NELSON, B. C., TUESDAY, JUNE 25, 1901

NINTH YEAR.

PRICE FIVE CENTS

PROPERLY TURNED DOWN

THIS POWER COMPANY KNOWS A GOOD THING.

Offers \$50,000 for a Light Plant With an Earning Capacity of \$24,000 Per Annum.

At a meeting of the city council last evening a proposal was submitted from the West Kootenay Power & Light Co. for the purchase of the city's electric light plant and a franchise to do business in the city. The offer was in the nature of a feeler, and was treated as a joke by every member of the council, it being the general opinion that when the power company was prepared to do business something very different from the offer submitted would be forthcoming. The proposition which the power company made to the city council was as follows:

Gentlemen—On behalf of the West Kootenay Power & Light Co., I beg to submit a proposition to you for the furnishing of light and power for your city.

Our company has gone to a very large expense in developing the water power on the Kootenay river, at Bonnington Falls, not far from the city of Nelson, and at the present moment are engaged in enlarging our plant so as to be able hereafter to furnish power and light throughout West Kootenay at the lowest possible cost to consumers. Our company feels that, owing to the pioneer character of the undertaking and the large risk assumed from the start in the development of this power when the market for it was a very uncertain quantity, and further owing to the first-class plant we erect as any in Canada, which has been erected, that it is entitled to and should receive the good will of the whole community, and where practicable should be encouraged in the extension and growth of its business.

In regard to the lighting of the city of Nelson, while great credit is due to those who succeeded in supplying light through the present plant at a certain period of the existence of the city, still it must be conceded that in view of its recent rapid growth and the important position it now occupies as a center of business and population, that the present system is totally inadequate and really does not do justice to a place of the importance of Nelson. The fact that at certain seasons of the year the lights are turned out upon the use of Cottonwood creek was washed out altogether, thus rendering the city entirely without light for several weeks, and further that the power is not sufficient to furnish a proper system of arc lights for the streets of the city, seem to render it quite plain that a change of some kind must be made and that very quickly.

Another very important feature for your consideration is that if you desire to render your city attractive for manufacturing enterprises it is absolutely necessary to be able to supply the great modern factor of electric power, which is not only more convenient, but more economical to use than steam; thus would furnish an important inducement to manufacturers to establish plants in your midst and to encourage pay rolls and increase and promote prosperity. It is needless to say that to the ordinary visitor the lighting of the streets by incandescent lamps appears to be very primitive and behind the times. It would certainly be only justice to the real merits of Nelson that its streets should be lighted by a first-class system of arc lights. We have given light matter of the lighting of Nelson a great deal of consideration and desire to make an offer to you which will commend itself for liberality and reasonableness, not only to your honorable body, but to every business man in the city.

We have examined your present plant and have no hesitation in saying that we could replace the same by more modern machinery and furnish the same number of arc lights at a cost less than \$20,000, but we would give the expenditure which has been made by the city, and therefore propose to take a very broad view of the proposition. We will give you for the entire plant, upon the terms hereinafter mentioned, \$50,000 in cash, payable as follows: \$5000 upon a transfer being made and \$5000 per year for nine years, with interest at the rate of five per cent per annum, with the right to the company to pay the whole or any part of the amount in addition to the company will agree to furnish the power for 50 arc lights for the streets of Nelson for five years free of charge to the city; the city, however, to install and maintain its own lamps at its own expense. The company to receive a franchise for erecting poles throughout the streets of the city and to string and maintain the wires thereon for furnishing lights and power to the inhabitants. All poles, wiring and other work done by the company to be of the best quality and workmanship. We also ask for an exemption from taxation for five years. If this proposition should be accepted the city would derive many advantages.

First—It would enjoy a first-class, continuous electric light service during night and day with shut-off on account of lack of power or other causes.

Second—You would have what the people are clearly entitled to, namely, the appearance and protection of a modern, up-to-date city, with its streets

illuminated in the best manner by arc lights.

Third—You would furnish a most inviting field for manufacturing enterprises of all kinds, which would do more than anything else for the growth and development of the city.

Fourth—You would have made an excellent and profitable sale of the present plant, which is, as all will admit, quite insufficient for the wants of the city today.

Fifth—Municipal ownership of lighting plants has been proved a failure in the United States, where it has been tried in many places.

A representative of our company will be glad to meet your honorable body, or any committee thereof, at any time to discuss the question. But for business reasons we would feel obliged if prompt action were taken. Yours respectfully, WEST KOOTENAY POWER & LIGHT CO., LIMITED.

L. A. Campbell, General Manager.

When the proposition was read Alderman Paterson suggested that consideration of the offer be held over until the matter of the ownership of the power site on Kootenay river should be decided.

Alderman Selous observed that upon the face of the offer there were one or two very obvious questions which would have to be cleared up before the council could even entertain the offer. One was whether in the offer of \$50,000 the power company expected to get the electric light company's water right on Cottonwood creek.

L. A. Campbell, who with Chester Glass and W. A. Macdonald appeared on behalf of the power company, replied that this would be a matter to be arranged. He said that he did not think that the company wanted the water.

Mayor Fletcher rejoined that in any event the city would not be in a position to make any disposition of the water right until the council had decided.

Alderman Selous then added that the company's offer was really one for the purchase of the city plant, and for a franchise to do business in the city.

Mayor Fletcher remarked that even in this shape it was a very large question for the council to dispose of. The city plant was already earning a revenue of \$21,000 a year, and in view of this he did not think that the present or any other city council or the people of the city would for one moment entertain the proposal to sell the same for \$50,000.

Alderman Hamilton suggested that the proposal be referred to the fire, water and light committee as a first step.

Mayor Fletcher concurred in this, and upon the report of the committee he thought the council could be disposed of.

Alderman Hamilton then made a formal motion for a recess of the council for the committee, which was seconded by Alderman Paterson and agreed to.

W. A. Macdonald then addressed the council and urged that the offer of the power company receive the earliest possible consideration, as the company was spending a large sum of money in improvements and was naturally anxious to know as soon as possible where it was likely to be able to dispose of power.

Mayor Fletcher in reply said he did not think that either the council or the people would entertain the proposal made for one moment. The committee, however, could submit its report upon the offer made and then the council would give its reply. For this purpose a special meeting of the council could be called if necessary.

W. A. Macdonald then asked if it would be possible to have a meeting of the committee on the following day, in order that Mr. Glass could be present and furnish the committee with any information which might be required.

Alderman Paterson in reply said that in any event the committee would not give up the broad question of selling the plant on the offer made.

Mayor Fletcher added that the council would not entertain any proposal to sell the franchise of the old light company. The city required all the water in Cottonwood creek. The power company in his opinion simply desired an entrance into the city so that it could be a lighting business. Nothing else could be entered into with its reply. For this purpose 10 per cent of the people's vote for any by-law which contemplated the giving away of any water rights which the city held. All that the power company could hope for in any event would be a franchise to do business in the city. It was a question whether the power company should be admitted, and if this was decided in the affirmative the council should consider whether it should be admitted.

Alderman Irving, chairman of the fire, water and light committee, said he did not think it would be convenient for the committee to meet tomorrow, and when it did meet it would simply take up the broad question of the sale of the plant, so that expert opinions would not be required. With this the representatives of the power company retired and the subject dropped.

Klondike Gold Receipts.

SEATTLE, June 24.—Gold receipts by the Dolphin from the Klondike this morning are: Canadian Bank of Commerce, \$1,000,000; individual dust, \$350,000; shipped via St. Michael on the 12th inst., \$2,500,000; on the way up the river, (estimated), \$1,000,000. Alaska's output from the spring clean-up has started in a steady flow to Seattle. Over three tons of gold, or \$2,500,000, is on its way down the Yukon. It will be brought from St. Michael, probably on the Roanoke, on the 20th or 21st, on its way up the Yukon from Dawson.

Sending the Bodies Home.

DAWSON, June 14, via Seattle, June 24.—Bodies of several people who died in Dawson last winter are to start for the outside within a few weeks. They are all to be taken to their old homes for interment.

TWO HUNDRED LIVES REPORTED LOST

And \$2,500,000 of Property Destroyed

NEW YORK, June 24.—Mayor Land of Bluefields, W. Va., wires as follows: "It is estimated that 200 lives were lost in the Elkhorn flood. The damage to the Norfolk & Western railway is estimated at a half million dollars and to the coal companies and individuals at \$2,000,000. There is no communication with any point further down the valley than Elkhorn. I am unable to tell whether outside assistance will be needed until further information comes in."

RICHMOND, Va., June 24.—A special to the Dispatch from a reliable correspondent at Bluefields says all the news so far is based largely on rumor; that the facts can't yet be obtained and it is probable the reports are exaggerated.

ROANOKE, Va., June 24.—Passengers who arrived here this morning, having walked 11 miles from Vivian to the small town of Ennis to get the train for this city, declare that the number of deaths has been exaggerated in their opinion, and feel confident that not more than 100 people have lost their lives. The mountain districts lying back from the railroads probably have suffered heavily and the exact loss of life will not be known for several days.

A railroad man at Vivian told the Associated Press correspondent that the rain started Friday night in moderation, but shortly after midnight the heavens seemed to open and pour forth great volumes of water. When the cloud burst over the town of Vivian there was a passenger train standing in the railroad yard. About 40 passengers, of whom three were women, were in the cars. The water rose rapidly and soon was over the wheels. Houses and cars

were being washed about before the frightened passengers. They were thrown from the cars and the male passengers caught them and waded through the water waist deep to places of safety around the coke ovens and on the hills.

Norfolk & Western officials here say that owing to the wires being down and no direct communication they are unable to estimate the damage caused by the flood in the coal fields. They do not believe the damage to property will amount to \$2,000,000, as at first reported. The number of 200 lives were lost is now thought to be too great.

When the passenger train from the west over the Norfolk & Western railway arrived this morning there were many people at the station who had waited anxiously all night for the belated news carrier from the devastated coal fields of West Virginia. Among those on this train who had been in the storm were a prominent business man of Roanoke, several railroad men, seven women and two children. They came direct to Roanoke from Vivian and were compelled to walk 11 miles to Ennis, where they were enabled to get a train for this city. The passengers feel confident that no more than 100 people have lost their lives. When the men waded from the train at Vivian the ladies were too much frightened to get into the water and were placed on the tender of the engine, where they were safe. Other portions of the railroad yards were washed out and a hundred box cars were wrecked. The house in which the trainmaster at Vivian lived was washed away. A young son of the section master rode on the driftwood about four miles and was then lodged in a tree, from which he was rescued.

A colored section hand was drowned. The train crossed falling about 9 o'clock Saturday morning. There has been no rain since and the streams are gradually falling. A big furniture store and a large clothing house were washed away at Vivian as were also about a dozen small dwellings in the lower portion of the village. Three dead bodies were seen by colored men at Eckman and three

colored and one white corpse at Empire. Two bridges were washed away at Vivian and another at North Fork Junction and three persons are reported to have been drowned near the latter place. All the bridges and trestle work has been washed away on the Commons River branch of the Norfolk & Western system. All telegraph lines are down and tracks are badly washed out on this division. The people who came from Vivian did not come through the town of Keystone, but around it. They state, however, that the damage done there is nothing like as great as reported. They think not more than a dozen houses were washed away. They cannot say how many, if any, lives were lost at Keystone.

As to the 10 miles of railroad between Vivian and Ennis it is stated there is not 100 yards of track in one place and it is thought this division will not be repaired for a fortnight. Fifty people walked over this washed-out track to get from Vivian and Ennis. The damage done all over the coal fields is immense, but everyone seems to have been too greatly excited and too anxious to get away to take time to inquire into the affairs of their neighbors. It is certain, however, that much valuable machinery has been washed away. Many of the wrecked cars along the Elkhorn valley have been washed down the river and probably will be a total loss. East of Ennis the train had little trouble getting through to Bluefields. Two bridges are gone between Vivian and Welsh. At Shawnee the Shawnee Coal company lost all their mine mules, which were in the stable when the storm swept down on them. A report from Keystone has it that a mob of negroes there refuse to work for 24 days, but are loafing around and watching their chances to steal from the debris. Another report says the number of dead there is 17 and that of this number 10 have been buried. Newspaper men have gone to the coal fields to get reliable information, and it is expected that something definite will be known within the next 24 hours.

A PLAQUE SHIP ARRIVES

QUARANTINED AT SAN DIEGO, CALIFORNIA.

Said to Have Been Six Deaths on the Voyage, All but One Being Members of the Crew.

WASHINGTON, June 24.—Surgeon general Wymann of the marine hospital today was informed by Dr. McKay, quarantine officer at San Diego, Cal., of the arrival at that port of a plague-infected ship. The vessel is the British steamer Carlisle City, which sailed from Hong Kong on May 16 and coming via Yokohama and Honolulu, reached San Diego late Saturday. Dr. McKay reports that there were six deaths en route, five of which were certainly caused by plague and the sixth is supposed to have been. All the deaths out one were among members of the crew, the exception being a Chinese stevedore passenger. Dr. McKay reports that all the others on board are in good health. Nevertheless the vessel is being thoroughly disinfected and kept well away from the wharf so as to prevent the escape of rats as well as of persons. Dr. McKay says that dead rats were found on the ship before the sickness made its appearance. The crew of the Carlisle City consisted of eight European and 44 Chinese. The vessel carried one European cabin passenger and 12 Chinese steerage passengers.

SAN DIEGO, Cal., June 24.—The British ship Carlisle City, which arrived here Saturday from Hong Kong, is still delayed in quarantine. The death of six Chinese on the voyage occurred under circumstances which local quarantine officers declared indicated plague. There was no sickness on the vessel when she arrived and none has since developed. She lies several miles from the city and every precaution is being taken to prevent any person on board from coming ashore. There is no alarm here, as it is not believed that even if the vessel is now infected the disease can be communicated to the mainland. Some surprise is expressed here that the disease which appeared on the Carlisle City should be positively declared to have been plague. There was no physician on the vessel and the bodies of the dead were thrown overboard, the last one several days before the ship reached port.

Sheriff Friendly to Strikers.

MATTEWAN, V. Va., June 24.—No developments of a serious nature were reported Sunday at the scene of the strike in the Thacker Meadows coal fields. At a secret caucus held at Thacker Saturday night it is understood that vigorous expressions were made by strikers in condemnation of Judge Jackson's sweeping injunctions, but the conservatives were in the majority and no plan of campaign was mapped out looking to any trespass on its conditions. However, the statement is made that the men at work, representing a small percentage of the 2000 involved, would be pressed to units with

the strikers. While the injunction was made effective Friday, the defendants in equity were not formally served until this morning. The service of summons met with no objection, and although the officers were greeted with jeers and imprecations of "government by injunction." To add to the seriousness of the situation Sheriff Hatfield and a force of picked men who reported for guard duty at the mines have refused to serve.

PACIFIC DIVISION IS QUIET

SUPERINTENDENT MARPOLE ON STRIKE SITUATION.

Ontario Newspaper Editorially Discusses Trackmen's Action and Its Inconsistencies.

KAMLOOPS, June 24.—In an interview with general superintendent Marpole this morning he says: "Section men all over the Pacific division are most orderly and quiet and anxious for a termination of the trouble. Intimidation was attempted by brigades near North Bend, but the opportune presence of special constables, accompanied by the chief engineer, prevented trouble. Loyal men to the company have been threatened time and again by irresponsible individuals and members of extra gangs, who are mostly foreigners, but not a case is known where section men have directly interfered in any way, much to their credit, and they are carrying out their promises to the officials of the company."

TORONTO, June 24.—Under the heading "He Queers His Case" the Hamilton Herald has the following editorial remarks on the trackmen's strike.

John T. Wilson, president of the Brotherhood of Railway Trackmen, has made certain statements for publication which cannot fail to damage the case of the striking C. P. R. trackmen. He admitted that the C. P. R. Company had been paying higher wages to its track forces than wages paid for track services on other roads. "We do not propose to discuss conditions on other roads," said Mr. Wilson. "The question is, is the C. P. R. paying its men a fair share of the wealth they are helping their country create?" The Brotherhood of Railway Trackmen is an international organization. Almost all its officers are Americans. Mr. Wilson, the executive head, is himself an American. This American executive has ordered a strike of men employed on the C. P. R. and it has done so in spite of the fact, admitted by president Wilson to be a fact, that C. P. R. trackmen have been getting higher pay than trackmen on American railways. This admission suggests some questions which Canadian people would like to have satisfactorily answered before deciding that their sympathy is due to the men on strike. Does the Brotherhood or its executive desire a general and equitable increase in wages of railway trackmen? If so, does it think that the best plan to secure such an increase is to begin by ordering the best paid trackmen to strike for higher pay? If C. P. R. trackmen are inadequately paid, American railways are, according to president Wilson, still more inadequately paid. Would it not have been fairer all round to level the pay of American trackmen to the C. P. R. standard before attempting to force the C. P. R. to raise the standard? Is it not a principle of trade unionism that the best way to cause a

Eastern Canadian News

Wired in Brief.

BROCKVILLE, Ont., June 24.—Venerable archdeacon Bedford Jones died Saturday at Danville, N. Y.

HAMILTON, Ont., June 24.—The Hessian fly is doing a great deal of damage in the growing wheat in the surrounding country.

DRUMBO, Ont., June 24.—News from Wharton, Wingham and Camilla report serious damage to farm property and growing grain and crops by a storm which was felt with cyclonic force at Drumbo Saturday night.

MONTREAL, June 24.—Ninety infants died in Montreal last week of infantile debility. Health officers say the principal cause of the awful mortality is ignorance on the part of mothers and carelessness in feeding.

DRUMBO, Ont., June 24.—A cyclone passed immediately north of this place about 7 o'clock Saturday night, taking everything in its path. No lives were lost, but much property was damaged and orchards and crops injured.

PORT COLBORNE, Ont., June 24.—The Lord's Day Alliance has taken proceedings against the captain of the steamer Pennsylvania for alleged infringement of the laws of Ontario by running Sunday excursions from here to Buffalo.

CLARKSBURG, Ont., June 24.—Joseph Smit, a highly respected resident of this place, was instantly killed Saturday. The horses which he was driving became frightened, ran away and threw him out of the wagon, the front wheels of which passed over him with fatal results.

TORONTO, June 24.—A gentleman from the northern part of the province is reported to have won \$3800 at a game of poker after 48 hours' constant play at a down town hotel last week. During the play no solid food was eaten and that morphia had to be injected into him to sustain his strength. Police prosecution is likely.

SAW LARGE ORE SUPPLIES

AND SMELTERS THAT WERE DOING REMARKABLE WORK

All in a Country That is Being Decried as One of the Worst Governed on Earth.

On his return East, Dr. Ledoux of New York stopped for a day in Spokane and was interviewed by the Review. A portion of the interview is given below:

"The object of my visit to British Columbia was to look over the copper camps and smelters in order to be able to tell the people who are buying this material in Europe and the east, what are their prospects of continuing to get this supply.

"In Europe especially, where this copper matte is bought, it is a custom of the buyer to see copper against their purchases, so that when they make a contract for a year's supply of copper and sell the equivalent amount ahead they want to be sure they are going to get it.

"As far as the smelters that I have visited are concerned, at Trull, Grand Forks and Greenwood they are probably doing the cheapest work of any smelters north of Arizona. Most of the ore in the Boundary district is of this quality, so that no barren iron or lime is necessary. They are smelting from 350 to 400 tons per day through single furnaces, which under ordinary conditions would only handle 250 tons. This is entirely due to the fortunate character of the ore.

"The next most important question is the supply of ore for those smelters. On this point, I examined some of the most important mines in each camp, such as the Le Roi at Rossland and the Granby company mines at Phoenix.

"As far as the Le Roi is concerned, I not only saw large ore reserves as far as I could see on a flying visit, but was especially pleased with the character of the work underground and the economy and ingenuity displayed in the construction and operation of overhead work.

"The mines at Phoenix show even larger bodies of low grade ore than I had expected. In the Ironsides and Knob Hill one finds it possible to measure up ore in sight by the million tons. "Were it not for the intelligent and liberal co-operation on the part of the railroads, even the very cheap smelting and large ore bodies would not be sufficient to bear the expense of treatment. But with the co-operation of the railroads the future of the Boundary country seems to me to be on a solid basis.

"The copper produced from the British Columbia ores finds a ready market in Europe than the product of some other countries, because the ores are free from arsenic and other impurities which seriously affect the quality of the metal itself, as additional furnaces and converters are being added. By that time they will be smelting over 1000 tons daily.

"Speaking of our direct interests in the Boundary country, I will say that we handle from 2,000,000 to 5,000,000 pounds of copper matte per month. This means that we handle \$250,000 worth of the product each month.

"Our firm handles practically the entire copper product of Arizona, and a very considerable part of that of Mexico and of Montana."

Bad Toothache Medicine.

ST. LOUIS, Mo., June 24.—Cora Strickley of this place got a bottle of chloroform to stop a toothache. She was shaking the bottle, when the cork flew out and a quantity of the liquid was thrown into her eyes. Physicians are unable to say whether her sight will be destroyed. Loyd Buxton of Chicago tried to burn the nerve out of a tooth. He put the head of a match in the cavity and lighted it with a heated wire. He was thrown into convulsions. Buxton had the tooth attended to in the usual manner when he recovered.

Dunkin' Repeal Too Much.

DANVILLE, Que., June 24.—G. G. Goodhue, a wealthy farmer, committed suicide this morning by hanging himself. He left a lengthy will, as saying he feared he would be killed and had decided to anticipate such an event. He was a prominent temperance man and was greatly affected by the recent repeal of the Dunkin' temperance act. He was one of its chief upholders and had personally secured many convictions for its violation.

The Oarsmen.

HENLEY, June 24.—Some fast trials were accomplished here this afternoon, the Pennsylvania crew doing the best, covering the full course in 7 minutes, 3 1/2 seconds, and had the course in 3 minutes 25 seconds. Starting at 40 to the minute, the Americans never got below 37 and some times spurred to 42. A number of British oarsmen who accompanied the Americans consider the trial a remarkable one. The Pennsylvanians were all in the means they tried to proceed to their boat house half a mile further on before stopping. The conditions of wind and water were not favorable to the oarsmen. The leaders did the course in 7 minutes 35 seconds, so the Americans' chances are regarded as good.

THE HUDSON'S BAY COMPANY

Incorporated 1873.

FORGET

How old you are. Forget your wife's name. Forget how many children you have.

BUT DON'T FORGET

That the Hudson's Bay Stores (Telephone No. 18.)

PLANOS TO RENT. NELSON, B. C.

is the Western Federation of Miners. Mr. Joyce will address a public meeting here tonight, and our people will have a chance to size him up for themselves.

POPULAR M. P. BANQUETED

Our Own "Big Bill" Caned (Ottawa Free Press, 18th.) Joyful was the greeting at the festive board at the Hotel Cecil last evening when the fellow guests of Mr. W. A. Gallinger, M. P. for Yale and Cariboo, tendered him a complimentary dinner. There was a large number present and a most enjoyable time was spent. The menu was excellent and the card was unique. It was prettily arranged with green covering bearing a harp and on one corner was tied a piece of lead.

The following was the menu: Anchovy Salad, Consomme, Vermicelle, Botted Sea Salmon, Tartar Sauce, Mixed Chicken on Toast with Spinach, Roast Spring Lamb, Mint Sauce, Everard Mayonnaise, Deviled Crabs in the Shell, English Plum Pudding, Ice Cream, Assorted Cakes, Strawberries and Cream, Cafe Noir.

After doing full justice to the repast a pleasant time was spent in speech-making. A. E. Lusler was chairman with Mr. Gallinger to his right and J. Gensinger to his left. In a short complimentary address Mr. Lusler proposed the health of the guest, which was heartily honored. Mr. Gallinger replied by a speech in which he reviewed the happy sojourn he had made in Ottawa and assured the gathering that he would take back to the city as kind recollections of his many good friends in Ottawa. He hoped to return next session and meet the same old boys who have tendered him this banquet.

Complimentary speeches were delivered by R. H. Motz, W. A. Hopkins, R. McDonald, Colonel Johnson, J. M. McCombie, Dr. MacCarthy, C. F. King, H. W. May, James Templeton and J. Buchanan. At the conclusion of speeches G. P. Gallagher, who was vice-chairman, rose and on behalf of the other guests presented Mr. Gallinger with a gold-headed cane. Mr. Gallinger in return thanked the donors for their gift and hoped to return to the city and Hotel Cecil next session. The gathering, which was an exceedingly pleasant one, broke up about 11 o'clock after singing the National Anthem. Mr. Gallinger is extremely popular among his associates and during his stay in the Capital made many friends. He left for his home to-day.

Lessons of the Boer War.

LONDON, June 24.—An interesting paper written by Jean De Bloch, the Russian councillor of state and member of the Russian ministry of finance, on the lessons of the Transvaal war was read at the United Service Institution today. M. De Bloch declared that the South African war had proved that military service as practiced locally was absurd and the sacrifice made on the continent to support conscription is unnecessary. The war showed that the theatrical spectacles called maneuvers were in no way relative to real warfare. One of the most remarkable features was the constant impossibility of determining the enemy's position. This was not attributable to British defective reconnaissance, but to the new conditions of war. It was not mistakes made by the British nor the qualities of the Boers,

who had shown an entire lack of rational strategy in the tactics which produced the results seen, but smokeless powder and long range quick-firing rifles, which involved dispersion and invisibility to a degree unheard of formerly and to the possibility of providing riflemen with a larger number of cartridges. The action of the artillery in South Africa had been generally absolutely contemptible against an entrenched enemy.

Special Bargains IN Boots and Shoes

Notwithstanding that there are two bankrupt stocks of boots and shoes now being offered in this city, I am prepared to meet the prices listed for same, and as my stock is fresh—just opened up—from the manufacturers, I would solicit an inspection before purchasing.

The results that I have obtained since advertising my discontinuance in business have been most satisfactory. The great variety of my stock of clothing and gents' furnishings, with all prices marked in plain figures, has proven an irresistible factor in securing sales.

Those who have not taken advantage of my reductions should call and compare prices and quotations with those offered in any other store in the city. Everything is offered at eastern wholesale cost.

THEO MADSON Baker Street. Nelson, B. C.

PUBLIC AUCTION

OF VALUABLE REAL PROPERTY, PLANT, STEAM TUG, BARGE, MATERIAL AND FIXTURES.

The undersigned have received instructions from the Ontario Powder Works to offer for sale by public auction in the stable building on Hall street, between Baker and Vernon streets, and known as the Reynolds stables, in the City of Nelson on

TUESDAY, JULY 30th, 1901 At 1 O'Clock P. M., Sharp.

The following desirable improved real estate, steamboat and barge, plant, etc., Site, comprising 125 acres of land, opposite Five-mile Point, with about 500 acres of water front, and good wharf, 12 by 24 feet, with 103 feet of tramway.

Six hundred feet of pipe line, with water right to 21 miner's inches of water. Buildings, eight in number, connected by private telephone line with the City of Nelson, and described as follows: One building 16 x 40 feet, 1 building 16 x 40 feet, 1 building 20 x 20 feet, 1 building 24 x 60 feet, 1 building 20 x 20 feet, 1 workshop 20 x 20 feet, dwelling house 14 x 24 feet.

Steamboat "Red Star" and scow. One 12-horse power boiler and engine, on wheels. One upright boiler with engine and fittings.

About 100 cases of gutta percha fuse, 125,000 detonators, etc. About 90 iron drums, used as oil tanks, culverts and sewage purposes. frankly told Mr. Broderick that his
scheme was the most calculated endeavor
he had yet known to kill the force.
Meantime recruiting for the regular
army continues unsatisfactory and some
additional attractions may have to be
offered if its present strength is to be
maintained.

Tried for Treason.

PARIS, June 24.—The senate assembled
this afternoon in its capacity as a
high court to try the marquis de Sa-
lucés, the well known royalist, and a
former member of the chamber of de-
puties who returned unexpectedly to
Paris about the middle of May, after
having been condemned in January,
1900, in default of appearance, to ten
years' banishment from France for trea-
son. The president of the senate, M. Miller,
presided. The marquis, escorted by
two guards, appeared at the bar of the
house to answer the charge of complicity
in the crimes of high treason and
attempts against the safety of the state
for which M. Drouot de Buffet, Marcel
Habert and Guérin were condemned.
There was no excitement in the vicinity
of the palace where the senate holds
its sittings, as was the case in the ear-
lier trial of the marquis and others
mentioned.

boys to act as selling agents of the Daily Tribune
in every town in Kootenay and Yale districts.

SHERIFF'S SALE

Province of British Columbia, Nelson, West
Kootenay, to wit:
By virtue of a writ of Fieri Facias issued out
of the Supreme Court of British Columbia, at the
suit of J. C. Dreyer, plaintiff, and to me
directed against the goods and chattels of J. Fred
Hitchie, defendant, I have seized and taken in
execution all the right, title and interest of the
said defendant, J. Fred Hitchie, in about one
hundred and forty shares (140) of the Hillside Silver
Mines, Limited, non-personal liability, a com-
pany incorporated under the laws of the Province
of British Columbia, with registered head office at Kaslo,
B. C., and the following shares, to-wit: 100 shares
of \$10.00 each, amounting to said writ of Fieri Facias,
and also interest on five hundred and thirty-six
dollars and forty cents (\$536.40) at the rate of five
per centum per annum from the 24th day of May,
A. D. 1901, until payment, besides sheriff's poundage,
officer's fees, and all other legal incidental
expenses; all of which I shall expose for sale, or
sufficient thereon to satisfy said judgment, debt
and costs at the Court House, in the City of
Kaslo, British Columbia, on Friday, the 5th day
of July, A. D. 1901, at the hour of 12 o'clock, noon.

SHERIFF'S SALE

Province of British Columbia, Nelson, West
Kootenay, to wit:
By virtue of a writ of Fieri Facias issued out
of the British Court of British Columbia at the
suit of Bank of Montreal, plaintiff, and directed
against the goods and chattels of Herbert
Cuthbert, defendant, I have seized and
taken in execution all the right, title and interest
of the said defendant, Herbert Cuthbert, in the
mineral claim known as and called "Blend," sit-
uate on the west fork of Rover creek, and cover-
ing the ground of the "Paymaster" mineral claim,
and recorded in the office of the mining recorder
for the Nelson Mining Division of the West Kootenay
District on the 1st day of June, A. D. 1901, to
recover the sum of Four Hundred and Ninety-
seven dollars and twenty-seven cents (\$497.27)
plus interest on Four Hundred and Ninety-
seven dollars and twenty-seven cents (\$192.27)
at five per centum per annum from the 26th day
of May, 1901, until payment, besides sheriff's
poundage, officer's fees and all other legal incidental
expenses; all of which I shall expose for sale or
sufficient thereon to satisfy said judgment, debt
and costs at my office, next to the Court House,
in the City of Nelson, B. C., on Wednesday, the
3rd day of July, 1901, at the hour of 11 o'clock,
in the forenoon.

THE Mansfield Manufacturing Co.
NELSON, B. C.
To Builders and Contractors
Having taken over the business of the West Kootenay Brick &
Lime Company, Limited, of Nelson, I beg to ask for a continuance
of the patronage which you have heretofore extended them. My
aim will be at all times to supply you with our products at lowest
possible prices. Being in a position to manufacture goods in larger
quantities than before, we shall be able to supply the trade at a
lower figure.
It is our intention to install machinery to manufacture our
marble products, and next season we shall be in a position to supply
these products at reasonable rates.
We shall also keep on hand a stock of Fire Brick, Fire Clay,
Tiles and Cement.
Our Bricks and Lime Rock have taken the First Prizes at the
Spokane Industrial Exposition in 1899 and also this year. We also
secured prizes last year and this year for Ornamental and Building
Stone.
We are prepared to offer special rates to Contractors and
Builders.

AINSWORTH LICENSE DISTRICT.

Notice is hereby given that Marton Petersen
has made application under the provisions of the
"Liquor License Act, 1901," for an hotel license
for the premises described as the Railroaders'
Home, Baker and Stanley streets, in the City of
Nelson, B. C., and a meeting of the Board of
Liquor License Commissioners will be held to
consider such application at the Court House at
the City of Nelson, B. C., on Friday, the 10th day
of July, 1901, at the hour of 8 o'clock in the after-
noon.

NOTICE.

Notice is hereby given that the reservation
placed on that particular parcel of land
which may be described as commencing at the
northwest corner of Township (8) 8th N. &
Kootenay District, which is also the north-
west corner of Block 12, granted to the Nelson and
Fort Sheppard Railway Company by Crown
Grant dated 26th March, 1897, thereon due east
miles; thence due south to the International
Boundary; thence due west along said boundary
40 miles; thence north to the place of commence-
ment, notice whereof was published in the
British Columbia Gazette, and dated 7th May,
1897, is hereby rescinded.

NOTICE OF ASSIGNMENT.

Notice is hereby given that William Graham
Lille and Thomas Lester, late of the City
of Nelson, in the Province of British Columbia,
trading under the firm name and style of Lille
Brothers, Boot and Shoe Dealers, on Baker
Street, in the City of Nelson, have by deed bear-
ing date of the 3rd day of June, 1901, assigned all
their real and personal property, except as therein
mentioned, to Lewis A. Goddolt, of the City of
Toronto, in the Province of Ontario, commercial
satisfying trustee and receiver, jointly and well,
with preference or priority the creditors of the
said Lille Brothers and Thomas Lester, their heirs,
executors, administrators and assigns. All
persons having claims against the said firm of
Lille Brothers or against the said William
Graham Lille or against the said Thomas Lester,
Lille, and the said firm of Lille Brothers, their
heirs, executors, administrators and assigns,
shall send in to the said Lewis A. Goddolt,
trustee, a statement of their claims, with
proofs thereon, on or before the 10th day of July,
1901, and notice is hereby given that after the
said 10th day of July, 1901, the trustee will proceed
to distribute the assets of the said firm of
Lille Brothers, and that the said trustee will
not be responsible for the assets or any part
thereof so distributed to any person or persons,
creditor or creditors, of whom any claim he
shall not then have had notice.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the co-partnership
hitherto existing between the undersigned, by
the style of the Nelson and Fort Sheppard Rail-
way Company, has this day been dissolved by the retirement
of Charles Broderick, who has transferred to John
M. Fraser all his interest in the business, assets,
good will and book accounts.
All persons indebted to the said partnership are
hereby requested to make payment to the said
John M. Fraser, who has assumed and will pay
the liabilities of the partnership, and who will
continue the partnership business.
Witness: JOHN M. FRASER,

SHERIFF'S SALE

Province of British Columbia, Nelson, West
Kootenay, to wit:
By virtue of two writs of Fieri Facias issued
out of the Supreme Court of British Columbia at
the suit of the Harvey Van Norman Company,
Limited, and four each company, plaintiffs, and
to me directed against the goods and chattels of
J. A. MacKinnon & Company, defendants, I have
seized and taken in execution all the right,
title and interest of the said defendant, J. A.
MacKinnon & Company, in and to certain shares
of mineral claim consisting of the mineral claim
of the name of "Hampton" situate on the west
fork of the Slooan City mining division of the dis-
trict of West Kootenay, to recover the sum of
thirteen hundred and eighty-seven dollars and
eighty cents (\$1387.80), amount of said writs of
Fieri Facias, and interest on two hundred and
thirty-seven dollars and twenty-seven cents (\$277.27)
at five per centum per annum from the 3rd day
of January, 1901, until payment, and interest on
three cents (\$114.23) at six per centum per
annum from the 25th day of March, 1901, until
payment, besides sheriff's poundage, officer's fees
and all other legal incidental expenses. All of
which I shall expose for sale, or sufficient there-
on to satisfy said judgment, debt and interest, at
my office, next to the court house, in the city of
Nelson, B. C., on Friday, the 21st day of June,
A. D. 1901, at the hour of eleven o'clock in the
forenoon.

SHERIFF'S SALE

Province of British Columbia, Nelson, West
Kootenay, to wit:
By virtue of two writs of Fieri Facias issued
out of the Supreme Court of British Columbia at
the suit of the Harvey Van Norman Company,
Limited, and four each company, plaintiffs, and
to me directed against the goods and chattels of
J. A. MacKinnon & Company, defendants, I have
seized and taken in execution all the right,
title and interest of the said defendant, J. A.
MacKinnon & Company, in and to certain shares
of mineral claim consisting of the mineral claim
of the name of "Hampton" situate on the west
fork of the Slooan City mining division of the dis-
trict of West Kootenay, to recover the sum of
thirteen hundred and eighty-seven dollars and
eighty cents (\$1387.80), amount of said writs of
Fieri Facias, and interest on two hundred and
thirty-seven dollars and twenty-seven cents (\$277.27)
at five per centum per annum from the 3rd day
of January, 1901, until payment, and interest on
three cents (\$114.23) at six per centum per
annum from the 25th day of March, 1901, until
payment, besides sheriff's poundage, officer's fees
and all other legal incidental expenses. All of
which I shall expose for sale, or sufficient there-
on to satisfy said judgment, debt and interest, at
my office, next to the court house, in the city of
Nelson, B. C., on Friday, the 21st day of June,
A. D. 1901, at the hour of eleven o'clock in the
forenoon.

CITY LOCAL NEWS

N. T. Steeper has contributed \$5 to the celebration fund, and the list is still open.

An effort is being made to raise \$100 additional for prizes for the freemen's races. The amount set apart was \$100.

All the Caledonian games and sports at Nelson on Dominion Day will be according to the rules of the Canadian Athletic Association.

The Kootenay Electric Supply & Construction Company has laid in a stock of colored incandescent lamps for the Dominion Day decorations.

Morris & Rowe's trained animal show is billed for Nelson on the 1st. It has the unqualified endorsement of Nelson's eminent critic, David Mark Carley.

A new crossing is being laid at the Grand Central hotel corner. One of the premises made by H. R. Cameron and John Houston has been carried out.

A. W. Purdy, of J. D. Robertson & Company, left for Kaslo yesterday to supervise the furnishing of the new hotel which Charles Kayps is opening.

Probate has been granted to T. Johnstone of Windermere, on the will of Frank Morigeau, deceased. The estate is returned as under \$300 in value.

Ex-alderman Moore, who returned last night from a short stay at Hazelton last spring, says that baseball teams will be here on Dominion Day from Sandon, Northport and Trill.

Frank Simpson, formerly proprietor of the Grand Central hotel, was married in Victoria last week to Miss Agnes Breakey, and is now on his honeymoon trip through the Pacific coast cities.

After consulting experts, who have taken over a thousand waistband measurements, the sports committee have decided to reduce the waistband measurement for the fat man's race to 48 inches.

At a meeting of the city council last evening aldermen Haufler, Selous and Paterson were appointed a school committee to act with the school trustees in connection with the erection of the proposed new school building.

Provincial constable Young left for Lytton and Howser yesterday morning to inspect the licensed premises in that neighborhood and to serve subpoenas in the speedy trial cases which come before Judge Forin on the 8th ult.

Sheriff Tuck will offer for sale in front of the court house on Wednesday, July 3rd, the interest of J. A. MacKinnon & Company in the Hampton group of claims, situate on Springer creek. The sale is announced for 11 o'clock in the forenoon.

Dr. LaBau, city health officer, says that no steps will be taken at present to establish a quarantine against East Kootenay on account of the recent outbreak of typhoid fever, unless something further is heard from that district. He says that in San Diego, California, there are 175 cases of the disease.

Mothers who intend to enter their babies for the Dominion Day celebration competition for babies are requested to hand in their entries to Mrs. W. A. Macdonald, at her residence, corner of Stanley and Carbonate streets, or to Dr. LaBau, at his office in the Victoria building. A number of entries have already been made.

The household furniture of Mrs. Archibald, and the engineering instruments of Messrs. Archibald & Pearson, will be offered for sale by public auction on the premises, on Wednesday afternoon at 2 o'clock, Charles A. Waterman & Co. have the sale in hand and announce that the goods may be inspected on the premises on the morning of the sale.

A recent issue of the Seattle Times contains a notice of the return from the northern gold fields of Hugh Madden, brother of alderman Madden of this city. Several reports were received from the north of the death of Hugh, but it now appears that he is neither dead nor broke, being credited with having brought home some \$50,000 worth of gold dust from Cape Nome.

Among the latest donations to the Dominion Day celebration prizes are a set of carvers from Lever Bros., the Toronto soap makers, and an eight day clock from Fleischman & Company of Cincinnati, both of which were presented through Watchorn & McIntyre of this city, a box of chocolates from W. G. Browne, and a smoking table from D. McArthur & Company.

J. Loring Stocks, on behalf of the owners of the Victoria block, has presented child Lillie of the fire department with a check for \$25 as an evidence of their appreciation of the services of the fire department at the incipient blaze in the block on Saturday evening. Mr. Stocks was present shortly after the fire broke out and was very favorably impressed with the manner in which the department squelched what might have been a very serious fire.

An election will be held on Saturday to fill the vacancy on the board of school trustees caused by the retirement of George Johnstone. This election is only for the balance of the current year, when the entire board will retire and a new board of five trustees will be elected. At this election the two candidates receiving the higher number of votes will serve for two years, and the other three for one year, after which two and three trustees will be elected alternately each year. Should no other candidate offer for election to fill out the balance of the current year, trustee Johnstone will allow himself to be nominated, but he will not enter a contest for further

honor on the school board. The nominations on Saturday will be held in the Central school at 11 o'clock in the forenoon.

H. A. Higbie of Wellsville, N. Y., is in Nelson on his way to the Hartney group in the Slokan, which is being developed by a Rochester syndicate known as the Hartney Group Mines. During the past twelve months this syndicate has done 1500 feet of work on the property and it is now in fair shape for shipping. On the Hartney the owners have both the Bosun and the Marion ledges, but so far all the work has been done upon what is considered to be the Bosun ledge, it not being opened to a depth of about 300 feet. The ledge is now about five feet wide with a pay-streak varying from six to ten inches.

RAILWAY MEN BLAMELESS

Neil McLennan's Death Accidental.

The coroner's inquest into the circumstances connected with the death of Neil McLennan, in the C. P. R. yard on Friday evening last, resulted in a verdict of accidental death, and in their opinion the engineer and fireman of yard engine No. 584 did all in their power to avert the accident. John Goostry, the fireman on the yard engine, was the principal witness. He testified that on the Friday evening in question engine No. 584 was coming off slip track No. 1 with five loaded box cars and two flats next to the engine, and just when they were on the Cottonwood bridge the witness noticed the deceased come out from between two cars that were standing on the wharf track, which is eight feet away from the slip track. The man appeared to stumble in front of the engine. In the opinion of the fireman the deceased attempted to cross the track in front of the engine. He could not be sure of this, however, as the man just stumbled across the intervening space between the two tracks.

In his opinion the man either fell down in front of the engine or was knocked down by it. He at once told the engineer to stop the train, which the engineer did in about two car lengths. Then he and the engineer went back they found the deceased under the wheels of the front truck of the first flat car. He was held fast, so that it was necessary to jack the car up in order to release him. This work took about 10 or 15 minutes. The man in the opinion of the witness, was never fully conscious and offered no explanation of his actions. At the time of the accident the engine was going at the rate of from five to six miles an hour, and when the deceased stumbled he was about 10 feet from the engine.

D. J. Murray, the driver, testified that he did not see the accused. He corroborated the evidence of his fireman as to the speed at which the train was moving at the time of the accident. He had stopped the train as quickly as possible when the fireman shouted to him to do so. He also assisted in getting the man from between the wheels of the truck of the first car.

Dr. Rose, who was called to attend the wounded man, testified as to the nature of the injuries, and said that death was due to shock.

The jury was composed of Charles A. Waterman, J. A. Paquette, Arthur P. Hay, W. A. Thurman, George W. Jackson and George F. Motion.

SPEDY TRIAL CASES. Peter Kennedy of Fernie was brought before Judge Forin yesterday to elect upon a charge of the theft of \$50. He elected speedy trial, entered a plea of guilty and was sentenced to one month imprisonment. The prisoner is already serving a sentence of two months' imprisonment for the theft of a lamp, so that by comparison the lamp is given a value of \$200.

John Smith of Fernie was up for election upon a charge of stealing an opal ring. He elected speedy trial and entered a plea of not guilty, his trial being fixed for July 8th, when there are a number of other cases to be disposed of.

Napoleon Bodet, who was serving out a six months' sentence at Fernie and escaped from the chain gang, was charged with being at large within Canada, while under sentence of imprisonment, without lawful excuse. He elected speedy trial and was sentenced to one month's imprisonment.

Frank Petch, who was arrested on Sunday evening for accosting women on the streets, was brought before Judge Forin for sentence upon an old charge of theft from the person, upon which he had been allowed to go on suspended sentence. He received a term of two months.

Public Meeting at the Opera House. There will be a public meeting to-night at the opera house, held under the auspices of Trades Council of Nelson. Edward Boyce, president of the Western Federation of Miners, will be the principal speaker. The chair will be taken by C. J. Clayton, president of the Trades and Labor Council, at 8:30 o'clock sharp. The public are cordially invited to be present. Mr. Boyce has the reputation of being one of the ablest labor leaders in the West.
