INDIAN EDUCATION AROUND B. C.

KAMLOOPS

The Indian Education Committee under the chairmanship of Mrs. Mildred Gottfriedson has continued to be very active in Kamloops. Over the past few months the Education Committee has been meeting with the principals in the district and talking about common ideas and problems. Both the Education Committee members and the principals are finding the meetings very useful and it is expected that they will continue.

A school district committee on Indian Education was set up in December. This committee consists of one administrator, one Indian parent and one Indian student from each community in the Kamloops school district. The committee is chaired by Mr. Ray Zacharias, Director of Secondary Education. The purpose of the committee is mainly to supplement the work being done by the Indian Education Committee. Its work will consist mostly of developing new curricula and teacher workshops.

The B. C. Native Women will hold their annual meeting in Kamloops February 17 - 20. The theme of the conference is Education. It is hoped the Jean Cretien, Minister of Indian Affairs and Northern Development, and J. R. Cromb, Director of Education for the Department of Indian Affairs will be in attendance at the conference.

The Williams Lake District Teacher's Association set up a committee last September to look into Indian Education. Their first project was to send out a questionnaire to all teachers and administrators in the district requesting information, ideas, and criticisms of what the district was doing for the Indian students. The results of that questionnaire were compiled along with the results of interviews with a number of individuals involved in Indian Education, including Dr. Lloyd Morin of the B.C.T.F., Mr. Butch Smitheram of the B.C. Non-status Indian Association, Mr. Reg Kelly of the Department of Indian Affairs and Dr. Art More of the Center. From the report, a much greater involvement has grown by the district in Indian Education. In particular, a series of workshops will be held during the spring. The first workshop is this month and will emphasize the cultural backgrounds of the Indian children in the Williams Lake School District. Presentations will be made by Alan Haig-Brown, teacher at Stone Indian Day School, John Rothgen, teacher at Alexis Creek, other teachers and local Indian people. For further information on the work of the committee contact Mr. Alistair Fraser, Box 1869, Williams Lake, or contact Dr. Art More here at the Center.

Also in the Williams Lake area Alan Haig-Brown at Stone Reserve near Hanceville has developed an Adult Education program consisting of twenty films on other Indians of Canada. From this it is hoped that the residents of Stone will see what other Indians in Canada are doing and perhaps will get some ideas about further development of their own community.

PRINCE RUPERT

A new course called Indian Studies has been adopted by the high school in Prince Rupert. The course studies the Canadian Indians with the emphasis on B. C., and in particular with the Lower Skeena. It looks at the archaeological backgrounds, the cultures and the contemporary situation of the Indian people. The course is an elective for high school students and has been accepted by the Department of Education in Victoria. The course was developed by Mr. Fred Sontheim and he is presently teaching it.

SMITHERS

A new Home-School Co-ordinator has been appointed recently in Smithers. She is Shirley Joseph and is from the Hazelton area. Miss Joseph left her job with B. C. Telephone Co., in New Westminster to take the Smithers position.

At Chandler Park Junior Secondary, a Social Studies unit on B. C. Indians is being developed by three of the teachers. This program is in its beginning stages and so we will wait until the next issue to report more full on it.

One of their first projects was the development of an upgrading course for young adults. The course is highly successful and is now enrolling approximately fifty students.

A Resources and Study Center is being set up in the Squamish Band Offices. The Center is for students to study and to have ready access to resource materials related to their school studies. The band is purchasing a number of books for the Center. In addition text books are being loaned by the School District.

A course on Indians of B. C. which will last over two months this spring is being presented at Queen Mary Elementary School. Mr. Dave Henn is giving the course with assistance from a number of teachers in the district.

A series of teacher workshops is being planned this spring under the guidance of Mr. Jim Inkster and the Indian Education Committee. The first workshop was held January 14. The purpose of the workshop was to initially acquaint teachers with some of the problems that Indian students are encountering in the schools and to give them some idea of where they can get further information. It is expected that the workshop will lead to a much larger workshop in which both teachers and Indian parents will get together to work out some of the problems that the students are encountering.

a position so that we have contacts in most B. C. communities. If you would like to contact an Indian person in your area about the background of the local people or about Indian Education, write or call the Center.

Membership in the B.C.N.I.T.A. is open to all Indian people, status or non-status; who possess a teaching certificate of any sort and also Indian people who have made a noteworthy contribution to education. The Boarding Program study continues to progress. If you would like to know more about what we are doing, please write to the Acting Director and we will send you a copy of an interim report. It is expected that during the next two or three months we will be contacting a great number of Indian parents, Indian students, boarding home parents and others who are interested in the problems that boarding home students face.

The Center is about to publish a number of Curriculum units on Indian history and cultures. These units will be described in forthcoming issues of the Newsletter as they are published. DID WE LEAVE YOU OUT

Did we leave you out? If we did, please write or phone to the Center (228-4662), and let us know of the project in Indian Education that you are involved in. We did not leave anyone out intentionally but there is so much going on in B. C. right now, and it is very easy to omit some hard working groups or individuals. We hope that the next Newsletter will contain even more information.
