

Ferland's Money Makers

That the people of Nelson appreciate the bargain counter values I am quoting in order to clear out my large stock of dry goods and men's furnishings is evidenced by the run I have had upon the articles advertised. Many of the lines have been cleaned out but I still have a number of good leaders.

Lennan; secretary, D. McNicholl; treasurer, William Morrison; team committee, A. Fisher, J. Thompson and D. McNicholl. The membership fee was fixed at \$1. On motion of John Rae the secretary was instructed to write Kaslo and Silverton re expenses for games on Victoria day. The first practice will be held on the recreation grounds this evening at half-past 6 o'clock.

Mining Records.
The following are the mining transactions recorded yesterday: The Buffalo, located 3 1/2 miles south-east of Nelson and three-quarters of a mile from the Lizzie C mineral claim, by Annie Haller; Good Rock Fractional, about two miles south of Porto Rico, by Charles E. Miller.

Certificates of work were issued to P. H. Peterson for the Emerald Fractional; Eugene Croteau for the Colville, Simcoe and Hope mineral claims; Michael Gattoin for the Vagabond; and William B. Pollard for the Bobs.

Annie Haller records a transfer of two-thirds interest in the Buffalo, near the Lizzie C, to Ruth, Hannah Hubbard of Nelson, and a third interest in the same property to John D. O'Neil, also of Nelson. R. C. Campbell-Johnston also records a transfer of one half his interest in the Cunfrics claim, on the east slope of Rover creek, to Robert McCormick.

Date Fixed for Synod Meeting.
The synod of the diocese of Kootenay will meet in Nelson on Tuesday and Wednesday, the 13th and 14th of June, this date having been approved by bishop Dart of the Westminster diocese. There is little chance of a bishop being selected at the approaching synod, as before this is done the salary requirements have to be met. These require either the raising of an endowment fund of \$40,000 or the guarantee of a salary of \$2500 a year. Nelson has been chosen as the see city, but it is open to Rossland to meet the salary requirements and displace Nelson, if its people are so inclined.

Work Can be Commenced at Once.
There will be no delay in commencing work on the addition to the Central School building. Five thousand dollars has been set apart for the purpose, and the minister of education says the money will be turned over to the city as soon as it can be paid, and that the government will hold the city responsible for its expenditure. As the money will be available on July 1st, no time should be lost in preparing plans and calling for tenders.

Big Difference in Figures.
The suit of the Nelson Furniture Company to recover fire losses in connection with the company's premises, occupied the whole of yesterday's sitting of the supreme court. The chief evidence submitted was that of the insurance company's appraiser, who fixed the loss at \$1566.42, being something like \$2500 less than the loss claimed by the insured. The case will be continued today.

Michael Hays Remanded.
Michael Hays, the vagrant arrested on Monday on suspicion of being implicated in a number of petty thefts from Baker street stores, was brought before magistrate Crease yesterday and remanded. Several thefts of clothing and shoes have been reported to the police, and there appears to be a good chance of connecting Hays with some of them.

McCarty Gets Four Months.
Joseph McCarty, who was given four hours to leave the city, failed to move out on schedule time. He was before magistrate Crease again yesterday upon another charge of vagrancy, having been apprehended in the act of begging. He was sentenced to four months' imprisonment.

Twenty Thousand Dollar Loss.
One day last week 800 feet of snow-sheds on the Canadian Pacific, to the east of the Glacier house, were badly wrecked. The sheds were erected last year at a cost of \$20,000. The damage did not seriously delay traffic.

The Contract Has Been Subbed.
Larsen, Welch & Stewart have the contract for building the Lard-Trout Lake branch of the Canadian Pacific. They have sub-let the grading to mayor Carlson of Kaslo and the bridging to Porter Brothers, of Spokane.

Trouble Over Enumerators' Pay.
The trouble which has developed in the east over the remuneration of census enumerators is causing the enumerators in this district some uneasiness. When the work was started there was a rather general understanding that the pay would

Mrs. E. C. Clarke will give a social at the Queen's on Tuesday evening in honor of Mr. and Mrs. Colin G. Brown of Rossland.

A HEALTH TALK.
Miss Ball of the Canadian Viavi Co. will give another of those illustrated Health Talks in the opera house Friday, May 17, at 3 p.m. The talks are instructive, and on subjects of vital importance to women. No admission charged, but a collection will be taken to defray expenses.

Your Eyes and Our Optical Department

CHAPTER I.
The greatest consideration with most men is "How to get a living" for themselves and families—then how to assist their children to be self supporting.
In the keenness of modern competition every disadvantage tells, and none more seriously than poor sight. From it children miss black-board lessons. Study is painful and becomes disliked. Minds are blunted for eye faults. Vitality, which should be used in building bodies and minds, is exhausted in efforts to see. The crisis of eyestrain increases as maturity is reached, blighting lives and debarring the success which might otherwise have been attained.
Modern science has, by the aid of properly adjusted glasses, worked miracles in relieving eyestrain and perfecting sight.
To understand how we see is to realize the importance of perfect sight.

CITY LOCAL NEWS

Born, in Nelson, on Monday, to the wife of Robert Shiell, a daughter.

There are five cases of scarlet fever quarantined in Nelson. With one exception they are all very mild forms of the disease.

If "Bob" Lemon lives ten years and holds down his present job that long, the government grounds at Nelson will be a thing of beauty.

John McLeod has secured the contract for the plastering on the residences which alderman J. A. Irving and Robert Robinson have in course of erection.

Within the past few days the Canadian Pacific land department has sold 1000 acres of farming land in the vicinity of Procter, and the demand is by no means satisfied.

P. Burns & Co. have received a car of poultry over the Canadian Pacific from Omaha which covered the ground quicker than the mail service, the goods arriving in Nelson ahead of the manifest.

Thomas Henderson, formerly a train dispatcher on the C. P. R. and lately a clerk in the office of P. Burns & Co., goes into the office of the mining recorder at Nelson today as a permanent clerk.

T. A. Kelley, manager of the Anglo-American hotel at Anisworth, says that that camp is now depending on its dry ore, for which there will always be a good demand at the smelters in Kootenay.

A Scotch concert will be given in the opera house on Monday evening next under the auspices of the Nelson St. Andrew's society, when Gavin Spence and Flora Macdonald, the well-known Scotch entertainers, will appear in vocal numbers.

The Nelson hotel is to again change owners. A. H. Clements has disposed of his interest to Arthur K. Vaughn, who for two years or more has been a popular employee at the Manhattan saloon. Mr. Clements will spend the summer in sight-seeing.

THE TRIBUNE is the only mining paper in Kootenay that gets the full Associated Press reports, and it is the only paper in Nelson that gets any Associated Press reports. Hence it is the only daily paper that has any circulation to speak of in all that vast region of which Nelson is the commercial center.

The Osler vs. Moore case is the next on the list at the supreme court sittings. This is a suit to recover 10 per cent commission upon the sale of the California mineral claim near Nelson. The sale was put through upon a basis of \$50,000 in stock and \$3000 cash, but work upon the property has been suspended.

J. Darvell, who was formerly employed by the Hall Mining and Smelting Company, entered suit against the company in the small debts court yesterday to recover the sum of \$23.30 alleged to be due him for wages. The company has a counter claim of damages against Darvell for machinery broken by him. R. A. Macdonald, who appeared for the defendant company, secured an adjournment of the small debts court action in order to have the case transferred to the county court.

Association Football Organization
Enthusiasts who know football when they see it played met at the Hotel Hume last night and organized a club for the season. The officers elected are: Honorary president, Dr. Hall; president, N. T. Macleod; vice-president, Dr. Mc-
