

NINTH YEAR.

NELSON: FRIDAY MORNING JANUARY 25 1901

PRICE FIVE CENTS

## THE FUNERAL PREPARATIONS

Will Probably Take Place on February 2nd.

## THE SYMPATHY UNIVERSAL

AND ENGLAND IS PROFOUNDLY TOUCHED.

Tributes From all Nations--Those Who Will Attend the Obsequies--Other Notes.

COWES, Isle of Wight, January 25.—So hampered has been the arrangements at Osborne that the body of queen Victoria still lies in the bedroom where she died. The elaborate decorations necessary for turning the dining room in Osborne into a chapel occupied so much time that although the royal household waited hour after hour for the first private service it was found impossible to hold it yesterday. All being well, however, the ceremony will be performed this (Friday) morning by the bishop of Winchester in the presence of king Edward, emperor William and almost every member of the royal family. The coffin was brought to Osborne last evening and was taken through the queen's private gate, which had not been previously used since her death. Emperor William was the first person to see it. The coffin containing the body will be transferred this morning to the dining room.

The dais is wreathed with royal standards and on each side are great candles. Madonnas by famous painters hang from the draped walls. In one corner magnificent wreaths from all parts of the world crush their blossoms one against the other. Among these the most beautiful are from emperor William and empress Augusta Victoria. Around the coffin chairs are arranged for the royal mourners. Lord Pelham-Clinton authorizes the statement that there will be no lying in state. However there is good reason to believe that many persons will be afforded the privilege of seeing their dead queen as she lies in the gorgeously transformed dining room where she will remain until February 1st. In the hope that this may be the case people are already crowding into Cowes. If they are disappointed in this respect they will at any rate be rewarded by witnessing a magnificent naval display. Yesterday king Edward replied to thousands of messages he has received.

To those from rulers and great personages he replied in person. To those from minor dignitaries he commanded his equestrian to return thanks. A particularly grateful message went to president McKinley. The new queen moved ceaselessly around yesterday seeing that everything should be done in good order. She refused to allow herself to be called queen. "Your majesty," said one of the entourage, "Your royal highness, you mean," was the immediate interruption.

It was chiefly due to queen Alexandra's desire, who carefully designed the minutest details of the death chapel, that the first funeral service was not held yesterday. The German imperial yacht Hohenzollern is expected to arrive at 4 o'clock this afternoon with emperor William's suite. In response to an inquiry by the correspondent of the Associated Press, lord Pelham-Clinton denies the report of emperor William's intention to return to Germany today.

**Arrangements for the Funeral.**  
LONDON, January 25.—It is understood the body of queen Victoria will arrive in London on the morning of February 2nd and be taken across the metropolis to Paddington. Troops will line the streets. The coffin will be placed on a gun carriage and draped with flags. On arriving at Paddington station it will be transferred for Windsor, finally reaching St. George's chapel

about noon where a magnificent funeral service will take place.

LONDON, January 25, 4:30 a.m.—It is understood that the progress of the body of queen Victoria through London will be an imposing military pageant and that members of the houses of lords and commons will be invited to follow the procession. At the same time there seems to be some apprehension lest a change of decision should omit the London portion of the program. The Daily Telegraph editorially claims for London a right to share in the obsequies and declares that nothing but the deceased's own wishes should prevent this. The funeral has been delayed to enable all the foreign representatives to arrive at Windsor in time. It is announced that grand duke Sergius and the grand duchess will come from Russia to be present at the ceremony.

**St. James Gazette on America.**  
LONDON, January 24.—England continues to give evidence that she is profoundly touched by the universal sympathy, especially that of America, expressed on the death of queen Victoria, and papers like the St. James Gazette, by no means noted for friendliness toward the United States, have been among particular we are grateful to our kindred in America. The American press is in every way a popular press. It knows and responds to popular feeling and popular will and it is unanimous in its tributes of sorrow and recognition of the greatness and goodness of queen Victoria. Nor have her public men been backward. Mr. White-law Reid, whom we remember in London as the special envoy of the United States at the Diamond Jubilee has pointed out that the queen had been referred to for more than a generation as simply the queen. That alone is enough to show how Americans regarded her. All this is well and should touch us profoundly. But it need not surprise us. The nearness of blood and language are not wisely counted on in a political way, but when a simple feeling is in question—a simple feeling in a matter over which no controversy can exist—then nearness of blood and community of language will surely tell. Beneath the differences of government, the differences of place and many other differences of association, there is between the Americans and ourselves a great common heritage. Shakespeare and Milton are part of it, and Washington is part of it. What Englishman ever thinks of Washington as an enemy? We think of him simply as a great man, a noble character of our race, and now queen Victoria is part of this heritage of race and language.

**Tribute From France.**  
PARIS, January 24.—At the opening of the chamber of deputies today the premier, M. Waldeck-Rousseau, said: "In announcing to the chamber the event which has just closed, a reign in which is bound up by almost a country's history, the government wishes to contribute its tribute to the homage and respect which the world renders to the memory of queen Victoria, and gauging the sorrow of the English nation by the affection displayed for its sovereign the government bows respectfully before the affliction with which England is stricken." The premier's remarks were cheered. The president of the chamber said the chamber joined in the regrets the government had just expressed.

**As to the Titles.**  
LONDON, January 24.—The fact that the court goes into mourning for a year and the further fact that the public is enjoined to go in the deepest mourning lead to the supposition that the coronation will not occur until 1902. The instruction that the duke of York is to be named in the prayer book "Duke of Cornwall" seems to throw light upon the much debated question of the heir apparent's title. It was supposed that the title "Prince of Wales" which belongs only to a son born of the king would be conferred upon the duke of York by royal patent, but the Gazette's announcement seems to indicate that this will not be done and that the duke of York will henceforth be known as the duke of Cornwall.

King Edward VII has been proclaimed in many cities and towns of the United Kingdom, the usual procedure being that the mayor,

attended by other members of the corporation, has read the proclamation in the town hall or market place. In Dublin uniformed heralds proclaimed Edward VII at one of the castle gates in the presence of lord lieutenant earl Cadogan and the Irish privy council. An immense assemblage attended the proclamation.

The colonial office announces that an immense number of telegrams of condolence have been received from colonial governors and public bodies in the colonies. There is a continual stream of condolence messages from other quarters. Cardinal Vaughan sends word that he will bring from Rome a special message from the pope to the new king. The following princes from Germany will attend the funeral: Prince and princess Henry of Prussia, prince Arnulf of Bavaria, the grand duke of Hesse, the prince of Saxe-Meiningen and the prince of Hohenzollern. Prince Henri of Orleans is expected and rear admiral Cervera will accompany Spain's ambassador extraordinary, the duke de Amandas.

**Victoria's Love for Her Consort.**  
BERLIN, January 24.—The Berliner Neueste Nachrichten quotes the following from baron von Bunsen: "In 1845 court etiquette had thrust the prince consort somewhat into the background and a toast by king Frederick William IV first to the queen and then to her most august spouse deeply affected queen Victoria, who at the first compliment bowed and at the second bowed very low. Her eyes sparkled with tears and as the king sat down she bent over and kissed him on the cheek and then sat down herself beaming with joy."

**Swearing in New Members.**  
LONDON, January 24.—The house of lords and the house of commons continued the swearing in of the members today. The duke of Marlborough was among the first peers to take the oath this morning. An extraordinary Gazette published an order-in-council that it is expected that all persons upon the present occasion of the death of her late majesty of blessed and glorious memory will put themselves into deepest mourning. Another order-in-council substitutes "king" for "queen" and "Edward" for "Victoria." It also inserts "our gracious queen Alexandra, George, duke of Cornwall and York, and the duchess of Cornwall and York."

**Notes by the Way.**  
MADRID, January 24.—The Spanish cabinet has appointed the duke of Mandas, the Spanish ambassador at London, and admiral Cervera to be the delegates of Spain at the funeral of the queen. Admiral Cervera's reported illness is apparently proved to have been not serious.

LONDON, January 24.—At the suggestion of Adeline Patti memorial services in honor of queen Victoria conducted by father Bernard Vaughn took place yesterday evening at Craig y Nos castle, Wales. The musical portion was arranged by madame Patti and was extremely beautiful. She and the tenor Stanley sang.

PARIS, January 24.—President Loubet today paid a visit lasting a quarter of an hour to the British ambassador, sir Edmund J. Monson, at the embassy to express his condolence on the death of queen Victoria.

**The Proclamation in Ireland.**  
DUBLIN, January 24.—The ceremony of proclaiming the new king in Dublin was highly interesting. Earl Cadogan, the lord lieutenant, first proclaimed Edward VII at a full meeting of the Irish privy council. Then at 4 o'clock p. m. a procession was formed headed by the lord mayor, which issued from the gate of the upper castle and took up a position on the west side of the Cork hill, where a great concourse had gathered to witness the spectacle. The Athlone pursuivant in full regalia, mounted and attended by an escort of lancers preceded the Ulster king-at-arms, mounted and wearing a brilliant uniform. Then the lord lieutenant with several aides rode out of the gates. The band played "God Save the King." The Athlone pursuivant cried "Oyez, Oyez," and commanded silence. A fanfare was sounded and the Ulster king-at-arms read the proclamation. Cheers were given for the king and "God Save the King" was played.

QUEBEC.—H. B. Rainville of Montreal is to be the next speaker of the Quebec legislature.

## CREEKS ON THE WARPATH

BRISTOW, INDIAN TERRITORY, THREATENED.

Soldiers Are Being Hurried From Fort Reno to Quell the Disturbance.

MUSKOGEE, Indian Territory, January 24.—The Creek uprising is growing to a dangerous proportion. Marshal Bennett has received a telegram from Bristow, Indian Territory, announcing that 600 armed Creeks stationed two miles from there are preparing to attack the town. Citizens are pleading for protection from the marshal. Marshal Bennett and agent Shoenfelt are swearing in large numbers of deputies, whom they are forwarding to the scene of trouble. It is now feared they will reach the town too late and the mayor of Bristow has been instructed to swear in all the men to protect the town. Soldiers are being hurried from Fort Reno to the seat of trouble, but they will not reach Bristow before tomorrow night, as they will arrive at Henrietta first and go overland. Indian agent Shoenfelt will ask for more help. Marshal Bennett with six deputies is about to leave for Enfield, where Crazy Snake was seen today and will attempt his capture. The Snake band is within three miles of Bristow and is reported to have whipped white men. The Dawes' commission is fearful for the safety of its party of appraisers headed by representative Hackbusch of Leavenworth, Kansas, who are in the Kettupka district. Nothing has been heard from them for two days.

## YESTERDAY'S NEWS IN BRIEF.

ROME.—King Victor Emmanuel has ordered that the court go into mourning for a fortnight.

MILAN.—Verdi's health improved this morning after a critical night, but it is feared he will not recover.

QUEBEC.—A royal salute of 21 guns was fired from the citadel at noon today in honor of the accession of king Edward VII.

MONTREAL.—The mayor today appointed February 2nd a day for general mourning. The city council passed resolutions of condolence.

LONDON.—Dr. Morrison in a dispatch to the Times from Peking complains that Great Britain has withdrawn her protest in the Shan Hai Kwan railroad affair thus facilitating Russia's designs in Manchuria.

LONDON.—There is no truth in the rumor that a change in the premiership is contemplated, says the Daily Mail. Mr. Balfour's presence at Osborne house is due to the king's kindly desire to spare lord Salisbury fatigue and trouble.

MONTREAL.—The Star's London cable says: Strathcona's Horse are expected here about February 10th, though it is not yet known where they will land. The queen's demise will inevitably alter the character of the national greeting.

PORTSMOUTH.—It is asserted here that the British first-class battleships Ocean and Canopus have been ordered to hurry to Chinese waters from the Mediterranean in connection with the dispute with Russia over the Elliot and Blonde islands.

TIENTSIN.—Preparations are being made in Tientsin to make it the military base for the coming spring and summer and it is believed a majority of the troops in Peking will encamp in this neighborhood preparatory to gradual debarkation.

MONTREAL.—It is reported today that insurance men had raised rates on commercial property 1 per cent in consequence of last night's fire. There will likely be an increase, but the rate is not yet settled. Insurance men demand considerable new apparatus for Montreal fire brigade.

**America's New Navy.**  
WASHINGTON, January 24.—The house today continued the consideration of the naval appropriation bill and practically completed it before adjournment. The debate upon the present naval bill has lacked the interesting and sensational features of recent years. The fight which the appropriation committee waged against the

hydrographic surveys under the auspices of the navy was abandoned this year by the committee, and several other questions, including armor plate, which usually entail much discussion occasioned no comment whatever. The provision for the increase of the navy was made the occasion of an interesting debate upon the length to which the building up of the navy was to go and drew from Mr. Cannon, chairman of the appropriation committee, a notable statement to the effect that when the ships now authorized and to be authorized had been completed \$320,000,000 would have been spent upon the new navy and that in his opinion the time to stop will then have arrived. An amendment offered by Mr. Rixey (Virginia), a Democrat member of the naval committee, to strike out the provision in the bill for two battleships and two cruisers was defeated—40 to 9.

## In the French Parliament.

PARIS, January 24.—The debate on the law of associations was resumed today. It was intended to move an adjournment of the French parliament today, but finding that the reichstag did not adjourn yesterday the idea was abandoned. M. Delcasse, the minister of foreign affairs, referred to the death of queen Victoria in the senate today. He said the queen had acquired singular authority outside of her own empire and universal respect. M. Lasses, anti-semitic, representing Congdon, vigorously opposed the law of associations, defended the Protestants and Jews in violent language as being the instigators of the bill and the allies of the enemies of France. The general discussion of the bill was then closed and the house voted the bill an urgency measure by 381 to 179, and proceeded to discuss its articles.

## Marcus Daly's Will.

NEW YORK, January 24.—The will of the late Marcus Daly was filed for probate today at Anaconda, Montana and made public here. It makes Mrs. Daly the sole executrix of the estate without bonds, makes her guardian of the minor children and gives her one-third of the estate. The remaining two-thirds is to be divided equally among Mr. Daly's three daughters, Mrs. Margaret Brown of Baltimore, and Misses Marion and Harriet Daly and his son, Marcus Daly. In the event of the death of Mrs. Daly before the trusts imposed upon her by the will are executed, the four children of the testator or their survivors to be made trustees and executors in her place without security. Any of the children may during life of the trust dispose of his or her share by will.

BUTTE, January 24.—The Marcus Daly estate is conservatively estimated at \$20,000,000 by those most familiar with it, though others have placed it as high as fifty to one hundred millions.

## The Caracas Revolt.

PORT OF SPAIN, Trinidad, January 24.—Advices which have been received here regarding the mutiny of Venezuelan troops in the Hoyo barracks at Caracas say the mutineers numbered 300. The outbreak took place at 8 o'clock on the evening of January 14th and the colonel, two officers and four men were killed. Half of the mutineers were armed near Caracas and the others surrendered next day. The situation so far as it affects the Bermudez Asphalt Company grows more critical every hour. The American colony in Venezuela continues to protest against the indifference with which American lives and interests are regarded.

## Holdup of Yakima Saloon.

NORTH YAKIMA, Washington, January 24.—Three highwaymen entered the saloon of F. B. Shadlow at 1 o'clock this morning, and held up the employees, securing about \$800. The men were not masked and did not attempt to disguise themselves. Only three men were in the saloon and club-room at the time. Henry Hember, bartender, Charles Mabry and George Pyborn, having gambling tables, were forced to throw up their hands and submit to being searched. One man kept them in the back room while the others rifled the safe and bar till and the tables in the club-room. When the work was finished the robbers quietly walked out. They went to the home of Peter Ager and secured a span of fine black horses and escaped.

The sheriff and posse have tracked them in the direction of

the Indian reservation. The men are described as respectively tall, short and medium built, and smooth shaven and well dressed. Descriptions and offers of reward have been telegraphed over the country. The robbers were strangers in the city and were not recognized by any one in the saloon. They carried straw and litter to cover the stable floor before taking out the horses, in order not to disturb the owner.

## Victoria News Notes.

VICTORIA, January 24.—The British bark Castle Rock from Hong Kong is becalmed off Cape Flattery. Reinsurance on her is quoted at 35. She had been chartered to take a full cargo of British Columbia ores to England.

After seeing manifests all British Columbia salmon fleets and local shippers have arrived at the conclusion that the wreckage found near Astoria was from either the Ardnamurchan or Maerihanish, both owned by Glasgow firms. Salmon with marks similar to those on the cases found near Astoria were shipped on these vessels.

R. M. S. Aorangi arrived this evening from Australia and Hawaii.

## THE CURLING LAST NIGHT

In the Fletcher Trophy Series.

Two games of the Fletcher trophy series were played by the members of the Nelson curling club at the rink last evening. The ice was in only fair condition, and many bad plays were made. About the lowest scores that have been made this season were made last evening. The line up of the players and the result of the games are as follows:

H. Bird	I. Goble
F. Bradley	A. Mason
C. Gordon	A. Wilson
W. Richardson, skip	A. Grant, skip
J. Dwyer	Dr. Stoddard
H. Houston	R. H. Williams
J. H. Fox	Dr. Armstrong
Dr. Forin, skip	Mayor Fletcher, skip

The members of the club are making arrangements to send several rinks to Rossland during the carnival held there on February 15. The ships who will probably take rinks are F. A. Tamblin, Jack Rae and Stewart Campbell. The line up of the men with the last skip will be Harry Houston, A. R. Sherwood, J. Bunyan, Stewart Campbell, skip. They have entered already under the name of the Twentieth Century Colts. Not one of the members of the rink ever threw a stone before the twentieth century, but they have shown up well during the past few weeks and they may yet win laurels for themselves.

## The Crank Appears.

LONDON, January 24.—The vagaries of an apparently harmless lunatic occasioned some excitement at Victoria station. During the entraining of the king for Osborne House a well dressed individual bearing a letter addressed to his majesty was permitted to pass the barriers. He hurried to an equestrian and said he wished to present the letter to the king personally. The man was handed over to the police. The envelope contained only a telegraph form on which were the words: "I wish to see my beloved queen."

## Mad Deed of a Jealous Youth.

DENVER, Colorado, January 24.—Claude E. Hider, 19 years of age, shot Mrs. Emma Douglas, a divorced woman, and Harry R. Haley, and then killed himself in the hotel Saxton this morning, where the three lived. The woman was shot in the thigh and will probably recover. Haley is dangerously wounded in the right lung. Jealousy was the cause of the shooting. Haley is an expressman. Hider had no occupation. His brother, who had served in the army in the Philippines, killed himself about a year ago.

## Owned Property in New York.

NEW YORK, January 24.—Queen Victoria was the owner in fee simple of much real estate in this city below Grand street. At one time she owned the Bowling Green offices, No. 11 Broadway.

BERLIN.—Count von Waldersee in a despatch to the war office from Peking dated January 21 says: "There are many bands of robbers in the province of Chi Li. The British lost two men while engaging the robbers near Shan Kwan." He alludes to three German columns moving through the province.

## SANDON SUFFERS FROM FIRE

GEORGE CHAPMAN SUFFOCATED BY THE FLAMES.

Kaslo's Message of Condolence and How Its Citizens Propose to Conduct Their Services.

SANDON, January 24.—[Special to The Tribune.]—Fire broke out at 2 a. m. Wednesday in Cameron's building upstairs. Firemen got the fire under control in a short time, the damage to the building being about \$400. The lower story was occupied by Robertson with furniture. The damage to him is probably \$1000 by fire and water. He carried some insurance. George Chapman, a clothes cleaner, occupied the upstairs. When the fire broke out he was overlooked or forgotten until it was too late, and when found he was in a sitting position in bed. He had been drinking some and was probably suffocated before any person reached the fire. The jury returned a verdict of accidental death. He was buried today by the I. O. O. F.

## Sandon's Program.

SANDON, January 24.—[Special to The Tribune.]—The program for the Sandon carnival has just been completed, and it calls for an interesting list of sports. Nelson, Rossland, Kaslo, Silvertown and Slocan City hockey teams will contest for the grand prize in the big tournament. The Rossland juniors will also be on hand, and a red hot game is certain to come off between the Sandon and Rossland juveniles. These and the Nelson teams play in Rossland for the championship of British Columbia at the carnival there, and the Sandon game will be an indicator of what may be expected. The program awards all day Monday and Tuesday afternoon to the curlers. The preliminaries for the Harris and Bostock trophies will be played for in the big rink, the finals to take place in the curling rink on Wednesday and Thursday. The hockey tournament commences on Tuesday evening, when the Rossland and Nelson teams will be brought together. Wednesday Sandon will play Kaslo and Silvertown will cross sticks with Slocan. The finals between the winners will be played on Wednesday evening. Thursday will be given up to the grand masquerade, skating races, championship contests and Godfrey's pyrotechnic snowslide. Single fares have been given over all roads, and a big crowd is expected from Rossland, Nelson and Kaslo.

## Kaslo's Condolence.

KASLO, January 24.—[Special to The Tribune.]—The following public notice has been given:

"Notice is hereby given that no meeting of the city council will be held until after the funeral service of the late lamented and beloved sovereign, her majesty, queen Victoria. All citizens are respectfully requested to allow all social and public functions and all business except that of a most urgent nature to remain in abeyance during that time."

(Signed) G. A. CARLSON, Mayor.

Special services will be held in the Episcopal church on the day of the funeral and the city council will attend in a body. The following cable was sent to Chamberlain:

"The citizens of Kaslo are in deep mourning over the death of our beloved queen. Convey to his majesty and the royal family our deepest sympathy."

(Signed) G. A. CARLSON.

## An Enormous Orange Crop.

SAN FRANCISCO, January 24.—The Chronicle says: California's orange crop this season promises to break the best previous annual record. There will be between 19,000 and 21,000 carloads for eastern shipment. The great bulk of the product is credited to the citrus belt, which has Los Angeles as its shipping centre. The southern counties will probably yield a total of between 19,000 and 20,000 carloads. The northern citrus belt, of which Oroville is the shipping centre, will produce between 900 and 1000 carloads of oranges. These are the latest estimates by the Southern Pacific company.

## How Many Falls

HAVE YOU HAD ON THE SIDEWALK  
DURING THE PAST FEW DAYS?

IF YOU HAD WORN A PAIR OF OUR

## Rubber Soled Shoes ..

YOU WOULD HAVE BEEN PERFECTLY  
SAFE. CONSIDER THESE PRICES:

ALL SHADES.

## Hudson's Bay Co.

### The Tribune.

At the first meeting of the Victoria city council on Monday evening mayor Hayward complimented his councillors upon the circumstance that they had gone through the municipal campaign without the loss of a man, and the aldermen thereupon proceeded to make assurance doubly sure by appointing a committee to ascertain the best method of securing the election of mayor and aldermen for a longer period than one year. Victoria has aldermen in whom the electors have confidence, and who, in turn, appear to have confidence in themselves.

In the efforts that are being made by the provincial government to foster shipbuilding on the Coast, the mining districts of the interior have an indirect interest. The bonus upon ship building is urged as a means of improving the lumbering industry of the province, which at present is discriminated against by United States bottoms; and it is a sign for encouragement that the government is beginning to take notice of the condition of provincial industries with a view to their betterment. If the government is successful in its efforts on behalf of the lumbering industry, there is every reason to believe that its services may be enlisted in an effort to secure improved conditions in the mining industry. This is an issue which should not be lost sight of. The conserving to the province of all advantages pertaining to the development of its mineral resources means the creation of new taxable values and an increasing of present values, which is in turn the easiest method of swelling provincial revenues for development purposes—the most difficult task that legislators have to face.

The Midland Smelting Company's furnaces, which were blown in the other day, will add upwards of 55,000 tons annually to Canada's pig-iron production. This in itself is equal to the entire production of the Dominion five years ago. The

new works at Sydney, Cape Breton, are turning out an enormously greater quantity, while the output of the Hamilton furnaces is also greater and the Deseronto furnace is likewise running steadily. To these must be added, in figuring upon the immediate future production, the great Clergue smelters at Sault Ste. Marie, that of the Nickel Steel Company near Hamilton, and also the Cramp works which Charles D. Cramp, of the Cramp Shipbuilding Company of Philadelphia, has decided to erect at Collingwood, and which he says will employ 1200 hands. Speaking of this growth the Canadian Engineer says that "within the next year the Canadian iron industry will be put upon a par with that of Sweden, a country that has taken six hundred years of steady work to bring its trade to its present proportions in point of tonnage." Such is the fruit of a policy which sets the public welfare above the inordinate profits of the manipulators of the natural wealth. What has been accomplished in other portions of the Dominion can be accomplished in British Columbia when its legislators are progressive enough to approach the task in the same spirit.

The approaching session of the house of commons will probably witness the greatest railway fight in the history of the Dominion, and one in which British Columbia will be the most interested province in the confederation. For the past two years Messrs. Mackenzie and Mann have been slowly perfecting the connecting links in what they predicted should be another trans-continental line, and rival of the Canadian Pacific; but for a long time there was much doubt in the public mind as to the sincerity of their predictions in regard to competition. This feeling was not wholly dispelled even when the prospectus of the Canada Northern Railway Company was issued in London some months ago. Since then, however, "Jim" Hill, the railway king, has perfected his great pool of American railway interests,

and it has been freely stated that the projectors of the Canada Northern, in their policy of avowed hostility to the Canadian Pacific, have some definite arrangement with the Hill combination. The clash between these rival interests will come over applications for subsidies for the building of what is commonly known as the Vancouver, Victoria & Eastern railway from the Boundary to the Coast, but into the controversy there will doubtless be injected the differences which have cropped up between the Crow's Nest Pass Coal Company and the Gooderham and Blackstock interests. Both of these are controlled by eastern Canadian capitalists, who in the past have exerted a considerable influence over the Laurier government's following in Ontario. To still further complicate matters the Gooderham and Blackstock interest has recently purchased extensive coal fields in the Nicola Valley, which the new Coast-to-Kootenay railway is expected to tap, so that in addition to their alleged grievance with the Canadian Pacific over freight and transportation charges, the Toronto men have a direct and personal interest in the construction of the proposed road. Taken all in all there is sufficient in the air to warrant a lively session of parliament, with good chances for the conflict being extended to Victoria.

Good Taste Appreciated.  
Nelson Miner.

With no desire whatever to appear in the role of one "fishing" for a compliment in return, the Miner takes occasion to compliment its morning contemporary, The Tribune, upon the appearance of its first page yesterday morning. No more appropriate or tasteful first page was printed anywhere in Canada, not even in the Miner's office on Ward street.

## THE MEMORIAL SERVICES

Nelson's Program.

A general public meeting to arrange for memorial services to be held in Nelson in respect to the memory of her majesty, the queen, was held at Fraternity hall at 3 o'clock yesterday afternoon. There was a large number in attendance, being principally representatives from all the business firms of the city. Mayor Fletcher presided, and on calling the meeting to order he made a short speech explaining what would be expected of the citizens on the occasion. He said that there would be a parade led by the members of the Nelson company of the Rocky Mountain Rangers. The opinion of several men as to what ought to be done was given and all agreed that it should be a public affair and not left to one individual body or society. No definite steps were taken as there were no official delegates present from the various secret societies, unions or religious denominations. Another meeting will be held at 3 o'clock Sunday afternoon in the same place, when a general committee on arrangements will be appointed. The various secret societies, all organized bodies, religious denominations, and, in fact, the general public are asked to have representatives present, and it is expected that definite arrangements will be made. Another matter that retarded the completion of arrangements was that the date is not yet known when the funeral will be held over the remains of her majesty. It was proposed that after the parade had ended that a public meeting should be held in the open, as there is not in Nelson a building large enough to accommodate the number that is expected to be in attendance. It is thought that about 3000 or more of the citizens will participate in the parade. It was suggested that the Central public school grounds or the recreation grounds would be a suitable place for the meeting. No definite place was decided upon, as it was left to the pleasure of the committee which will be appointed on Sunday next.

### Coasting Getting too Dangerous.

As the result of several accidents occurring in connection with coasting down the main streets of the city, the members of the local police force are now taking steps to put a stop to coasting on all streets except Silica. They stated yesterday that coasting on any street except Silica would no longer be permitted. Those who were enjoying the pleasure of the sport last evening were warned and some of their names were taken. Chief Jarvis said last evening to a representative of THE TRIBUNE, "If any parties, male or female, are caught coasting down any street except Silica they will have the pleasure of appearing before the police magistrate the next morning. We will give them no further warning and intend taking rigid steps to stop the practice."

### The Sandon Carnival.

The citizens of Sandon are making great preparations for the grand winter carnival which will be held there, commencing Monday, January 28, and lasting until Friday, February 1. The occasion promises to be a decidedly interesting one, as in preparing the programme provision has been made for all kind of sports connected with such events. All the hockey and curling clubs in Yale and Kootenay have been invited to attend, and it is thought that there will be a large number of teams present. Reduced rates of a single fare for the round trip will be given from all parts of eastern British Columbia by the C. P. R. A large number of handsome prizes are offered and will be awarded to the winners of the various contests. The Nelson hockey team will leave on Monday, January 28, for Sandon, where they will play a return match with the Sandon boys. It is probable that several rinks of the Nelson curling club will also go.

## NELSON MINES AND MINING

Ore From the Silver Hill.

The steamer Kokanee will make a special trip to Crawford Bay on Sunday next for the purpose of bringing to the smelter here over 200 tons of ore which have been brought down to the landing from the Silver Hill mine. The company had a contract with the C. P. R. to haul 50 tons per day, but owing to the wagon road being damaged by the thaw which occurred a week ago they are unable to bring to the landing this amount although they are removing this quantity if not more from the mine. They are delivering at the landing about 200 tons per week, and with colder weather it is thought that a much larger quantity can be brought down.

### Mining Records.

Yesterday's mining records were: Certificate of work—on Central and Central Fraction to Otto Johnson. Locations—Iron Mask and Smokey on north side of Kootenay river, near Slocan Junction, by T. J. Lancaster; All Smoke near Slocan Junction by W. H. Lambert.

### Clerks' Hockey Match.

A hockey match between the hardware and grocery clerks of the city was played at the rink last night and the former won with a score of 6 goals to 2. Every man played hard and some clever plays were made but little combination was shown. The ice was in very good condition. The line up was as follows:

Hardware	G. G.	Roy Field
B. Shields	Goal	D. Macdonald
S. Bell	Point	P. Wilson
B. Hepperson	Cover Point	C. Macdonald
M. Downey	Forwards	C. Macdonald
W. McLaughlin	Forwards	A. Longhurst
Hunter	Forwards	G. Nunn
Referee H. Goodover; goal umpires, A. Fether and D. McFarland.		

### CITY LOCAL NEWS.

Born, in Nelson, yesterday, to Mrs. R. G. Jay, Josephine street, of a daughter.  
After the first of February the name of the firm of T. H. Brown, the jeweler, will be changed to Brown & Brown.  
The session of the supreme court fixed to be held in Nelson on Wednesday, February 6, has not been postponed as was rumored.  
The members of the choir of the Methodist, St. Saviour's and St. Paul's Presbyterian church had intended to hold their practice last evening, but have decided to hold it this evening as usual.  
C. H. Mackenzie, of the Yellowstone mine, who is suffering from a severe attack of pneumonia, who is at the City Hotel, will be operated upon today. A. B. Haultain is acting manager of the mine during the latter's illness.  
R. J. Clark of Victoria, who has been appointed to the position of high school teacher, has arrived in the city. All those wishing to take the course are requested to be at the school house this morning as the classification of the pupils will take place then.  
The laying of the sewer in the lane in block 25, addition A, was completed by the city workmen yesterday. This is the end of the sewer line from the head of Public Works of the city council of 1900 and no further work will be done until authorized by the present council.  
The Finance Committee meets at the city hall at 8 o'clock this evening. The city clerk has asked to prepare a statement of the probable estimate of receipts and expenditures of the city for the ensuing year to be presented to the committee. The members of the committee are aldermen Hamilton, chairman, Nelson and Irving.  
Yesterday morning two freight cars, heavily loaded, were derailed on the C. P. R. slip as they were being removed from a large. Very little damage was done to the cars, but a few lines and new rails had to be laid. Traffic was delayed until late in the afternoon. As there was a considerable depth of water over the slip difficulty was encountered while resuming the damage.  
The Board of Public Works met at the city hall at 4 o'clock yesterday afternoon and many matters concerning the improvements of the city for the coming year were discussed. The city engineer was asked to draft a report on the estimated cost of certain improvements, and the other recommendations made by the committee will be presented in a report to the council next Monday evening. Those present were aldermen Paterson, chairman; Madden, Gillett and mayor Fletcher.

### PERSONAL.

S. Singer of Pilot Bay is registered at the Queen's.  
J. A. Hodge of Wallace, Idaho, is registered at the Tremont.  
J. K. Kelly of Slocan and T. Bryden of Cascade City are registered at the Madden house.  
G. Humphrey of St. John, J. A. Wright of Montreal, and William Winters of Spokane are registered at the Phalar.  
C. A. Cameron of Vancouver, George Strachan of Toronto, and J. A. McDonald of Sandon are registered at the Hume.  
G. H. Barnhart, manager of the well-known Ymir mine, arrived in the city last evening. He is stopping at the Hume.  
George B. McDonald of Cody, who is one of the principal owners of the Noble Five, is in the city for a few days and is stopping at the Phalar.

## Mansfield Manufacturing Co.

NELSON, B. C.

To  
Builders and  
Contractors

Having taken over the business of the West Kootenay Brick & Lime Company, Limited, of Nelson, I beg to ask for a continuance of the patronage which you have heretofore extended them. My aim will be at all times to supply you with our products at lowest possible prices. Being in a position to manufacture goods in larger quantities than before, we shall be able to supply the trade at a lower figure.

It is our intention to install machinery to manufacture our marble products, and next season we shall be in a position to supply these products at reasonable rates.

We shall also keep on hand a stock of Fire Brick, Fire Clay, Tiles and Cement.

Our Bricks and Lime Rock have taken the First Prizes at the Spokane Industrial Exposition in 1899 and also this year. We also secured prizes last year and this year for Ornamental and Building Stone.

We are prepared to offer special rates to Contractors and Builders.

ERNEST MANSFIELD,

for The Mansfield Manufacturing Company.

Successors to

The West Kootenay Brick & Lime Co., Ltd

## FROZEN UP ...

We have known watches in cold climates to "freeze up" while in the wearer's pocket. They would run all right and keep time in a warm place, but owing to the oil in the bearings being old and partly congealed they would freeze up when exposed to the cold. Perhaps that is the trouble with yours. If so it needs cleaning and fresh oil. If Brown said so, it's right.

T. H. BROWN  
JEWELER.  
Baker Street, NELSON

After February 1st the name of this firm will be changed to Brown Bros.
