

## WORKING IN THE BELIEF THAT A GENERAL ELECTION IS NEAR.

Special to The Tribune.

OTTAWA, April 12.—The prospect now is that the debate on the address will not be concluded before the end of next week. Every opposition member it seems is to speak, as the impression prevails among the Conservatives that the general election will be held before another session is called. The members are therefore anxious to talk to their constituents. No doubt the proposal to pass a redistribution bill induces the Conservatives to think the general election will be held.

As to the redistribution bill, the object of the government is to make it so fair that no reasonable man can object. The idea is to provide a fair basis upon which any redistribution may subsequently be made.

### SILLY CHARGES IGNORED

By Premier Laurier.

Special to The Tribune.

OTTAWA, April 12.—At the opening of the house today Sir Charles Tupper congratulated the premier on the announcement that the government proposed to take up the Pacific cable scheme and carry it through to a successful conclusion. He said he was satisfied that the cable would not be an encumbrance to the country, but would soon prove a source of revenue.

Sir Wilfrid Laurier expressed his gratitude to Sir Charles for his remarks and said he hoped that the leader of the opposition would act in the future as he did in this case, when the government brought down equally good proposals.

Mr. McDougall (Cape Breton) resumed the time-worn address debate. He first endeavored to show that the preferential tariff was a fraud and that the general tariff was pro-American, quoting a long list of articles on which there had been substantial reductions and of which we buy almost exclusively from the United States. Mr. McDougall quoted from several speeches which the premier had made when in opposition, in which various reforms were advocated, and he asked why none of them were mentioned in the speech from the throne. Dealing with the Manitoba school question, Mr. McDougall denied that the question was settled. The Liberals had got into power upon promises of a settlement, and he held that they should fulfill their promises of settlement. He said he was informed that in order to secure grace in connection with the settlement that the premier had sent him money to the people of Manitoba. He challenged the premier to answer this allegation, but Sir Wilfrid paid no attention to him.

McLennan of Glenora made a long speech. He touched on the Yukon charges and read a letter from a Glenora man, a Liberal, who said who found fault with Commissioner Ogilvie for not suspending all the officials as soon as he arrived.

Fisher moved the adjournment of the debate, and the house adjourned at 4:55.

### The Pacific Cable.

Special to The Tribune.

OTTAWA, April 12.—Negotiations in the matter of the Pacific cable, which have never been wholly discontinued, are now likely to bring about an arrangement as to the proportionate cost, in which Canada's share would be the same as that borne by Great Britain, five-eighths, the Australian colonies between them subscribing four-ninths. The papers and correspondence in connection with the subject will be laid before the Imperial and Canadian parliaments concurrently, so that the public will be placed in the possession of all the facts. The publication of the blue books will not mean necessarily Britain's consent to this adjustment of the case, although it is regarded on the whole as likely that a bargain will be closed ere long on these terms. These several governments concerned are subscribing their proportions of the capital of the cost involved, which is estimated at \$7,500,000. Canada's share would therefore be in the neighborhood of \$2,000,000. The formal consent of the several parliaments concerned have to be obtained before anything can be done.

### Short Items From Victoria.

Special to The Tribune.

VICTORIA, April 12.—An Atlin letter, received on the last mail, states that minister Hume was daily expected, and the residents hope that he will personally attend to the settlement of the difficulties which have cropped up regarding town lots and mining claims.

Victoria's celebration of the Queen's Birthday is to occupy four days this year. The main feature will be the naval and military display at the Macaulay Point fortifications. The last two days will be given over to sporting and athletic events.

### Dunsmuir's Right of Way.

Special to The Tribune.

VICTORIA, April 12.—The Times tonight published a story from Ottawa to the effect that the Esquimalt & Nanaimo railway lease for right of way through the Songhees reserve had been cancelled, and that the company would be sued for a considerable amount due under it. As Mr. Dunsmuir was premier Laurier's guest a few nights ago, this apparently hostile move excited no little surprise, but another despatch from Ottawa says that there is no truth in the report, but

Provincial Library

DAILY (BY MAIL) \$5 A YEAR; WEEKLY, \$2.

that the Dunsmuir conferences with the government resulted in a friendly decision to arbitrate on the amount payable under the lease.

### THE MINERS WILL INSIST

On Enforcement.

Special to The Tribune.

ROSSLAND, April 12.—James Wilkes, vice-president of the National Congress of Labor, in an interview today said that there was but one opinion among the members of the organized miners of the province with respect to the enforcement of the eight-hour amendment. The position taken by the organized miners is that the legislature of the province has enacted that eight hours shall constitute a day's work for men employed underground, and they propose to hold the ministers entrusted to carry out the laws of the province to their whole duty, and to the enforcement of the eight-hour amendment. Should they fail to do so they will be held strictly to account when the legislature re-assembles, and as the respective parties are rather evenly divided, the labor representatives in the house will hold the balance of power.

With respect to the stay of proceedings which the mine-owners' delegates claim to have secured for six weeks, in which to present their case, Mr. Wilkes does not attach much importance to it. The labor organization is prepared to join issue with the government should it refuse to enforce the law, and it does not consider that the miners are fairly treated when they are required to petition in favor of the enforcement of a measure which it is well known the employers are opposing.

Both at Rossland and at Ymir the mining companies have adopted the eight-hour system and there has been no decrease in the rate of wages, and it is but a question of time until the eight-hour system will become general throughout Kootenay. Not only does Mr. Wilkes believe that the government will enforce the law, but he further believes that any attempt at repealing the measure upon the reassembling of the legislature will end in failure.

### Newspaper Men Escaped.

Special to The Tribune.

MONTREAL, April 12.—Crown prosecutor Cook today moved to commit the proprietors of the Herald, Patrie, and Minerve, journals for commenting on the recent libel trial while the case was sub-judice. Counsel appeared for the papers and expressed regret if anything had been published that would be contempt of court. Judge Wente said he took it that the motion was intended only as a warning. It was improper that any comments should appear during the hearing of the case, but when it was finished the newspapers may make any comment they saw fit about the conduct of the judge, jurors or witnesses, so long as it was not done through hatred or ill will, but in the public interest. In fact he considered proper comments should be made as it was a great protection and obliged the officials to keep within the law by reminding them they may be called to account. Under the circumstances he thought it his duty to accept the expressions of regret and promises to abstain in future. The motion was therefore dismissed.

### Government Acted Promptly.

Special to The Tribune.

VICTORIA, April 12.—The provincial government scored a point in public favor at Glenora recently when upon the first intimation of an outbreak of a scurvy epidemic on the trails the government agent caused a hospital to be opened in a disused hotel, where the helpless victims have been treated. The result has been that all are recovering. The convalescents are resting in the jail as there are no prisoners at Glenora. The prompt action of the government is in striking contrast with the condition of affairs in the Copper River country, where many have perished for want of help, while attempts made to induce Washington authorities to take action resulted in nothing.

### Liberal Tide Running High.

Special to The Tribune.

TORONTO, April 12th.—The Globe says: The Liberal tide is running high, and its course has submerged Conservative strongholds which appeared quite as impregnable as Brockville. The Liberals have secured in Comstock a strong, energetic local candidate, and feel assured all that is needed to command success is activity and perfect organization. The Globe suggests the discussion during the Brockville campaign of the Yukon royalty.

### Professional Mountain Climbers.

Special to The Tribune.

MONTREAL, April 12.—Three Swiss guides, who have been engaged by the C. P. R. for mountain climbing in the Rockies, arrived here this morning via New York from Switzerland. They are in native costume and only one of them talks English. They are to be placed at the disposal of tourists who want to see the scenic wonders of the Rockies.

## NAVVIES PRESENT A PETITION TO PARLIAMENT.

Special to The Tribune.

OTTAWA, April 12.—Pierre St. Dennis, of Montreal, has presented two petitions to the house of commons concerning the grievances of the laborers employed in construction work on the Crow's Nest Pass railway. One petition is signed by 300 of the dissatisfied men from Hull and requests the government's intervention to secure for them full pay while in the employ of the Canadian Pacific Railway Company. One man claims they were charged full fare on the trip to and from the Pass, and also that they had other moneys kept out of their wages, contrary to the terms of the agreement made when the railway company's agents were engaging in Montreal for men to work. Many of the men were dissatisfied with the treatment they received and left before the time they had engaged for had expired.

### Molieux Indictment Discharged.

Associated Press.

NEW YORK, April 12.—Justice Pardon C. Williams tonight handed down his decision on the motion made to discharge the indictment against Roland B. Molieux, charged with sending poison to Harry Cornish which caused the death of Mrs. Williams. Justice Williams dismissed the indictment on the ground that other than legal evidence was received and considered by the grand jury, and directed that the case be re-submitted to the grand jury now sitting, or to the next grand jury that shall sit in New York.

### Cars Made in Buffalo.

Associated Press.

BUFFALO, April 12.—The Wagner Car Company at East Buffalo, today turned out eight sleeper cars for the Intercolonial railway, being the first consignment of an order of sixteen cars, received from the Canadian government. They are the handsomest sleepers ever built at the Wagner shops, and will eclipse any passenger cars in style and furnishings used in the Dominion. The cars were sent to Montreal, where they will be placed in service by the Intercolonial road.

### Evicted Tenants Lost.

Associated Press.

LONDON, April 12.—The house of commons today, by a vote of 107 to 69, rejected the bill introduced by William O'Malley, anti-Parnellite member for a division of Galway, providing for the compulsory reinstatement of the Irish tenants evicted since 1870. Gerald Barr, chief secretary for Ireland, denounced the bill as being bad in principle and mischievous in practice.

### Racing Dates Changed.

Associated Press.

NEW YORK, April 12.—The Seawanhaka-Corinthian yacht club has found it necessary to alter its plans for the coming season, and has changed the date agreed upon with the Royal St. Lawrence yacht club. The first race in the 1899 match will be sailed on July 26, and the remaining races on succeeding week days.

### Ready for the Museum.

Associated Press.

NIAGARA FALLS, N. Y., April 12.—Eleven years ago Mrs. Stephen Collins died from the effects of a self-inflicted wound in the throat. Her body was buried in St. Mary's cemetery. Today the body was exhumed in order to remove it to another resting place. It was found when the coffin was opened that the body had turned to stone.

### Five Sailors Drowned.

Associated Press.

NEW YORK, April 12.—The barge Ellen Gow reported from Vineyard Haven yesterday to have sunk on Sunday, had a crew of five men aboard. They were lost. She was valued with her cargo of coal at \$200,000, and belonged to the Philadelphia Coal Company.

### Killed by Chilcoot Indians.

Associated Press.

VICTORIA, April 12.—John Henley of Baltimore, has reported at Dyce the murder by the Chilcoot Indians of Sydney Nance, a young Englishman, and Charles Erickson, a Swedish miner, whom they found mutilating a totem pole. Henley says the Indians shot them.

### Another Man Chosen.

Associated Press.

VICTORIA, April 12.—The city council today decided to offer the position of city engineer to Cecil B. Smith, of Toronto, who was amongst the first thirty-two applicants for the position.

### Rosebery to Take Charge.

Associated Press.

LONDON, April 12.—The Daily Mail says this morning: We understand that the earl of Rosebery is about to resume active political life.

## THE FINE ITALIAN HAND OF THE CANADIAN PACIFIC.

VANCOUVER, April 12.—At a meeting of the Vancouver Board of Trade last evening the resolution passed by the Grand Forks Board of Trade was read and discussed. A resolution on somewhat similar lines was introduced. To this an amendment referring the matter to a committee for future report was offered and adopted. Those favoring the resolution argued the necessity for competing railways. Some of the speakers called attention to the threats of boycott that had been received from Grand Forks, and thought that the position of this board should be neutral. George McL. Brown, the executive agent of the Canadian Pacific railway, on being called on, said that he had not intended to exercise his privilege to speak and would prefer not to do so. He quite appreciated that a number of people sympathized with the local cry for more railways, but in respect to the Boundary Creek country this was not necessary for the purposes of competition, in view of government control of rates. If the policy now accepted throughout Canada, of "Canada for the Canadians," was to be effective, then Canadians must strive against American encroachments. The Canadian-Pacific opposition to the charter was not with a view to stifling competition. Such could not be, as the government had power to regulate tolls. The company contended that no American lines should be permitted until British Columbia interior towns and smelters had been established and brought into close relation with Canadian agricultural and commercial centers.

## SANDON MINING AND LOCAL NEWS.

Special to The Tribune.

SANDON, April 12.—The Slocan Star has a force of men putting the mill in shape to resume operations about the 20th. A number of cars of shipping ore taken out in the course of the winter's development work will be shipped at once.

Throughout the Slocan, the trails and wagon roads are rapidly breaking up. In but few cases is it possible to employ animals. For this reason the Whitewater has been forced to temporarily discontinue shipments.

Arthur Bacon, who for several months has been in the Slocan purchasing zinc ores for an English smelter, has accumulated about 1400 tons of ore running in zinc from 15 to 35 per cent. He expects to complete his first shipment of 3000 tons by midsummer. The lot will go by ship from Vancouver.

The announcement that the government has decided to allow the eight-hour law to remain unenforced pending an investigation of the matter meets with very general approval in the Slocan. A complete close down of all the mines would have followed the promulgation of the law. Both miners and mine owners are satisfied with the present conditions, though there are a few amongst the former who may attempt to break up the existing pleasant relationship between employer and employee by embarrassing the government in its decision.

The Kaslo & Slocan railway will probably have no more difficulty from snow, as all the principal slides are down.

The Last Chance is keeping up its splendid record of one car per day, and from the appearance of the mine it is safe to say that the record will be kept up during the entire year. This ore nets from \$1200 to \$1500 per car.

F. A. Woods, manager of the Last Chance, leaves tomorrow for California, where he will spend a month.

The Jackson mill has closed down on account of a break in the dam and a shortage of water. The mine is now shipping on clean ore, but this will be temporarily shut off soon on account of the breaking up of the wagon road.

G. Alexander, now sole owner of the Antoine, is making preparations to start a long tunnel on the Best Basin side of the mountain to tap the lead at great depth.

## IN AND AROUND YMIR.

YMIR, April 12.—Heavy rain fell last night and dispersed a lot of snow. The Salmon river has risen quiet a bit.

The Tennessee, Iowa and Iron Chief mineral claims, owned by the Hamilton and Rossland Gold Mining Company, are to have attention paid to them shortly.

On the Rising Star six men are at work. This is a promising property.

It is understood there is a deal on for the Wilcox on Wild Horse creek. The Wilcox has two ledges, principally galena.

Next month work is to be vigorously pushed along on the Silver Lake group, which consists of the Union, Silver Lake and Montreal mineral claims, and are centrally located between the Union Jack on the north, the Big Horn on the south, Big Patch on the east, and Big Four on the west, which are recognized by all

## ENTERPRISE MINE REPORTED SOLD FOR SIX FIGURES.

Two weeks ago THE TRIBUNE stated that the London and British Columbia Goldfields people were negotiating for the purchase of the Enterprise mine on Ten-mile creek, Slocan lake district, and that the deal might be closed. A brief history and an extended description of the mine were also published. These articles have been garbled and reprinted in a dozen different papers, and now it is heralded broadcast that the mine has been sold for \$750,000, the London and British Columbia Goldfields, Limited, being the purchaser. The figure at which the deal was closed is not given out by the people who made the deal, and any figures are mere guesses. The sum to be paid for the Enterprise is not far from \$350,000, as the property is not considered a "big" one by the experts who have examined it. It is not unlikely that the purchase of the Enterprise by the London and British Columbia Goldfields crowd will result in the starting up of the smelter at Pilot Bay. That smelter has a lead furnace of 100 tons capacity. The L. & B. C. people have an interest in the Ruth mine in Slocan district and control the Whitewater mine in the same district, both of which yield "wet" ores; the Enterprise is a "dry" ore mine, and its output, together with the "dry" concentrates from the Ymir mine, which is also owned by the same company, would furnish the necessary "dry" ores. The Pilot Bay smelter is accessible to all four of these mines. The first two would ship via the Kaslo & Slocan railway; the Enterprise via the Slocan branch of the Canadian Pacific; and the Ymir via the Nelson & Fort Sheppard railway. The Pilot Bay smelter could not well be "bottled up" if such a deal were made.

## Vetoed.

Mayor Neelands has vetoed the resolution passed by the city council changing the city's bankers, that is, he has made an entry in red ink in the minute book to that effect. At the next meeting of the council two questions will have to be disposed of. The first one will be: What right had the mayor to make an entry in the minute book without the approval of the council. The second will be: Shall the veto of the mayor be sustained. It is believed, in well-informed circles, that the mayor cannot muster four votes. The Merchants Bank crowd, inside and outside, supported Neelands to a man at the last election, and they will have their reward, or there will be trouble in the camp.

## Nelson Lawn Tennis Club.

At the annual general meeting of the Nelson lawn tennis club the following officers were elected for the year: President, H. E. Crossdale; vice-presidents, E. Fletcher, A. R. Barrow and A. E. Hodgins; secretary-treasurer, F. A. Macrae; committee, G. W. B. Heathcote, H. B. Haines and H. W. F. Pollock. The club are going ahead with the construction of their new ground, and look for a large increase in members, both playing and non-playing, as a great deal of interest is being shown in the game for the coming season. The grounds secured are on the west side of Cottonwood Smith creek, near the Silica street bridge, and about \$500 will be required to be expended to make them in good condition to play on.

## Canadian News in Brief.

Special to The Tribune.

At Brantford the Grand river is on the rampage and many places along the stream are flooded.

In London petitions are being circulated asking that Pegleg Brown the murderer be given a new trial.

Lord and lady Minto arrived at Toronto last night to attend the horse show opening tomorrow.

Allan Richardson, a twelve-year old son of Richardson, the Dunville jeweler, shot himself dead yesterday while playing with a revolver, the bullet going through the heart.

## An English Preacher Called.

Special to The Tribune.

TORONTO, April 12.—The congregation of St. Andrew's church met this evening and unanimously extended a call to Dr. Armstrong Blake, of Birkenhead, England, offering \$4000 and a manse. A. F. Maclean will go to England to prosecute the call for the congregation before the Liverpool presbytery, supported by Dr. Munro Gibson and D. W. Robertson Nichol of London. The St. Andrews pastorate is that occupied by the late D. J. Macdonnell, and later by Rev. W. J. McCaughan.

## Runners of Important Changes.

Special to The Tribune.

TORONTO, April 12.—The World's Montreal special says: The presence of chief justice Strong here gives rise to the rumor that he may go permanently to Europe. Along with this comes a report that premier Laurier is tired of politics and will become chief justice. It is stated that if the imperial government can be induced to give \$7000 towards a regular salary for a Canadian representative on the judicial committee of the privy council, the Dominion would give the same.

## Born.

To the wife of John Swedberg there was born a daughter yesterday afternoon.

LOCAL OR READING MATTER NOTICES 25 cents a line for each insertion.  
JOB PRINTING at fair rates. Accounts for job printing and advertising are payable on the first of every month. Address—THE TRIBUNE, Nelson, B. C.

THE Economist is strongly in favor of the city borrowing \$60,000 for public improvements. It says that a policy of ill-advised economy might blast the future of Nelson. It also says that the present electric light plant should be improved at no matter what cost. We are afraid these arguments will not convince the property owners of Nelson to change their set determination not to vote the present council a cent for any purpose whatever.

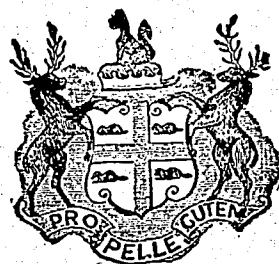

The city should do as private individuals do—live and do business within its means. There is no law to compel anyone to use electric light, and if the capacity of the present plant is not sufficiently large to supply all who might use electric light, is it not better to supply those that can be supplied than to expend thousands of dollars on alterations in the plant that will in no way be of permanent benefit. The present plant has a greater capacity than that of any other town of Nelson's size in Canada; but the trouble in Nelson is, that the plant is not made to earn up to its capacity. Fully 25 per cent of the earning capacity of the plant is given away. Let the council remedy that, and there will be no necessity of borrowing \$15,000, or any part of it. The same is true of both

been made of such stuff, Nelson today would be a hamlet of men afraid of their shadows, instead of a thriving young city.

WHEN the people of southern Kootenay were fighting for the Nelson & Fort Sheppard railway charter, in 1891, president Van Horne of the Canadian Pacific remarked that he was fighting against them, because it was his interest to do so; but that if he lived in Kootenay, he would be doing as the people of Kootenay were doing. This statement will probably astonish some of the weak-kneed members of the board of trade of Nelson who are afraid to say their souls are their own for fear of offending the Canadian Pacific Railway Company.

LAST year the city's real estate tax roll amounted to between \$9000 and \$10,000. This was on an assessment of a little less than \$1,000,000, the rate being one per cent. This year the assessment has been "swelled" more than 50 per cent, and the rate is also to be "swelled" 50 per cent. By this "swelling" process the city council hopes to get \$20,000 and over out of the property owners.

### Tenders Wanted for Real Estate

Tenders will be received by the undersigned until 12 o'clock noon on Saturday, April 15th, 1899, for the purchase of the following described real estate:

#### LOT 24 BLOCK 60

and improvements thereon, situate at the northeast corner of Hall and Lake streets, Nelson. Terms cash. The highest or any tender not necessarily accepted.  
Administrator estate of Charles Van Ness, deceased. Nelson, April 3rd, 1899.

#### Application for Liquor License.

Notice is hereby given that I, the undersigned, Austin H. Clements, intend at the first sitting of the board of licensing commissioners of the City of Nelson, to be held thirty days after the publication of this notice, to apply for a retail liquor saloon license for the premises known as the corner store of the Old Fellows building, on lot number one (1) in block (12), being situated on the southeast corner of Baker and Kootenay streets in the West ward of the said City of Nelson.  
AUSTIN H. CLEMENTS.  
Dated this 15th day of March, A.D. 1899.

H. G. McCulloch, of Nelson, broker, versus Frank Pullmer of Brooklyn and O. J. Boucher and O. Boucher of Trail, B. C.

Mr. Justice Martin forwarded judgment in this action to the registrar at Nelson, who received the same yesterday.

The facts are that the plaintiff sued for \$7,500 commission for effecting the sale of the Beatrice group in the Lardeau to Messrs. Beers Brothers at \$150,000. It appeared by the evidence that on the 21st day of July the plaintiff prepared an agreement between himself and the defendants agreeing to negotiate "a sale" of the above-named group, and as a remuneration for his services in that particular he was to receive five per cent commission on the purchase price, to be paid out of the purchase money as the same was paid by the purchaser. McCulloch secured a bond from George F. Beer on the 4th day of July last for \$150,000, upon which the first payment was to be made on the 1st day of September last, but when that time arrived the bond was not taken up and was allowed to lapse; a new sale was effected by the defendants to George F. Beer and his brother, W. W. Beer, for the original Beatrice group and an additional three-quarters interest in the adjoining claim, Florence, for the sum of \$75,000, upon a bond, and collateral to the said bond is an agreement of lease allowing the said Beer Brothers to work the claim and entirely disregard the bond at their option.

The plaintiff relied upon the custom governing commissions in such cases, also contended as he was directly or indirectly the moving cause of the sale, he should have his commission; he also contended that although W. W. Beer was added to the agreement of the first September and although an additional claim was added, it was simply an extension of the agreement of the 11th July.

The defendants insisted upon the argument that the plaintiff must allow his commission to be governed by the written agreement re commission, prepared by himself, and that custom or evidence of such could not be considered; secondly, that plaintiff to recover must have been the cause, cause of the second sale, when as a matter of fact and at most he was only the person who had introduced, in connection with former negotiations, the defendants to one of the Beers, and could not be said to be even the cause proximo of the second sale, or bond, or lease; third that the commission agreement required the plaintiff to effect or negotiate "a sale," and that a bond does not amount to a sale, and the plaintiff had not as a consequence performed his agreement to an extent sufficient to entitle him to sue.

The learned judge gives only an extract of what his judgment will be if a full written judgment is required, and the judgment as given to date is as follows:

"In this matter I have come to the conclusion that judgment must be given for the defendants, principally on the short ground raised by the defendant's first objection, that the plaintiff has not shown that he effected a 'sale,' as mentioned in the memorandum of agreement of the 21st day of July, 1898; none of the documents subsequently drawn up amount to a 'sale,' or even approached near enough thereto for me to be justified in finding that the plaintiff substantially found a purchaser," so as to bring the case within Kimer vs Knowles (1874) 30 L.T.N.S., 496, where a lease for nine hundred and ninety-nine years was considered as satisfying that requirement. The plaintiff's case is a much weaker one than that, particularly in view of the last clause of the agreement of the 4th day of July, 1898, the effect of which is, that the agreement 'did not bind' (the so-called purchaser) 'to anything' which it must do as mentioned by Mr. Justice Osler in Culverwell vs Birney (1887) 14 App. Rpts. 278; see also the requirements of a sale as set out in McKenzie vs Champion (1884) 12 S.C. 655—659 and 660."

Judgment will therefore go for the defendants with costs. W. A. Gallier and P. E. Wilson for the plaintiffs. S. S. Taylor, Q.C., for the defendants.

**First Baby in the Family.**

The doctor had come in late from a hard day's work, driving from place to place, feeling pulses, giving encourage-

ment and writing prescriptions. He had eaten his supper at 11 o'clock, made a last call on a man with the grip, and had turned into bed, dog tired.

It was long after midnight when the telephone bell rang. The doctor was sunk in a deep sleep. Again the bell rang out sharply and impatiently and continued to ring, but the doctor did not hear it. At the other end of the hall a pale student pored over his book. He was studying law. The bell disturbed him, and he at length decided to answer it and stop the ringing. He took down the receiver and shouted "Hello!"

"Is that you doctor?" asked an anxious voice.

"Yes, what do you want?" replied the student, who knew the doctor was tired and did not wish to wake him unless the case was serious.

"This is Potts, doctor, H. J. Potts. My wife wanted me to call you up to tell you that the baby wouldn't play with his blocks tonight and seemed kind of heavy and dull. What do you suppose is the matter, doctor? My wife is very uneasy."

"Hum," said the student, trying to think of something to say. "Is the baby feverish?"

"No, I don't think he is," replied the voice. "But he sneezed once tonight."

"Ah," said the bogus doctor, "that's a good sign. If he sneezes and is not feverish he is all right. You might give him a little water if he wakes up and cries;

### LOCAL NEWS AND GOSSIP.

"Clint" Campbell of Sirdar has been in Nelson for several days. He reports that that terminus of the Crow's Nest Pass railway was quite lively for a time, and now business has settled down to a steady gait. Sirdar is three miles from Kootenay Landing, and the railway yards are at the place.

P. B. Morse and B. J. Royal have opened up a grocery store in the West block, at the corner of Baker and Hall streets.

James Callaghan, general representative of the Heintzman Piano Company of Toronto, of which the Canada Drug & Book Company are the Nelson agents, is in Nelson in the interests of his firm.

J. C. Dillon, secretary of the Nelson lacrosse club, received a letter today from C. F. Nelson, secretary of the New Denver celebration committee, stating that a prize of \$100 will be given for the lacrosse competition for the championship of Kootenay, the game to be played at New Denver on May 24th. The letter further states that New Denver has the only lacrosse grounds on Kootenay lake. The probabilities are that the Nelson lacrosse club will accept the invitation.

### WANTED.

WANTED—Twelve boys at \$3 a week. Apply today to Kootenay Cigar Manufacturing Company.

WANTED—Three good boys to sell The Tribune. Must be able to get around by 6 o'clock in the morning.

before placing your orders

Tinsmithing and Plumbing a Specialty  
Estimates Cheerfully Furnished

## GROCERIES AND CROCKERY

We  
Dont  
Boast

We dont claim to supply everybody,  
but we do claim to carry a stock that  
cant be beaten in Kootenay.

Dont be deceived by what other dealers may say, but come and be convinced that the quality of our goods and prices are right.

We dont advertise any foolish prices,  
but our motto is "Full Weight and Good Goods."

A shipment of first-class apples just arrived.

## Kirkpatrick & Wilson

Telephone 10. P. O. Box K & W. Baker street West, Nelson

Another Shipment of Fancy Groceries Has Just Arrived

INCLUDING

Van Camps' Macaroni and Cheese,  
Pork and Beans and Sweet Potatoes

Just added another brand of tea to our already large assortment. It is impossible to buy tea from us and be dissatisfied. We carry the choicest brands only.

3-Star Flour is Selling Fast

ABERDEEN BLOCK  
NELSON, B. C.

M. DesBrisay & Co.

The Best on the Market

Just received a carload of the Lake of the Woods Milling Company's celebrated Hungarian brands of Flour, which will be sold at the same price as the inferior grades on the market. Try it and be convinced.

Family orders a specialty and free daily delivery  
Mail and telephone orders promptly attended to  
Baker Street West, opposite Oddfellows' Block

JOHN A. IRVING & CO.

SPECIAL ATTENTION

Have just received a consignment of Harris home made tweeds from Talbot Harris, Scotland.

FRED J. SQUIRE, Baker St. Nelson

The supply is limited, so call early and examine this stock.
