to the medical health officer.

The mayor reported that the C.

P. R. asked \$800 for the two lots

adjoining the city hall, with certain deductions which reduced the figure by about \$100. The city, it appears, however, is occupying a C. P. R. lot on the side hill used by the corporation for bringing in water, while the company wishes to obtain a small piece of land on Stanley or Lake streets, and suggests a deal. He suggested that the whole matter be included in a by-law to be submitted to the ratepayers at the next municipal elec-The agreement with the company might include a clause requiring the C. P. R. to give the city a right-of-way over its land for a trunk sewer. The present outlets were not satisfactory in high water. The matter will be

further discussed later on. The bread bylaw was read a second and third time and left over to the next meeting for final consideration and passage. It provides that every loaf of bread sold in the city shall be of the full weight of one pound, with an allowance after

the timbering and crib work. The timbers are now being placed in position and puddled with clay. The city engineer estimates that the dam will be completed in two

The entertainment at the opera house tomorrow night promises to be most interesting. The moving pictures of the South African war include a series of stirring scenes, and the balance of the views are said to be of unusually excellence. The animatograph is admitted to be the most perfect machine of the kind yet exhibited and the citizens of Nelson will see the apparatus operating for the first time on this continent. The proceeds of the concert are for the general hospital

D. Stephens, port engineer of the C. P. R. fleet, returned last night from Nakusp, where he has been working on the éngines of the Slocan lake flotilla.

Canadian Nominated in England.

Hamilton Herald. The news that Gilbert Parker has been nominated by the Conservatives of Gravesend to represent that constituency in the British house of commons (a nominatian which is equivalent to election) will be learned with pleasure by Canadians. Mr. Parker's rise as a man of letters has been rapid. When he left Canada (some fourteen years ago) he was an obscure young teacher of elecution who had dabbled a little in poetry and journalism. In Australia he did some creditable jeurnalistic work, but failed to earn a reputation. Then he went to London and served a long apprenticeship in magazine hack-work. It was an uphill fight, but the young Canadian was not a man to be easily daunted, and he cheerfully worked away, patiently waiting for the recognition which he knew his merits deserved. At last his reward came. In 1892 Pierre and His People was published, and the world saw that a new writer of great talent had appeared upon the scene. Since then Mr. Parker has published several books, all of which have met with great favor and have increased his stallation of a pipe organ at an fame. He is now acknowledged to be one of the foremost writers of English fiction.

Frank C. Campbell Dead.

Frank C. Campbell, late of the Clark hotel, died Monday night at San Francisco. Deceased had been Saturday and to remain in the city in poor health since January, and for a few hours. He will come in | left Nelson a couple of weeks ago over the new Balfour extension, to travel south in search of health. connection having been established. The news of his sudden demise was wired to G. W. Bartlett here yesterday, and the body will be sent to Coon Rapids, Iowa, for burial. The late Frank Campbell was 36 years
